Worldview of the Word of Faith Movement: Eden Redeemed Mikael Stenhammar,2021-12-16 This volume approaches the Word of Faith as a worldview and analyses the movement through N T Wright s model for worldview analysis in order to provide necessary nuance and complexity to scholarly interpretations of the Word of Faith The reader receives insights into the movement s narrative semiotic practical and propositional dimensions which cumulatively offer a multifaceted understanding of how the Word of Faith interprets reality and engages with the world The analysis shows that there is a narrative core to Word of Faith beliefs in the form of a unique theological story with focus set on the present restoration of Eden s authority and blessings This study demonstrates how the Word of Faith operates as a distinct worldview that parses the world through the lens of faith s causative power to affect a direct correspondence between present reality and Eden s perfection The findings advance a critical and therapeutic approach that acknowledges how the worldview both strengthens and subverts Pentecostalism **JESUS Inc. : Deprogramming from the Word of Faith Movement** T. Collingsworth,2010-10-17 T Dexter Collingsworth s Jesus Inc Deprogramming from the Word of Faith Movement documents the events that led a Word of Faith Church Deacon from the movement to a place of healing It is a certainty that there are good preachers pastors and churches to be found I believe I may be accurate when I say that for every good one there are probably ten churches where the dollar reigns supreme I am sure most believers don t own the type of homes or automobiles or jet planes that these preachers do and they call milking the poor for money they can t afford a love offering but I never have seen a single scripture where Jesus had His hand out for a love offering before He would heal someone not afterward either Man has placed himself on the throne of God and frankly I am incredibly perplexed that He puts up with this Maybe He knows some of these false prophets will repent and return to righteousness Maybe this book will help **The**

Commercial Church Mary Hinton,2011-05-19 In this new book on the rise of commercial black mega churches Mary Hinton examines the rich legacy of the historic black church from the dual perspectives of theology and religious education She explores the new religious models emerging from the tradition of the historic black church and questions whether they are continuing to operate and practice according to the wisdom of this unique form of American religion Two mega church ministries those of T D Jakes and Creflo Dollar are examined in detail with regards to how they align with black church religious history Hinton concludes by proposing that the fastest growing religious phenomenon within and outside of the

black community in the United States the mega church should no longer be analyzed based on size alone Instead Hinton urges readers to consider the ecclesiastical structures of churches in making appropriate assessments in determining should and should not be classified as a commercial church **"Brand® New Theology** McGee, Paula L.,2017-03-16 McGee critiques the popular Health Wealth message so prominently targeted especially to black Christian women She examines the preaching and writing of T D Jakes as the most representative of a new phenomenon the New Black Church a new form of prosperity gospel that signifies what she calls the Wal Martization of religion **Prosperity Gospel?** Christopher Anthony,2025-08-21 This book offers a fresh and challenging analysis of the prosperity gospel by providing both a historical examination of its six theological features and a theological analysis of their interconnected roles Uncovering new sources the author presents a constructive theology of the Word of Faith movement offering a deeper and more precise understanding of its development and function Combining historical and theological methodologies this work makes a significant contribution to the field shedding light on previously unexplored historical roots of Word of Faith theology and revealing their profound theological implications This title is a valuable resource for scholars and practitioners alike especially those interested in the world of Faith theology and its impact on contemporary religious thought *Global Pentecostal and Charismatic Healing* Candy Gunther Brown,2011-02-24 Pentecostal and Charismatic Christianity is a global phenomenon that comprises a quarter of the world s two billion Christians and is growing rapidly This volume reveals that the primary appeal of pentecostalism worldwide is as a religion of healing Contrary to popular stereotypes of flamboyant fraudulent anti medical faith healing televangelists who preach a materialistic health and wealth gospel handle serpents or sensationally exorcize demons this book offers a more nuanced portrait The collected essays illumine local variations hybridities and tensions in practices on six continents and depict the extent of human suffering and powerlessness experienced by people everywhere and the attractiveness to many of a global religious movement that promises material relief by invoking spiritual resources This is the first book of its kind Achieving the twin goals of thick description and comparative analysis of global practices is best achieved by bringing area experts into conversation This volume s distinguished international team of contributors includes sociologists anthropologists historians political scientists theologians and religious studies scholars from North America Europe and Africa Read together these essays set the agenda for a new program of scholarly inquiry into some of the largest forces of change at work in the world today globalization pentecostalism and healing each of which is extremely powerful in itself and which together are reshaping our world in vastly significant ways *A Short History of Global Evangelicalism* Mark Hutchinson,John Wolffe,2012-04-30 An overview of the history of evangelicalism as a global movement from its origins in the eighteenth century to the present *The Divided Mind of the Black Church* Raphael G Warnock,2013-12-06 An altar call to action from the U S senator and senior pastor at Atlanta s Ebenezer Baptist Church Publishers Weekly What is the true nature and mission of the church Is its proper

Christian purpose to save souls or to transform the social order This question is especially fraught when the church is one built by an enslaved people and formed from its beginning at the center of an oppressed community's fight for personhood and freedom Such is the central tension in the identity and mission of the Black church in the United States For decades the Black church and Black theology have held each other at arm's length Black theology has emphasized the role of Christian faith in addressing racism and other forms of oppression arguing that Jesus urged his disciples to seek the freedom of all peoples Meanwhile the Black church even when focused on social concerns has often emphasized personal piety rather than social protest With the rising influence of white evangelicalism biblical fundamentalism and the prosperity gospel the divide has become even more pronounced This book traces the historical significance of the rise and development of Black theology as an important conversation partner for the Black church Calling for honest dialogue between Black and womanist theologians and Black pastors this fresh theological treatment demands a new look at the church's essential mission An informative work for historians theologians and humanities scholars interested in debating what the Black Church needs to be doing in the 21st century *Journal of African American History* As a person who is not Black reading this book provided a learning experience for me I could also see this book serving as a way to spark discussion involving all ethnic groups as to how we can all as fellow Christians blend the goals of saving lost people and moving the culture toward equality for everyone

Theologies of the Gospel in Context David Schnasa Jacobsen, 2017-08-25 Many preachers and teachers of preaching talk about the gospel few name it *Theologies of the Gospel in Context* assembles a gifted group of homiletics who think that preachers need to be able to articulate the gospel not in general but in a certain time and place in context They consider what gospel sounds like for people under oppression in

capitalist economies in neocolonial contexts for survivors of trauma and for disestablished mainline churches marred by racism Preachers will appreciate these preacher scholars desire to articulate the gospel with clarity especially since the term is so often left unexplained Homileticians will see a new genre of doing their work as teachers and researchers in preaching a vision that helps preaching see itself not just as an adjunct to exegesis or communication but a place of doing theology In these pages homiletics is more than technique it is a truly theological discipline **Afro-Pentecostalism** Amos

Yong, Professor of Theology Amos Yong, PH.D., Estrela Alexander, 2011 In 2006 the contemporary American Pentecostal movement celebrated its 100th birthday Over that time its African American sector has been markedly influential not only vis a vis other branches of Pentecostalism but also throughout the Christian church Black Christians have been integrally involved in every aspect of the Pentecostal movement since its inception and have made significant contributions to its founding as well as the evolution of Pentecostal charismatic styles of worship preaching music engagement of social issues and theology Yet despite its being one of the fastest growing segments of the Black Church Afro Pentecostalism has not received the kind of critical attention it deserves Afro Pentecostalism brings together fourteen interdisciplinary scholars to examine different facets of the movement including its early history issues of gender relations with other black denominations intersections with popular culture and missionary activities as well as the movement OCOs distinctive theology Bolstered by editorial introductions to each section the chapters reflect on the state of the movement chart its trajectories discuss pertinent issues and anticipate future developments Contributors Estrela Y Alexander Valerie C Cooper David D Daniels III Louis B Gallien Jr Clarence E Hardy III Dale T Irvin Ogbu U Kalu Leonard Lovett Cecil M Robeck Jr Cheryl J Sanders Craig Scandrett Leatherman William C Turner Jr Frederick L Ware and Amos Yong **Hope on the Brink** Lewis Brogdon, 2013-05-29 African Americans have always wrestled with hopelessness Yet in the face of hopelessness African Americans fought for hope that America can be a land of equality opportunity and justice The fight for hope has been difficult and has taken a toll on African Americans Today the signs of hopelessness abound in black communities across the nation as an increasing number of leaders express concern about a pervasive problem that they could not identify Beyond the continuing injustices and inequities linked to systemic racism they recognize a growing internal apathy in African Americans This internal apathy is nihilism the embrace of nothingness meaninglessness and internalized oppression Nihilism has been slowly emerging since the 1980s and is the reason there is an increasing number of blacks who turn to defeating and destructive behaviors that only worsen their plight In nihilism's wake leaders and communities are left trying to help people who have turned on themselves and abandoned hope that things can get better The first step toward hope requires an understanding of hopelessness Only then can we step into a world that pushes people to the brink and hope to make a difference Hope on the Brink offers an exploration into this hopelessness
