Ripening Selected Work 1927-1980:

Women and Work Christine Leiren Mower, Susanne Weil, 2010-08-11 While issues surrounding women and work may be more subtle today than in the past problems of workplace equity child rearing and domestic labor pose problems of balance that continue to evade solution as women today face substantial shifts in the meanings and practices of marriage work and reproduction amid a globalized economy The essays in *Women and Work The Labors of Self Fashioning* explore how nineteenth and twentieth century US and British writers represent the work of being women where work is defined broadly to encompass not only paid labor inside and outside the home but also the work of performing femininity and domesticity How did nineteenth and twentieth century US and British writers revise then contemporary social assumptions about who should be performing work and for what purpose How fully did these writers perceive the class implications of their arguments for taking jobs outside the home How does work both inside and outside the home contribute to female identity and conversely how does it promote what legal theorist Kenji Yoshino terms the demands of covering women's strategic use of stereotypes of femininity and masculinity to succeed in the marketplace In articles appropriate for both upper level undergraduate and graduate students in literature and literary history women's studies feminist and gender studies contributors engage these questions covering both canonical and popular middlebrow nineteenth and twentieth century writers such as Gilman Cather Alcott Schreiner Wharton Le Sueur Gissing Wood Lewis and Mitchell *Women and Work* will also interest scholars concerned with this developing discourse

In the Company of Radical Women Writers Rosemary Hennessy, 2023-08-08 Recovering the bold voices and audacious lives of women who confronted capitalist society's failures and injustices in the 1930s a decade unnervingly similar to our own *In the Company of Radical Women Writers* rediscovers the political commitments and passionate advocacy of seven writers Black Jewish and white who as young women turned to communism around the Great Depression and over decades of national crisis spoke to issues of labor land and love in ways that provide urgent thought provoking guidance for today Rosemary Hennessy spotlights the courageous lives of women who confronted similar challenges to those we still face exhausting and unfair labor practices unrelenting racial injustice and environmental devastation As Hennessy brilliantly shows the documentary journalism and creative and biographical writings of Marvel Cooke Louise Thompson Patterson Claudia Jones Alice Childress Josephine Herbst Meridel Le Sueur and Muriel Rukeyser recognized that life is sustained across a web of dependencies that we each have a duty to maintain Their work brought into sharp focus the value and dignity of Black women's domestic work confronted the destructive myths of land exploitation and white supremacy and explored ways of knowing attuned to a life giving erotic energy that spans bodies and relations In doing so they also expanded the scope of American communism By tracing the attention these seven women pay to life making as the relations supporting survival and wellbeing from Harlem to the American South and Midwest *In the Company of Radical Women Writers* reveals their groundbreaking reconceptions of the political and provides bracing

inspiration in the ongoing fight for justice *Better Red* Constance Coiner,1995-03-30 *Better Red* is an interdisciplinary study addressing the complicated intersection of American feminism and the political left as refracted in Tillie Olsen's and Meridel Le Sueur's lives and literary texts The first book length study to explore these feminist writers ties to the American Communist Party it contributes to a reenvisioning of 1930s U S Communism as well as to efforts to promote working class writing as a legitimate category of literary analysis At once loyal members of the male dominated Communist party and emerging feminists Olsen and Le Sueur exhibit in their writing tendencies both toward and away from Party tenets and attitudes at points subverting formalist as well as orthodox Marxist literary categories By producing working class discourse Olsen and Le Sueur challenge the bourgeois assumptions often masked as classless and universal of much canonical literature and by creating working class women's writing they problematize the patriarchal nature of the Left and the masculinist assumptions of much proletarian literature anticipating the concerns of second wave feminists a generation later

Silences

Tillie Olsen, 2014-07-22 A landmark survey of disenfranchised literary voices and the forces that seek to silence them from the influential activist and author of *Tell Me a Riddle* With this groundbreaking work Olsen revolutionized the study of literature by shedding critical light on the writings of marginalized women and working class people From the excavated testimony of authors letters and diaries Olsen shows us the many ways the creative spirit especially in those disadvantaged by gender class or race has been suppressed through the years Olsen recounts the torments of Herman Melville the shame that brought Willa Cather to a dead halt and the struggles of Olsen's personal heroine Virginia Woolf the greatest exemplar of a writer who confronted the forces that worked to silence her First published in 1978 *Silences* expanded the literary canon and the ways readers engage with literature This 25th anniversary edition includes Olsen's classic reading lists of forgotten authors and a new introduction Bracing and prescient *Silences* remains of primary importance to those who want to understand how art is generated or subverted and to those trying to create it themselves Margaret Atwood *The New York Times Book Review* A valuable book an angry book a call to action Maxine Hong Kingston *Silences* helped me to keep my sanity many a day Gloria Naylor author of *Mama Day* *Silences* is the Bible I constantly return to it Sandra Cisneros author of *The House on Mango Street* *Silences* will like *A Room of One's Own* be quoted where there is talk of the circumstances in which literature is possible Adrienne Rich author of *Diving into the Wreck* [Protest and Possibility in the Writing of Tillie Olsen](#) Mara Faulkner, 1993 Tillie Olsen's fiction and nonfiction portray with all their harsh contours the lives of people who cannot speak for themselves or whose words have been forgotten or ignored Olsen's writing is neither serene nor despairing In this sensitive thematic reading Mara Faulkner shows that its most subversive function is the assertion that human life can be other than and more than it is Olsen's promise of full creative life aims to make her readers forever dissatisfied with physical emotional and intellectual starvation Faulkner finds in Olsen's writing a triple layered pattern combining protest against oppression blight celebration of courage and strength fruit and the heartening dream of a radically transformed future world possibility She focuses on four of Olsen's main themes motherhood the relationship between men and women community and language and shows how because of social and economic circumstances potentially creative tensions become destructive contradictions motherhood stifles women's lives patriarchy and poverty turn men into enemies of women and children communities force their members into betrayal and language distorts or erases human experience Olsen reveals according to Faulkner the overlapping oppressions of class race gender nationality education and age that both link people and set them apart Yet she refuses to exalt suffering and deprivation In this comprehensive examination of a literature of social consciousness Faulkner approaches Olsen's works within their historical social and political contexts without treating them as propaganda In fact she shows that it is Olsen's compressed poetic style that gives her writing its revolutionary power She illuminates both the author's individual talent and the traditions in which her works were created traditions of women writers of color writers of the working class and writers who were immigrants or children of immigrants **Guardian**
