Right To Tell The Role Of Mass Media In Economic Development

Perry Keller

Right To Tell The Role Of Mass Media In Economic Development:

The Right to Tell Roumeen Islam, 2002 This book explores the role of the news media in promoting equitable economic development and considers the obstacles it faces as a catalyst for change and growth It examines the capacity of investigative journalism to scrutinise public policy and the activities of the corporate sector to facilitate public access to information expose corruption and weak governance and thus promote greater transparency and accountable government It contains contributions from journalists television and newspaper editors economists and academics as well as the winner of the Nobel Prize for Economics Joseph Stiglitz and for Literature Gabriel Garcia Marquez A number of case studies examine the work of the media and the challenges they face in various countries including Thailand Bangladesh Egypt Zimbabwe and the former Soviet Union

The Right to Tell Roumeen Islam, 2003-10 The media industry plays a critical role in any economy It can influence economic political and social outcomes The media serves as a voice of the people and can disseminate important economic information It can promote greater degrees of freedom and can foster a freer flow of information This book is concerned with the factors which determine how the media industry supports economic progress It cites examples which show the value of the information provided by the media Contributors to this publication include Gabriel Garcia Marquez winner of the Nobel Peace Prize for Literature and Colombian journalist and writer Robert J Shiller author of *Irrational Exuberance* and Joseph Stiglitz winner of the Nobel Peace Prize for Economics and Columbia University Professor

Media, Development, and Institutional Change Christopher J. Coyne, Peter T. Leeson, 2009-01-01 Media Development and Institutional Change investigates mass media's profound ability to affect institutional change and economic development The authors use the tools of economics to illuminate the media's role in enabling and inhibiting political economic reforms that promote development The book explores how media can constrain government how governments manipulate media to entrench their power and how private and public media ownership affects a country's ability to prosper The authors identify specific media related policies governments of underdeveloped countries should adopt if they want to grow They illustrate why media freedom is a critical ingredient in the recipe of economic development and why even the best intentioned state involvement in media is more likely to slow prosperity than to enhance it Scholars and students of economics political science and sociology policy makers analysts and others in the development community and academics in media studies will find this book insightful and provocative

Media and Development Martin Scott, 2014-05-08 Media matters From encouraging charitable donations and delivering public health messages to promoting democratic participation and state accountability the media can play a crucial role in development Yet the influence of the media is not always welcome It can also be used as a mechanism of surveillance and control or to disseminate hate speech and propaganda How then should we respond to the growing importance of the media including journalism radio television community media and social media for poverty and inequality The first step is to acquire an informed and critical understanding of the multiple

roles that the media can have in development To help achieve this this book provides concise and original introductions to the study and practice of communication for development C4D media development and media representations of development In doing so it highlights the increasing importance of the media whilst at the same time emphasising the varieties complexities and contingencies of its role in social change The broad and interdisciplinary focus of this book will make it attractive to anyone with an interest in media communication development politics and social change

Markets and Civil Society Victor Pérez-Díaz, 2009-07-01 The nature of the currently emerging European society which includes the economic and social transformation of Eastern and Central European countries has been hotly debated At its center is the relationship between markets and civil society within political and social contexts The contributors to this volume offer perspectives from various disciplines the social sciences conceptual history law economics and from several European countries in order to explore the ways in which markets influence various forms of civil society such as individual freedom social cohesion economic effectiveness and democratic governance and influence the construction of a civil society in a broader sense

Parliaments as Peacebuilders in Conflict-affected Countries Mitchell O'Brien, Rick Stapenhurst, Niall Johnston, 2008-01-01 The changing nature of conflict and the increase in intrastate conflict during the 1990s followed by its slow decline since the turn of the century have led to changing priorities in the field of conflict resolution No longer is the international community solely concerned with resolving existing conflicts it also is managing emerging conflicts to ensure that they do not flare into violent conflict This book outlines some of the strategies parliaments and parliamentarians can adopt to reduce the incidence of conflict and effectively manage conflict when it does emerge It is hoped that by

A Research Agenda for Media Economics Alan B. Albarran, 2019-12-27 Presenting cutting edge thoughts on media economics its history and development and looking forward to its future this timely book investigates the changing face of the field With contributions from some of the most prominent media economics scholars in the world this provocative and visionary Research Agenda covers theory development consumer and audience demand information and cultural goods and technological dimensions

The IMF, the World Bank Group and the Question of Human Rights Bahram Ghazi, 2021-10-25 The IMF The World Bank Group and the Question of Human Rights explores various issues facing international financial institutions and their obligations to adhere to human rights norms Bahram Ghazi gets to the heart of the most important issues facing the global community today namely how to reconcile globalization and the activities of the World Bank and the IMF with the implementation of international human rights rules His comprehensive work explains the relation between economy finance and investments and their impact on the human rights situation Using an interdisciplinary approach the author incorporates historical political economic financial and institutional dimensions into his analysis The IMF The World Bank Group and the Question of Human Rights is the fourth volume to be published in Transnational s International Law and Development series edited by Raj Bhala Published under the Transnational Publishers imprint The

Oxford Handbook of Mexican Politics Roderic Ai Camp, 2012-01-13 Since achieving independence from Spain and establishing its first constitution in 1824 Mexico has experienced numerous political upheavals The country's long and turbulent journey toward democratic representative government has been marked by a tension between centralized autocratic governments historically depicted as a legacy of colonial institutions and federalist structures The years since Mexico's independence have seen a major violent social revolution years of authoritarian rule and finally in the past two decades the introduction of a fair and democratic electoral process Over the course of the thirty-one essays in *The Oxford Handbook of Mexican Politics* some of the world's leading scholars of Mexico will provide a comprehensive view of the remarkable transformation of the nation's political system to a democratic model In turn they will assess the most influential institutions actors policies and issues in its current evolution toward democratic consolidation Following an introduction by Roderic Ai Camp sections will explore the current state of Mexico's political development transformative political institutions the changing roles of the military big business organized labor and the national political elite new political actors including the news media indigenous movements women and drug traffickers electoral politics demographics and political attitudes and policy issues

The Mekong: A Socio-legal Approach to River Basin Development Ben Boer, Philip Hirsch, Fleur Johns, Ben Saul, Natalia Scurrah, 2015-12-22 An international river basin is an ecological system an economic thoroughfare a geographical area a font of life and livelihoods a geopolitical network and often a cultural icon It is also a socio-legal phenomenon This book is the first detailed study of an international river basin from a socio-legal perspective The Mekong River Basin which sustains approximately 70 million people across Cambodia China Laos Myanmar Thailand and Vietnam provides a prime example of the socio-legal complexities of governing a transboundary river and its tributaries The book applies its socio-legal analysis to bring a fresh approach to understanding conflicts surrounding water governance in the Mekong River Basin The authors describe the wide range of uses being made of legal doctrine and legal argument in ongoing disputes surrounding hydropower development in the Basin putting to rest lingering caricatures of a single ASEAN way of navigating conflict They call into question some of the common assumptions concerning the relationship between law and development The book also sheds light on important questions concerning the global hybridization or crossover of public and private power and its ramifications for water governance With current debates and looming conflicts over water governance globally and over shared rivers in particular these issues could not be more pressing

Trust Ownership and the Future of News Gavin Ellis, 2014-06-29 Crumbling business models mean news media structures must change Gavin Ellis explores the past and present use of newspaper trusts drawing on case studies such as the Guardian the Irish Times and the Pulitzer Prize winning Tampa Bay Times to make the case for a form of ownership dedicated to sustaining high quality journalism

What's Really Wrong with the Middle East Brian Whitaker, 2011-08-16 The problems in the Middle East run deeper than dictatorship Inspired by the popular uprising that overthrew Tunisia's president Arabs across the Middle East are demanding

change But achieving real freedom will involve more than the removal of a few dictators Looking beyond the turmoil reported on our TV screens Guardian journalist Brian Whitaker examines the freedom deficit that affects Arabs in their daily lives their struggles against corruption discrimination and bureaucracy and the stifling authoritarianism that pervades homes schools and mosques as well as presidential palaces Drawing on a wealth of new research and wide ranging interviews Whitaker analyses the views of people living in the region and argues that in order to achieve peace prosperity and full participation in today s global economy Arabs should embrace not only political change but far reaching social and cultural change as well

Bad News Anya Schiffrin, 2010-12-07 Leading scholars and journalists assess the media s failure to see the financial crisis coming A sort of All the President s Men for our time Kirkus Reviews Where was the business press in the weeks and months leading up to the deepest financial crisis since the Great Depression As our economy unraveled journalists struggled to keep up with the story of the century grappling with an alphabet soup of derivatives backroom deals and toxic financial instruments But many fault the media itself for having helped to create the bubble in the first place Did the press fail its mandate as an engine of truth by buying into the hubris and exuberance of the preceding decades *Bad News* is a foundational text for navigating a controversy that will be studied for years to come With contributions from leading journalists and academics including Nobel Laureate Joseph Stiglitz International Consortium of Investigative Journalists senior editor Dean Starkman and the New York Times European economics correspondent Peter S Goodman this collection presents a complex debate in a highly accessible format for anyone from curious readers and scholars to journalists themselves And ultimately the questions it raises illuminate the heated debate about the media s role as guardians of our democracy There are three 24 hour financial networks All their slogans are like We know what s going on on Wall Street But then you turn it on during the crisis and they re like We don t know what s going on It d be like turning on the Weather Channel in a hurricane and they re just doing this shuddering Why am I wet What s happening to me And it s so windy Jon Stewart Thorough hard hitting and admirably balanced James Ledbetter editor in charge Reuters *Digital Information Ecosystems* Dominique Augey, 2019-01-23 Digital information particularly for online newsgathering and reporting is an industry fraught with uncertainty and rapid innovation *Digital Information Ecosystems* Smart Press crosses academic knowledge with research by media groups to understand this evolution and analyze the future of the sector including the imminent employment of bots and artificial intelligence The book adopts an original and multidisciplinary approach to this topic combining the science of media economics with the experience of a practicing journalist of a major daily newspaper The result is an essential guide to the opportunities of the media to respond to a changing global digital landscape Independent news reporting is vital in the contemporary democracy the media must itself become a new smart press *The Role of Parliament in Curbing Corruption* Rick Stapenhurst, Niall Johnston, Riccardo Pelizzo, 2006-01-01 In most countries parliament has the constitutional mandate to both oversee government and to hold government to account often audit institutions

ombuds and anti corruption agencies report to parliament as a means of ensuring both their independence from government and reinforcing parliament's position at the apex of accountability institutions At the same time parliaments can also play a key role in promoting accountability through constituency outreach public hearings and parliamentary commissions This title will be of interest to parliamentarians and parliamentary staff development practitioners students of development and those interested in curbing corruption and improving governance in developing and developed countries alike

Handbook of Economic Growth Philippe Aghion, Steven Durlauf, 2005-12-09 The Handbooks in Economics series continues to provide the various branches of economics with handbooks which are definitive reference sources suitable for use by professional researchers advanced graduate students or by those seeking a teaching supplement The Handbook of Economic Growth edited by Philippe Aghion and Steven Durlauf with an introduction by Robert Solow features in depth authoritative survey articles by the leading economists working on growth theory Volume 1A the first in this two volume set covers theories of economic growth the empirics of economic growth and growth policies and mechanisms Volume 1B the second in this two volume set covers technology trade and geography and growth and socio economic development

Doing Development Research Vandana Desai, Rob Potter, 2006-03-15 Doing Development Research is a comprehensive introduction to research in development studies that provides thorough training for anyone carrying out research in developing countries It brings together experts with extensive experience of overseas research presenting an interdisciplinary guide to the core methodologies Informed by years of research experience Doing Development Research draws together many strands of action research and participatory methods demonstrating their diverse applications and showing how they interrelate The text provides an account of the theoretical approaches that underlie development work an explanation of the practical issues involved in planning development research a systematic overview of information and data collecting methods in three sub sections methods of social research and associated forms of analysis using existing knowledge and records disseminating findings research Using clear and uncomplicated language illustrated with appropriate learning features throughout the text guides the researcher through the choice of appropriate methods the implementation of the research and the communication of the findings to a range of audiences This is the essential A Z of development research

Assessment of media development in Jordan based on UNESCO's Media Development Indicators UNESCO, UNESCO Office

Amman, 2015-10-05 **Critical Perspectives on Freedom of the Press and Threats to Journalists** Bridey

Heing, 2018-07-15 In political dictatorships or other forms of authoritarian governance freedoms of the press are often curtailed first before any other liberties are revoked This is because the press is integral to democracy and to keeping citizens informed of important political happenings so that they can become more informed voters In some countries such as Russia journalists face extreme pressure to toe the party line if they speak out against the government they are threatened and can even be killed While most journalists do not fear for their lives in the United States the press has faced increasing

scrutiny from the White House In this text various experts weigh in on this important issue so readers can become more informed about the importance of and the abuses toward a free media *European and International Media Law* Perry Keller, 2011-05-12 *European and International Media Law* considers the rapidly changing relationship between the media and the liberal democratic state It explores key contemporary media issues and captures the extraordinary impact of the liberal media model on European and international law as well as exploring its profound weaknesses
