**and Rings** Ronald S. Irving, 2004-01-08 This book began life as a set of notes that I developed for a course at the University of Washington entitled Introduction to Modern Algebra for Teachers Originally conceived as a text for future secondary school mathematics teachers it has developed into a book that could serve well as a text in an undergraduate course in abstract algebra or a course designed as an introduction to higher mathematics This book differs from many undergraduate algebra texts in fundamental ways the reasons lie in the book's origin and the goals I set for the course The course is a two quarter sequence required of students intending to fulfill the requirements of the teacher preparation option for our B.A. degree in mathematics or of the teacher preparation minor It is required as well of those intending to matriculate in our university's Master's in Teaching program for secondary mathematics teachers This is the principal course they take

involving abstraction and proof and they come to it with perhaps as little background as a year of calculus and a quarter of linear algebra The mathematical ability of the students varies widely as does their level of mathematical interest

**Games of the North American Indians** Stewart Culin,1975-01-01 The most complete work ever prepared on the subject based on museum collections travel and ethnographic accounts and author's own research Covers over 200 tribes and everything from games of chance and dexterity to such minor amusements as shuttlecock and tipcat Bureau of American Ethnology report worth a substantial sum in original edition 1 112 figures

[The Minds Behind Adventure Games](#) Patrick Hickey, Jr.,2020-01-03 Featuring interviews with the creators of 31 popular video games including Grand Theft Auto Strider Maximum Carnage and Pitfall this book gives a behind the scenes look at the origins of some of the most enjoyable and iconic adventure games of all time Interviewees recount the endless hours of painstaking development the challenges of working with mega publishers the growth of the adventure genre and reveal the creative processes that produced some of the industry's biggest hits cult classics and indie successes

**The Wonder of American Toys, 1920-1950** Charles Dee Sharp,2002 The Wonder of American Toys reflects not only the toys of perhaps the most formative era of American history but what they meant to the children who played with them and to the society that produced them

*The Making Of A Poker Player* Matt Matros,2005 Matros teaches readers his tricks to winning poker through his experiences on the felt Readers meet eccentric and generous poker players in addition to the cardsharps angle shooters and outright cheats that make up this fascinating subculture This is the first book to teach poker through narrative which means that concepts like pot odds and expected value will seem completely natural because they are used in the context of Matros stories The tension and surrealism of Casino poker is vividly recounted and he teaches the knowledge necessary to win excellently
