*Special Notice to Mariners*, 1994      **The Rise of Merchant Empires** James D. Tracy, 1991      **The Rise of Merchant Empires** James D. Tracy, 1990 This volume examines the rise of the many different trading empires from the end of the Middle Ages to the eighteenth century      *Europe in the World from 1350 to 1650* Rila Mukherjee, 2025-08-23 This book covers both European and global History from 1350 to 1650 The eight modules in the textbook offer an all encompassing perspective on European history and a parallel understanding of world history establishing a holistic framework of the events narrated It provides a conceptual framework for understanding the factors that led to the rise of the modern West The textbook offers maps tables and illustrations to quickly comprehend and recollect significant events and their causes and consequences in Europe's transformation from medieval to modern maps The textbook covers political economic intellectual and social history from 1350 to 1650 Each module carries suggested questions and exercises to achieve greater interactive learning The textbook serves as a convenient source of information for advanced readers and upper undergraduates in history to understand the genesis of modern Europe from multiple sources perspectives and languages      **The Spinning World** Giorgio Riello, Prasannan Parthasarathi, 2011-09-22 This collection of essays examines the history of cotton textiles at a global level over the period 1200 1850 It provides new answers to two questions what is it about cotton that made it the paradigmatic first global commodity And second why did cotton industries in different parts of the world follow different paths of development      *Goods from the East, 1600-1800* Maxine Berg, Felicia Gottmann, Hanna Hodacs, Chris Nierstrasz, 2015-07-13 Goods from the East focuses on the fine product trade's first Global Age how products were made marketed and distributed between Asia and Europe between 1600 and 1800 It brings together established scholars as well as new to provide a full comparative and connective study of this trade      *The Colonies of Genoa in the Black Sea Region* Evgeny Khvalkov, 2017-07-28 This book focuses on the network of the Genoese colonies in the Black Sea area and their diverse multi ethnic societies It raises the problems of continuity of the colonial patterns reveals the importance of the formation of the late medieval early modern colonialism the urban demography and the functioning of the polyethnic entangled society of Caffa in its interaction with the outer world It offers a novel interpretation of the functioning of this late medieval colonial polyethnic society and rejects the widely accepted narrative portraying the whole history of Caffa of the fifteenth century as a period of constant decline and depopulation      **The Cambridge Companion to the Roman Economy** Walter Scheidel, 2012-11-08 Thanks to its exceptional size and duration the Roman Empire offers one of the best opportunities to study economic development in the context of an agrarian world empire This volume which is organised thematically provides a sophisticated introduction to and assessment of all aspects of its economic life      *The Silver Empire* Oliver Volckart, 2024-02-16 The Silver Empire is the first comprehensive account of how the Holy Roman Empire created a common currency in the sixteenth century The problems that gave rise to the widespread desire to introduce a common a

currency were myriad While trade was able to cope with and even to benefit from the parallel circulation of many different types of coin it nevertheless harmed both the common people and the political authorities The authorities in particular suffered from neighbours who used their comparatively good money as raw material to mint poor imitations Debasement of their own coinage provided an at best short term solution Over the medium and long term it drove the members of the Empire into rounds of competitive debasements until they realised that a common currency was the only answer that addressed the core of the problem Oliver Volckart examines the conditions that shaped the monetary outlook of the member states of the Empire paying particular attention to the uneven access to silver and gold Following closely the negotiations that prepared the common currency he is able to illuminate the interest groups that were formed what their agendas and ulterior motives were how alliances were forged and how it was eventually possible to obtain majority agreement on what a common currency should look like a silver based currency that was introduced in 1559 66 In fact in contrast to what historians once believed the common currency they achieved turns out to have functioned not significantly worse than other currencies of the time it had similar problems and similar advantages as the money issued by more centralized governments

*Textiles and the Medieval Economy* Angela Ling Huang, Carsten Jahnke, 2014-06-30 Archaeologists and textile historians bring together 16 papers to investigate the production trade and consumption of textiles in Scandinavia and across parts of northern and Mediterranean Europe throughout the medieval period Archaeological evidence is used to demonstrate the existence or otherwise of international trade and to examine the physical characteristics of textiles and their distribution in order to understand who was producing using and trading them and what they were being used for Historical evidence mainly textual is employed to link textile names to places numbers and prices and thus provide an appreciation of changing economic patterns of distribution and the organisation of trade Different types and qualities of cloths are discussed and the social implications of their production and import export considered against a developing background of urbanism and increasing commercial wealth

**The Prince's Body** Valeria Finucci, 2015-02-10 Using four notorious moments in the life of Duke Vincenzo Gonzaga of Mantua Valeria Finucci explores changing early modern concepts of sexuality reproduction beauty and aging She deftly marries salacious tales with historical analysis to tell a broader story of Italian Renaissance cultural adjustments and obsessions

Walton, 2002-04 The Hillsborough River which runs through the big population area of Tampa is a popular site for leisure activities Kevin McCarthy author of more than 20 books about Florida guides the reader and boater from the source of the Hillsborough River in the Green Swamp west of Tampa through Hillsborough River State Park then through the city of Tampa to its mouth at the Gulf of Mexico Both a history and a guidebook Hillsborough River Guidebook features information on the wildlife and culture along the river as well as travel tips with recommendations of places to eat and stay Includes photographs and maps The other books available in the series are Suwannee River Guidebook and St Johns River Guidebook

*Commerce, Citizenship, and Identity in Legal*

*History*, 2021-11-15 Legal historians have analysed the characteristics of merchant guilds and nationes i.e. associations of foreign merchants as well as the political clout of merchants including foreign ones. However, how the legal status of citizens related to the merchant class and how its contents were influenced by trade remains largely unclear. Did governments have a policy of citizenship that was tailored to commercial interests? Were foreign merchants belonging to a separate legal category of resident? If so, what defined this category? To what extent could different types of legal status and membership of communities or guilds overlap? And how did all this affect merchants' identities, their self-images of belonging? This collection of essays provides answers to these questions. Contributors are Sonja Breustedt, Pieter De Reu, Gijs Dreijer, Maurits den Hollander, Marco In 't Veld, Marta Lupi, Manon Moerman, Remko Mooi, Patrick Naaktgeboren and Joost Possemiers. *The Rise of Merchant Empires, Longdistance Trade in the Early Modern World 1350-1750* James D. Tracy, 1991 *Trust and Rule* Charles Tilly, 2005-07-25 Charles Tilly examines how networks of trust in the form of kinship groups, religious sects and trade networks have insulated themselves from political control over the span of history. *Trading Places* Maartje van Gelder, 2009-05-20 *Trading Places* is winner of the triennial Historical Research Award of Italy Studies 2012. This book deals with the Netherlandish merchant community in sixteenth and seventeenth century Venice. It examines the merchants' commercial activities, their social and communal relations as well as their interaction with the Venetian state, which was accustomed to protect its own trade. The Netherlandish merchants in Venice as part of an extensive international trading network were ideally placed to connect Mediterranean and Atlantic commerce. They quickly became the most important group of foreign merchants in the city at a time of rapid economic changes. Drawing on a wide variety of primary sources, this book shows how these immigrant traders used their strong commercial position to secure a place in Venice. It demonstrates how the changing balance of international commerce affected early modern Venetian society. **A Cultural History of Color in the Renaissance** Sven Dupré, Amy Buono, 2022-08-31 *A Cultural History of Color in the Renaissance* covers the period 1400 to 1650, a time of change, conflict and transformation. Innovations in color production transformed the material world of the Renaissance, especially in ceramics, cloth and paint. Collectors across Europe prized colorful objects such as feathers and gemstones as material illustrations of foreign lands. The advances in technology and the increasing global circulation of colors led to new color terms enriching language. Color shapes an individual's experience of the world and also how society gives particular spaces, objects and moments meaning. The 6-volume set of the *Cultural History of Color* examines how color has been created, traded, used and interpreted over the last 5000 years. The themes covered in each volume are color philosophy and science, color technology and trade, power and identity, religion and ritual, body and clothing, language and psychology, literature and the performing arts, art, architecture and interiors and artefacts. Amy Buono is Assistant Professor at the Wilkinson College of Arts, Humanities and Social Sciences at Chapman University, USA. Sven Dupré is Professor of History of Art, Science and Technology at Utrecht University and the University of Amsterdam, The Netherlands.

Volume 3 in the Cultural History of Color set General Editors Carole P Biggam and Kirsten Wolf     **The Germans, the Portuguese and India** Pius Malekandathil, 1999 German merchants emerged as influential commercial partners of the Portuguese in the 16th Century The trade in spices and precious metals was not the only line pursued by them in India they also collected precious stones and ventured far into the interior of the country The present study illustrates these activities which have so far not received adequate attention Moreover not all of the Germans coming to India were merchants there were also many soldiers among them artillerists bombardeiros who had skills to offer which had obviously not yet been acquired by the Portuguese military The news about India which German merchants and soldiers conveyed to their home country contributed to the increase of German knowledge of the world     Empires and Colonies Jonathan Hart, 2014-02-06 Empires and Colonies provides a thoroughgoing and lively exploration of the expansion of the seaborne empires of western Europe from the fifteenth century and how that process of expansion affected the world including its successor the United States Whilst providing special attention to Europe the book is careful to highlight the ambivalence and contradiction of that expansion The book also illuminates connections between empires and colonies as a theme in history concentrating on culture while also discussing the rich social economic and political dimensions of the story Furthermore Empires and Colonies recognizes that whilst a study of the expansion of Europe is an important part of world history it is not a history of the world per se The focus on culture is used to assert that areas and peoples that lack great economic power at any given time also deserve attention These alternative voices of slaves indigenous peoples and critics of empire and colonization are an important and compelling element of the book Empires and Colonies will be essential reading not only for students of imperial history but also for anyone interested in the makings of our modern world     Secondary Cities and Urban Networking in the Indian Ocean Realm, C. 1400-1800 Kenneth R. Hall, 2008-01-01 This volume features the research of international scholars whose work addresses the representative history of small cities and urban networking in various parts of the Indian Ocean world in an era of change allowing them the opportunity to compare approaches methods and sources in the hopes of discovering common features as well as notable differences
