Buying a Bride Marcia A. Zug, 2016-06-07 There have always been mail order brides in America but we haven t always thought about them in the same ways In Buying a Bride Marcia A Zug starts with the so called Tobacco Wives of the Jamestown colony and moves all the way forward to today s modern same sex mail order grooms to explore the advantages and disadvantages of mail order marriage It s a history of deception physical abuse and failed unions It s also the story of how mail order marriage can offer women surprising and empowering opportunities Drawing on a forgotten trove of colorful mail order marriage court cases Zug explores the many troubling legal issues that arise in mail order marriage domestic abuse and murder breach of contract fraud especially relating to immigration and human trafficking and prostitution She tells the story of how mail order marriage lost the benign reputation it enjoyed in the Civil War era to become more and more reviled over time and she argues compellingly that it does not entirely deserve its current reputation While it is a common misperception that women turn to mail order marriage as a desperate last resort most mail order brides are enticed rather than coerced Since the first mail order brides arrived on American shores in 1619 mail order marriage has enabled women to improve both their marital prospects and their legal political and social freedoms Buying A Bride uncovers this history and shows us how mail order marriage empowers women and should be protected and even encouraged

The Journalist in British Fiction and Film Sarah Lonsdale, 2016-07-14 Why did Edwardian novelists portray journalists as swashbuckling truth seeking super heroes whereas post WW2 depictions present the journalist as alienated outsider Why are contemporary

fictional journalists often deranged murderous or intensely vulnerable As newspaper journalism faces the double crisis of a lack of trust post Leveson and a lack of influence in the fragmented internet age how do cultural producers view journalists and their role in society today In *The Journalist in British Fiction and Film* Sarah Lonsdale traces the ways in which journalists and newspapers have been depicted in fiction theatre and film from the dawn of the mass popular press to the present day The book asks first how journalists were represented in various distinct periods of the 20th century and then attempts to explain why these representations vary so widely This is a history of the British press told not by historians and sociologists but by writers and directors as well as journalists themselves In uncovering dozens of forgotten fictions Sarah Lonsdale explores the bare knuckled literary combat conducted by writers contesting the disputed boundaries between literature and journalism Within these texts and films there is perhaps also a clue as to how the best aspects of Fourth estate journalism can survive in the digital age Authors covered in the volume include Martin Amis Graham Greene George Orwell Pat Barker Evelyn Waugh Elizabeth Bowen Arnold Wesker and Rudyard Kipling Television and films covered include *House of Cards* US and UK versions *Spotlight* *Defence of the Realm* *Secret State* and *State of Play* *Publishers' circular and booksellers' record*, 1868 *My Trade* Andrew Marr, 2009-09-18 How do you decide what is a story and what isn't What does a newspaper editor actually do all day How do hacks get their scoops How do the TV stations choose their news bulletins How do you persuade people to say those awful embarrassing things Who earns what How do journalists manage to look in the mirror after the way they sometimes behave The purpose of this insider's account is to provide an answer to all these questions and more *My Trade* Andrew Marr's brilliant and brilliantly funny book is a guide to those of us who read newspapers or who listen to and watch news bulletins but want to know more Andrew Marr tells the story of modern journalism through his own experience This is an extremely readable and utterly unique modern social history of British journalism with all its odd glamour smashed hopes and future possibility *Journalism of the Highest Realm* Edward Price Bell, 2007-11-01 Once considered the best American newspaperman London has ever had Edward Price Bell 1869-1943 helped invent the ideal of a professional foreign news service at the late and great Chicago Daily News which in its heyday had the second largest daily newspaper circulation in the United States At the turn of the twentieth century professional overseas reporting was still an experiment The Chicago Daily News's visionary owner and publisher Victor Lawson was not certain how to organize the service or even what kind of news it should cover Bell who had distinguished himself as a young reporter in Chicago became the anchor for the service when Lawson sent him to London in 1900 The course he set established the standard for the New York Times and other prestigious American newspapers Unfortunately few journalists or scholars are familiar with Bell's contributions in part because his autobiography remained archived at the Newberry Library in Chicago In *Journalism of the Highest Realm* Jaci Cole and John Maxwell Hamilton have edited and annotated Bell's story focusing on his lively account of the early days of the Chicago Daily News's foreign service as well as the dramatic

stories his correspondents covered James F Hoge Jr the last editor in chief of the Chicago Daily News and present editor of Foreign Affairs sets the stage for Bell s memoir with an informative foreword on the evolution of foreign news gathering over the last century A bright eyed midwestern teenager who learned journalism on the job at a small newspaper in Terre Haute Indiana Bell quickly established himself as an enterprising reporter Moving on to Chicago he became the Daily News s go to man He was assigned big stories and landed interviews with leading politicians a knack that became a trademark of his overseas reporting Over more than two decades in London Bell entrenched himself in politics and culture sending back thoughtful background and analysis of current events In his memoir Bell recounts his exclusive wartime interviews with Sir Edward Grey the British foreign secretary and Lord Richard Haldane the minister of war a later sit down with the charismatic Il Duce Benito Mussolini and his rather tense exchanges with former vice president Charles Dawes American ambassador to Britain The respect Bell commanded among British elites and his years of experience as a London insider thrust him into a diplomatic role Bell became an unofficial envoy to the British government and also a conduit for British views to the United States and its leaders After Bell returned to Chicago in the early 1920s the Daily News dispatched him on special missions to Europe and Asia to interview leaders about world peace His accounts were published in two books and earned him a nomination for the Nobel Peace Prize in the 1930s Despite this acclaim indeed to some extent because of it Bell fell out of favor when new owners acquired the newspaper in 1931 and he retired to the Mississippi Gulf Coast With Journalism of the Highest Realm Cole and Hamilton put this great newspaperman into a broader context As they show in their thoughtful introduction Bell and the Daily News continually grappled with problems that still bedevil overseas correspondence Foreign news they show has always been an enterprise that is at once valuable and vulnerable British Books ,1848 *The Publishers' Circular* ,1868 *Photography and Focus* ,1912
