**Rio Reprisal** Jake Douglas, 1997      **The Diplomatic Protection of Citizens Abroad** Edwin Borchard, 1915      *Head West!* Ben Bridges, 2018-05-28 The first issue of Piccadilly Publishing's new western themed magazine HEAD WEST contains something for all lovers of the genre Edited by Ben Bridges there are interviews by David Whitehead a feature on creating Piccadilly Publishing covers by artist supreme Tony Masero a personal take on the western by Linda Pendleton a behind the scenes look at PP's first western movie VERMIJO by director Paul Vernon and fiction from the likes of Jake Henry D M McGowan and M James Earl Fully illustrated throughout this is sure to become a collector's item      **Economies of Recycling** Catherine Alexander, Joshua Reno, 2012-08-09 For some recycling is a big business for others a moralised way of engaging with the world But for many this is a dangerous way of earning a living With scrap now being the largest export category from the US to China the sheer scale of this global trade has not yet been clearly identified or analysed Combining fine grained ethnographic analysis with overviews of international material flows Economies of Recycling radically changes the way we understand global and local economies as well as the new social relations and identities created by recycling processes Following global material chains this groundbreaking book reveals astonishing connections between persons households cities and global regions as objects are reworked taken to pieces and traded With case studies from Africa Latin America South Asia China the former Soviet Union North America and Europe this timely collection debunks common linear understandings of production exchange and consumption and argues for a complete re evaluation of North South economic relationships      Decisions and Orders of the National Labor Relations Board United States. National Labor Relations Board, 1987      Within Our Gates Alan Gevinson, 1997 These volumes are endlessly absorbing as an excursion into cultural history and national memory Arthur Schlesinger Jr      British and Foreign State Papers Great Britain. Foreign Office, Great Britain. Foreign and Commonwealth Office, 1869      **Grizzly** L. D. Tetlow, 2000 The normal routine of mining town Beaver Hollow is disrupted by the arrival of a group of men who are plainly not interested in looking for gold Speculations as to their real purpose are made especially when they lay a claim to a long abandoned mine      Regulating Covert Action William Michael Reisman, Reisman, William Michael Reisman, William Michael, Reisman, James E. Baker, 1992-01-01 Covert activity has always been a significant element of international politics This book attempts to assess the lawfulness of covert action under US and international law and faces the implications for democratic states that covert operations pose      **Revista Del Río de La Plata**, 1927 A journal dealing with financial economic and shipping affairs      *Columbia Law Review*, 1921

**Navajo Wars** Frank McNitt, 1990 Originally published in 1972 and out of print since 1979 this book remains the best and most complete synthesis of three centuries of wars between the Navajo and three successive imperial administrations This edition has a new introduction by Indian and western historian Robert M Utley Annotation copyrighted by Book News Inc Portland OR      *The Presidency of James K. Polk* Paul H. Bergeron, 1987 James K Polk was one of the strongest and most

active presidents ever to occupy the office In the nineteenth century only Jefferson Jackson and Lincoln matched his overall leadership and domination of national government Bergeron s crisp insightful narrative shows how and why Polk achieved such stature and yet failed to attract the kind of popular support or retrospective recognition granted other presidential luminaries A native of North Carolina Polk prepared for the presidency by honing his leadership skills as a seven term congressman speaker of the house and governor of Tennessee Bergeron s summary and analysis of those years shed light on the foundations of the presidency that followed He provides fresh new perspectives on Polk s relationship with his cabinet his skirmishes with Congress over domestic economic legislation and the curse of presidential patronage But perhaps the most fascinating portions of this study are devoted to Polk s role as the western expansionist By the end of his term the United States had acquired enormous territories in the Southwest and far West Bergeron demonstrates that Polk adroitly used both war and diplomacy to acquire and protect these lands When the annexation of Texas led to the outbreak of war with Mexico Polk was forced to become commander in chief of the American forces In contrast the potentially explosive dispute with Great Britain over Oregon s borders was settled through purely diplomatic means Norman A Graebner in America s Top Ten Presidents declares Polk s achievements in diplomacy were among the most remarkable in American history Drawing upon a careful review of the extensive literature on our eleventh president as well as Polk s personal diary Bergeron has written a significant and balanced reassessment of the Polk presidency In the process he has also created a revealing portrait of a complex man who led the nation with imperial determination tempered with compassion generosity and even humor
