Lieutenant Simmons of the 95th (Rifles) George Simmons, 2008-04 A subaltern's war in rifle green against the French

George Simmons one of a large family came from a comparatively humble background Like so many of his countrymen of his time he chose a military career fighting Napoleon s French Army He craved action and knew that the place to find it was as one of Wellington s green sharpshooters the famous 95th the Rifles His experiences on campaign and on the battlefield are recounted in detail through his journal and letters to his family Simmons accompanied by his brother Joe fought with the Rifles throughout the war in the Iberian peninsula and over the Pyrenees into the south of France Another brother Maud fought as a red coated infantry officer After Napoleon escaped from Elba Simmons was once more called to the front this time on the bloody and apocalyptic fields outside Waterloo where he was dangerously wounded This is a story of war told by a junior officer at the sharp end of the action on many of the famous battles and assaults of the campaigns in which he took part This Leonaur edition of Simmons story with the text substantially re presented for the modern reader is an essential book for those interested in the Rifles and a vital addition to every library of Napoleonic history The Complete Kincaid of the Rifles-With the 95th (Rifles) During the Napoleonic Wars John Kincaid,2011-07 With the 95th Rifles During the Napoleonic Wars Adventures in the Rifle Brigade Random Shots from a Rifleman Unabridged Unedited and Newly Revised Kincaid s experiences with the famous Rifles John Kincaid s recollections of his time soldiering under Wellington with the famous green coated riflemen of the 95th are perhaps the most famous accounts by an officer of this corps d elite on campaign against Napoleon s French Army during the Peninsular War and in the Campaign of 1815 as the Emperor was finally brought to account at Waterloo His first book Adventures was well received in his own time which led him by public demand as it were to produce a sequel Random Shots Both are included in this special Leonaur edition in their full original texts unlike some editions of Kincaid s works Kincaid was a personable character full of fun and well liked by his brother officers of the 95th Predictably his likeable personality shines through his recollections providing a clear justification for their appeal and popularity For the historian Kincaid was of course the consummate rifleman and his soldiering took him on campaign and onto many of the battlefields of the Peninsular War over the Pyrenees and into Southern France His descriptions of the 95th in action are invaluable as his Waterloo memoir This is a bumper helping of Rifleman Green for every enthusiast to enjoy *Bugler & Officer of the Rifles* William Green,Harry Smith,2006-01 BUGLER BILL GREEN AND HIS OFFICER HARRY SMITH TELL THEIR STORIES OF FIGHTING AGAINST NAPOLEON S ARMY IN SPAIN The 95th Wellington s famous green sharpshooter regiment was unusual in that it prompted several of its officers and men to write their memoirs of the war in the Peninsular against the French These two very different men give us their experiences of campaigning and battles often played out within short steps of each other This book contains two fascinating engaging accounts of shared experiences and contrasting perspectives **With the Rifles to Waterloo** Eric Kentley,2015 A new publication to mark the 200th anniversary of the Battle of Waterloo 32 page booklet covering the causes course and consequences of the 1789 1815 wars **Captain of the 95th Rifles** Jonathan Leach,2005-12-01 A Must for Peninsular War

enthusiasts and all those interested in the famous green Riflemen Captain Leach brings his military experiences during the Napoleonic Wars into sharp relief We share the rigours of campaigning and dangers of the battlefield but his descriptions of the events in the broader military scene and his description of the country through which he journeys assist in bringing the era to life for everyone interested in the adventures of this famous regiment and its men **A British Rifle Man** George Simmons,2012-10-11 Published in 1899 these are the writings of an officer serving under Wellington in the Peninsular War and Waterloo Campaign *The Rifle Brigade Chronicle* Great Britain. Army. Rifle Brigade (Prince Consort's Own),1928

The Battle of Quatre Bras 1815 Mike Robinson,2016-09-02 Major Richard Llewellyn who fought at Quatre Bras wrote in 1837 that Had it not been so closely followed by the victory of Waterloo perhaps the gallant exploits and unexampled bravery that marked that day would have excited even more admiration than was actually associated with it This book stands out from the wealth of Napoleonic literature in that it is the first English language account to focus solely on the battle of Quatre Bras It is based upon extensive research and in many cases unpublished personal accounts from all participating countries as well as a detailed topographic aerial survey of the battlefield These combine to provide a highly personal balanced and authoritative work The author unravels the controversies of a battle where commanders made errors of omission and commission and where cowardice rubbed shoulders with heroism This is the story of a battle that turned a campaign of triumph and disaster It is a story of two great generals but more importantly of the intense human experience of those that they led It is a book that will appeal to both the scholar and the generalist **Random Shots From A Rifleman** Captain Sir John Kincaid,2010-10-13 Sir John Kincaid served in the 95th Rifles later the famed Rifle Brigade throughout the Peninsular War and during the Belgian Campaign This book is a follow up to *Adventures in the Rifle Brigade* whose success spurred the author into publishing a second tome of recollections His style is witty pithy and framed with a long and hard fought insight into the warfare of the period His reminiscences embrace the famed leaders of the period such as Wellington Craufurd Sidney Beckwith et al as well as the common soldiers that he fought with each day Highly recommended **British Rifleman vs French Skirmisher** David Greentree,2020-02-20 The battles between British and French forces during the Peninsular War 1807 14 and the Hundred Days campaign of 1815 saw both sides deploy specialist units of skirmishers trained in marksmanship and open order combat These light troops fulfilled several important roles on the battlefield such as masking large bodies of close order troops as they manoeuvred in battle firing upon enemy troops to provoke them into attacking prematurely and harassing enemy artillery crews and senior officers with aimed fire On occasion the skirmishers were tasked with special missions requiring individual initiative such as the capture or defence of key battlefield positions especially those situated in difficult terrain While Napoleon s skirmishers carried the smoothbore musket notoriously inaccurate and short ranged several elite units fighting for Britain were armed with the rifle a far more accurate weapon that was hampered by a slower rate of fire As well as the legendary 95th Rifles Britain fielded rifle armed German troops of the

60th Regiment and the King's German Legion while France's light troops were fielded in individual companies but also entire regiments. In this study David Greentree assesses the role and effectiveness of rifle-armed British troops and their French open order opponents in three very different encounters: Rolia August 1808 the first British battle of the Peninsular War the struggle for a key bridge at Barba del Puerco March 1810 and the bitter fight for the La Haye Sainte farmhouse during the battle of Waterloo June 1815.

The Rifle Brigade Chronicle for ..., 1928 **The Peninsular Collection: 95th Rifles - 1812 to Waterloo**, 2014-12-19 **The American Sharpe** Gareth Glover, 2016-10-30

Sharpe and his adventures has made the 95th Foot renowned again and the discovery of an unpublished diary by an American from Charleston South Carolina who served despite his father's objections as an officer in this elite regiment has caused great excitement. James Penman Gairdner was born in Charleston South Carolina but he was sent back to the Old Country for his education receiving his schooling at Harrow. After school rather than joining his father's merchant business he decided to become a soldier receiving a commission in the famous 95th Rifles. He subsequently served without a break from the siege of Ciudad Rodrigo in January 1812 until the end of the war in 1814. He then fought in the Waterloo campaign and formed part of the Army of Occupation. He was wounded on three occasions. Throughout his service he kept a journal which he managed to maintain on almost a daily basis. This journal along with a number of letters that he wrote to his family have been edited by renowned historian Gareth Glover and are presented here to the public for the first time. Readers will not find dramatic stories of great battles or adventurous escapades. Instead Gairdner details the everyday life of one of Wellington's soldiers: one of marches and billets of the weather the places and the people of the Iberian Peninsula and of Paris and Occupied France the real nature of soldiering. His diaries also highlight the very strange relationship between these newly independent Americans and the Old Country they had so recently fought with which even allowed for a true American boy to fight in the British Army but not in America.
