A Federal Right to Education Kimberly Jenkins Robinson, 2023-06-13 The United States Supreme Court closed the courthouse door to federal litigation to narrow educational funding and opportunity gaps in schools when it ruled in *San Antonio Independent School District v Rodriguez* in 1973 that the Constitution does not guarantee a right to education Rodriguez pushed reformers back to the state courts where they have had some success in securing reforms to school funding systems through education and equal protection clauses in state constitutions but far less success in changing the basic structure of school funding in ways that would ensure access to equitable and adequate funding for schools

The Indispensable Right Jonathan Turley, 2025-06-03 This book places the current attacks on the right of free speech in their proper historical legal and political context The United States was born in an age of rage and for 250 years we have periodically lost sight of the value of free expression The history of the struggle for free speech is the story of extraordinary people nonconformists who refuse to yield to abusive authority and here is a mosaic of vivid characters and controversies Jonathan Turley takes readers through the figures and failures that have shaped us and then shows the unique dangers of our current moment The alliance of academic media and corporate interests with the government's traditional wish to control speech has put us on an almost irresistible path toward censorship Turley reminds us that we remain a nation grappling with the implications of free expression and with the limits of our tolerance for the speech of others *The Best 382 Colleges, 2018 Edition* Princeton Review, Robert Franek, 2017-09-26 As seen on the TODAY SHOW NO ONE KNOWS COLLEGES LIKE THE PRINCETON REVIEW The Princeton Review's college rankings started in 1992 with surveys from 30 000 students Over 25 years and more than a million student surveys later we stand by our claim that there is no single best college only the best college for you and that this is the book that will help you find it What Makes THE BEST 382 COLLEGES the Most Popular College Guide STRAIGHT FROM STUDENTS TO YOU 382 in depth school profiles based on candid feedback from 137 000 students covering academics administration campus life and financial aid Insights on unique college character social scene and more RANKING LISTS RATINGS SCORES Lists of the top 20 colleges in 62 categories based on students' opinions of academics campus life facilities and much more Ratings for every school on Financial Aid Selectivity and Quality of Life Bonus list of the 200 best value schools featured in Colleges That Pay You Back DETAILED ADMISSIONS INFORMATION The Inside Word on competitive applications test scores tuition and average indebtedness Comprehensive information on
