Right To Hope:

Hope's Ante Floyd Yamyamin, 2012-03-29 Can tragedy ever lead to triumph Can doubts ever propel convictions Can transgressions deliver one into redemption Can gut wrenching agony spark epiphany Can someone ever love another so much that they would be willing to trade places with them even as they are about to die Thom Vines used his decades of spiritual searching and then the horrible pain of losing a child to propel the story of the novel *Hope s Ante* I ve laughed cried questioned believed sat on the edge of my chair in short gone through the gamut of emotions in this roller coaster ride of a read Debbie Thompson **The Economist** ,1916 **Juice** Stephen Becker, 2016-01-12 A corporate executive stands accused of a terrible crime in this searing legal drama from the bestselling author of *A Covenant with Death* The managing director of a popular West Coast television network Joseph Harrison has everything a man could want a successful career a loving family the promise of a bright and prosperous future His life is one happy circumstance after another until the fateful evening he gets behind the wheel after drinking three martinis and hits a pedestrian Arraigned on charges of manslaughter Harrison knows that his perfect world is lost forever But no one seems to think he should pay for his crime Not the chairman of the network s board of directors who immediately hires a slick Hollywood attorney to defend Harrison Not the eyewitnesses to the accident whose testimonies suddenly change when they step inside the courtroom Not even the judge who is pressured by the powerful interests that stand behind the defendant Only Harrison believes that he should face the consequences but is he brave enough to proclaim his guilt when the entire system wants to declare him innocent A dramatic portrait of one man s moral crisis and a blistering indictment of the influence of money and power in America *Juice* is a masterful novel of suspense from one of the twentieth century s most original and captivating authors **California Law Review** ,1927 **The American Friend** ,1900 **Court Appointed** Priscilla Audette, 2015-10-01 Books about death are invariably about life In her book *Memento Mori* Muriel Spark says Death when it approaches ought not to take one by surprise It should be part of the full expectancy of life Without an ever present sense of death life is insipid You might as well live on the whites of eggs In that vein this book deals with the ever present reality of death while concurrently embracing life It celebrates the lives of the greatest generation while alerting aging baby boomers to be aware of what is waiting for them around the next corner As the clients in this book journey through the final stages of their lives toward death and the feeling that time is running out *Hope* the protagonist conversely journeys toward a richer and fuller life As clich d as this sounds this thoughtful book encourages readers to celebrate life and to live each day as the gift it is **Praiseworthy** Alexis Wright, 2023-04-01 The new novel from the internationally acclaimed award winning Australian author Alexis Wright *Praiseworthy* is an epic set in the north of Australia told with the richness of language and scale of imagery for which Alexis Wright has become renowned In a small town dominated by a haze cloud which heralds both an ecological catastrophe and a gathering of the ancestors a crazed visionary seeks out donkeys as the solution to the global climate crisis and the economic

dependency of the Aboriginal people His wife seeks solace from his madness in following the dance of butterflies and scouring the internet to find out how she can seek repatriation for her Aboriginal Chinese family to China One of their sons called Aboriginal Sovereignty is determined to commit suicide The other Tommyhawk wishes his brother dead so that he can pursue his dream of becoming white and powerful This is a novel which pushes allegory and language to its limits a cry of outrage against oppression and disadvantage and a fable for the end of days Praise for Alexis Wright The writing is the best in the country some of the best in the world we call to mind Alexis Wright when they talk about our country s great literary voice Tara June Winch I m awed by the range experiment and political intelligence of Alexis Wright s work from fiction such as *Carpentaria* and *The Swan Book* to her collective memoir of an Aboriginal elder in *Tracker* As essayist activist novelist and oral historian she is vital on the subject of land and people Robert Macfarlane New York Times Book Review [Touchtone "m" for Murder](#) , **The Parliamentary Debates (official Report)**. Cerna,2016-12-05 Over the past sixty years the regional human rights systems have surpassed the UN human rights bodies in affording protection to the victims of human rights violations Most of these systems have courts that are empowered to issue legally binding judgments and reparations for violations of human rights which states have been unwilling to accord the UN system The essays selected for this volume examine the structure and functioning of the principal regional human rights systems in the world today 1 the Inter American Commission and Court of Human Rights 2 the European Court of Human Rights 3 the African Commission and Court of Human and Peoples Rights and 4 the ASEAN Intergovernmental Human Rights Commission These systems guarantee primarily civil and political rights Central to all four systems is the necessity of a democratic form of government to guarantee these rights although not all governments parties to these regional treaties are democracies These articles trace the history of these systems in particular the expansion of their membership to include almost all independent countries in the region and their evolution towards recognition of a right to democracy **Violations of Free Speech and Rights of Labor** United States.
