BEHIND THE SCENES

Zachary, a 25-year-old male, was brought to the emergency department by ambulance after being found unconscious on the street. He was found by a passerby who called 911. On arrival, he was unresponsive to verbal stimuli and had a Glasgow Coma Scale score of 3. His vital signs were stable, and his physical examination was unremarkable. A head CT scan revealed a small subdural hematoma in the right parietal region. He was admitted to the medical intensive care unit for observation and management of the head injury.

Rise And Fall Of The Saturday Globe:

The Rise and Fall of the Saturday Globe Ralph Frasca, 1992 In the postbellum nineteenth century journalism reached larger audiences with more information in less time With the rise of industrialization and mechanization the means of conveying news to the public improved dramatically In 1873 Frederic Hudson one of the nation's first journalism historians predicted that these technological advances would spawn genuinely national newspapers Such publications would be circulated to all parts of the country by means of pneumatic tubes he wrote which could convey newspapers from one coast to the other within three hours The prophesy of compressed air blowing bunches of newspapers across the length and breadth of the country was so far awry that it is amusing to consider today However Hudson's forecast of a national newspaper which seemed just as far fetched in that era of a distinctly provincial press came to fruition in only the following decade As the population soared due in large measure to immigration as urban areas blossomed and as the public became increasingly literate more people turned to newspapers for information about their community and nation It was against this backdrop that the Saturday Globe was born in 1881 From its auspicious infancy in Utica New York the Saturday Globe grew into a major newspaper with nationwide circulation Through its pioneering use of regional editions it became the first truly national newspaper in United States history It served as a unifying force for disparate communities which were constantly being redefined by the expansion of industry and the increase in population The Saturday Globe's readership which peaked at nearly 300 000 was attracted by its stunning artwork its national scope and its charming miscellany of stories In many ways the Saturday Globe was a theoretical forerunner of USA Today Although it eschewed the political partisanship so common among newspapers of the era the Saturday Globe emanated a morally conservative tenor which was sometimes difficult to reconcile with the newspaper's tendency toward sensationalism Relying on many diverse sources Ralph Frasca constructs a comprehensive social history of the Saturday Globe placing it in a larger context by showing how cultural technological economic demographic and journalistic forces in the late nineteenth and early twentieth centuries both created a milieu for the Saturday Globe's inception and success and lead to its demise forty three years later The story of the Saturday Globe offers insight into the processes by which mighty newspapers rise fall and erode into the deepest recesses of time The survival of America's newspapers is just as much a concern now as when the Saturday Globe a mere husk of its former self folded While the Saturday Globe fought a losing battle against imitators and magazines today's newspapers wage a similar war against the encroachment of the broadcast media The history of the Saturday Globe offers a compelling case study of a major newspaper's rise and fall

In Gotham's Shadow Alexander R. Thomas, 2012-02-01 In what may be the first explicitly comparative study of the effects of globalization on metropolitan and rural communities In Gotham's Shadow examines how three central New York communities struggled over the last half century to survive in a global economy that seems to have forgotten them Utica formerly a city of one hundred thousand experienced the same trends of suburbanization

deindustrialization and urban renewal as nearly every American city with the same mixed results In Cooperstown and Hartwick two small villages forty miles south of Utica the same trends were at work though with different outcomes Hartwick may be seen as an example of how small towns have lost their core while Cooperstown may be seen as an example of how a small town can survive by transforming itself into a tourist destination Thomas provides extensive historical background mixed with newspaper excerpts and lively interviews that add a human dimension to the transformations these communities have experienced The Rise and Fall of the Utica Saturday Globe Ralph Frasca,1986 The Won Cause Barbara A. Gannon,2011-05-30 In the years after the Civil War black and white Union soldiers who survived the horrific struggle joined the Grand Army of the Republic GAR the Union army s largest veterans organization In this thoroughly researched and groundbreaking study Barbara Gannon chronicles black and white veterans efforts to create and sustain the nation s first interracial organization According to the conventional view the freedoms and interests of African American veterans were not defended by white Union veterans after the war despite the shared tradition of sacrifice among both black and white soldiers In The Won Cause however Gannon challenges this scholarship arguing that although black veterans still suffered under the contemporary racial mores the GAR honored its black members in many instances and ascribed them a greater equality than previous studies have shown Using evidence of integrated posts and veterans thoughts on their comradeship and the cause Gannon reveals that white veterans embraced black veterans because their membership in the GAR demonstrated that their wartime suffering created a transcendent bond comradeship that overcame even the most pernicious social barrier race based separation By upholding a more inclusive memory of a war fought for liberty as well as union the GAR s Won Cause challenged the Lost Cause version of Civil War memory *International Bibliography of Business History* Francis Goodall,Terry Gourvish,Steven Tolliday,2013-12-16 The field of business history has changed and grown dramatically over the last few years There is less interest in the traditional company centred approach and more concern about the wider business context With the growth of multi national corporations in the 1980s international and inter firm comparisons have gained in importance In addition there has been a move towards improving links with mainstream economic financial and social history through techniques and outlook The *International Bibliography of Business History* brings all of the strands together and provides the user with a comprehensive guide to the literature in the field The Bibliography is a unique volume which covers the depth and breadth of research in business history This exhaustive volume has been compiled by a team of subject specialists from around the world under the editorship of three prestigious business historians *The New York Genealogical and Biographical Record* ,1992 **Local Sketches** Eugene Paul Nassar,2003 This volume contains 21 vignettes on the history and literature of Central New York illustrated by 25 drawings and paintings by Robert Cimbalo graphics artist and painter **Forthcoming Books** Rose Arny,1992 *Proceedings of the New York State Historical Association with the Quarterly Journal* New York State Historical Association,1993 *The Publishers' Trade List Annual*
