Energy Justice in a Changing Climate Karen Bickerstaff, Gordon Walker, Harriet Bulkeley, 2013-10-10 Energy justice is one of the most critical and yet least developed concepts associated with sustainability Much has been written about the sustainability of low carbon energy systems and policies with an emphasis on environmental economic and geopolitical issues However less attention has been directed at the social and equity implications of these dynamic relations between energy and low carbon objectives the complexity of injustice associated with whole energy systems from extractive industries through to consumption and waste that transcend national boundaries and the social political economic and material processes driving the experience of energy injustice and vulnerability Drawing on a substantial body of original research from an international collaboration of experts this unique collection addresses energy poverty just innovation aesthetic justice and the justice implications of low carbon energy systems and technologies The book offers new thinking on how interactions between climate change energy policy and equity and social justice can be understood and develops a critical agenda for energy justice research

Rethinking Rights and Responsibilities Arthur J. Dyck, 2005-02-08 As members of various and often conflicting communities how do we reconcile what we have come to understand as our human rights with our responsibilities toward one another With the bright thread of individualism woven through the American psyche where can our sense of duty toward others be found What has happened to our love even our concern for our neighbor In this revised edition of his magisterial exploration of these critical questions renowned ethicist Arthur Dyck revisits and profoundly hones his call for the moral bonds of community In all areas of contemporary life be it in business politics health care religion and even in family relationships the right of individuals to consider themselves first has taken precedence over our responsibilities toward others Dyck contends that we must recast the language of rights to take into account our once natural obligations to all the communities of which we are a part *Rethinking Rights and Responsibilities* at the nexus of ethics political theory public policy and law traces how the peculiarly American formulations of the rights of the individual have assaulted our connections with and responsibilities for those around us Dyck critically examines contemporary society and the relationship between responsibilities and rights particularly as they are expressed in medicine and health care to maintain that while indeed rights and responsibilities form the moral bonds of community we must begin with the rudimentary task of taking better care of one another
