**The Rise and Fall of Adolf Hitler** William L. Shirer, 2013-04-18 A concise and timely account of Hitler's and fascism's rise to power and ultimate defeat from one of America's most famous journalists American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany and had a front row seat to Hitler's mounting influence His most definitive work on the subject *The Rise and Fall of the Third Reich* is a riveting account defined by first person experience interviewing Hitler watching his impassioned speeches and living in a country transformed by war and dictatorship Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience This account loses none of the immediacy of *The Rise and Fall of the Third Reich* capturing Hitler's ascendance from obscurity the horror of Nazi Germany's mass killings and the paranoia and insanity that marked the Führer's downfall This book is by no means simplified and is sure to appeal to adults as well as young people with an interest in World War II history For nearly 100 years William L. Shirer has spoken to us of fascism Nazis and Hitler He tells the unvarnished truth as he experienced it I figured this school type book wasn't going to tell me anything new But when I started reading I realized that I wasn't reading for the facts anymore I listened to his story and heard the urgency in his voice a voice from nearly 60 years ago telling us the truth about today Daily Kos

**The United States Government and the Rise of Adolf Hitler to Power in Germany** John R Ban, 2023-03-17 I wrote this book not only as a requirement for my master's degree in 1959 but because of my interest in European history I conducted my research at the State Department of the United States There I examined the numerous documents sent by the American Embassy in Germany back to the State Department in the 1930's These documents indicated that the rising political figure in Germany at that time was Adolf Hitler head of the Nazi party A one time house painter and a self appointed savior he was eventually elected to be Chancellor of Germany in 1933 He was obsessed by the belief that Germans were a superior race that war was necessary to gain Lebensraum which meant space for the growing German population Many of the early reports about him was that he was an amateur politician who would soon disappear from the political scene They were wrong Desiring to conquer all of Europe Hitler precipitated the worst war in our planet's history a war in which 70 to 85 million people lost their lives Seeing that the war was lost for Germany Hitler committed suicide in April 1945 To all those who lost their lives in the war this book is dedicated Dr John R Ban 2023

*Why Did the Rise of the Nazis Happen?* Charles Freeman, 2010-08-01 Following their defeat during World War I the Germans were looking for new leadership Nazi Germany also called the Third Reich began when Adolf Hitler became Chancellor of Germany under the National Socialist German Workers Party NSDAP whose followers were called Nazis Why the Germans embraced the Nazis rise to power is examined in this thoughtful book which includes panels featuring subject matter expert opinions to encourage critical thinking

**Hitler's Rise to Power** Geoffrey Pridham, 1973 **Hitler and the Rise of the Nazi Party** Frank McDonough, 2014-06-11 Now fully revised and reformatted *Hitler and the Rise of the Nazi Party* is an indispensable guide to the history of the Nazi

party between its initial electoral breakthrough in 1930 and its victory in 1933. Arguing that the Nazis owed their success as much to Hitler's charismatic leadership and their own effective propaganda and organisation as to the weakness of the Weimar regime, Frank McDonough provides an original perspective on the subject as well as a concise readable introduction to key events and debates. This new edition includes a new introduction on the broad context of Weimar Germany. Two new chapters on the reasons for the Nazi breakthrough in 1930 and on the crucial 1930-1933 period. New clearer student-friendly format. Supported by an expanded documents section and fully revised bibliography, a chronology of key events and a who's who of leading figures. Hitler and the Rise of the Nazi Party will provide an invaluable introduction for any student of this fascinating period.

*The Rise Of Adolf Hitler* Sushmita Dutta, 2023-07-20. Adolf Hitler was a German dictator who led the Nazi Party to power in Germany in the 1930s. He was responsible for the deaths of millions of people, including Jews, homosexuals, and other groups that he considered to be inferior. He committed suicide in 1945 as the Allied forces were closing in on Berlin. Hitler was a complex and contradictory figure. He was a charismatic leader who was able to connect with the German people, but he was also a ruthless dictator who was responsible for the deaths of millions of people. His legacy is one of hate, destruction, and death. He is considered to be one of the most evil men in history. This is only a brief account of the life and career of Adolf Hitler. If you're interested in learning more about them, I recommend reading this book.

[The Rise of Nazi Germany](#) Charles River Charles River Editors, 2015-05-04. Includes pictures. Profiles the seminal events that helped Hitler rise to power and consolidate his position, including the end of World War I, the Beer Hall Putsch, the Burning of the Reichstag, and the Night of the Long Knives. Includes online resources for further reading. Includes a table of contents. I cannot remember in my entire life such a change in the attitude of a crowd in a few minutes, almost a few seconds. Hitler had turned them inside out as one turns a glove inside out with a few sentences. It had almost something of hocus pocus or magic about it. Dr. Karl Alexander von Mueller. It is often claimed that Adolf Hitler rose to power in Germany through democratic means, and while that is a stretch, it is true that he managed to become an absolute dictator as Chancellor of Germany in the 1930s through a mixture of politics and intimidation. Ironically, he had set such a course only because of the failure of an outright coup attempt known as the Beer Hall Putsch about a decade earlier. At the close of World War I, Hitler was an impoverished young artist who scrapped by through selling souvenir paintings, but within a few years his powerful oratory brought him to the forefront of the Nazi party in Munich and helped make the party much more popular. A smattering of followers in the hundreds quickly became a party of thousands, with paramilitary forces like the SA backing them, and at the head of it all was a man whose fiery orations denounced Jews, communists, and other traitors for bringing upon the German nation the Treaty of Versailles, which had led to hyperinflation and a wrecked economy. The early 1930s were a tumultuous period for German politics, even in comparison to the ongoing transition to the modern era that caused various forms of chaos throughout the rest of the world. In the United States, reliance on the outdated gold standard and an absurdly parsimonious

monetary policy helped bring about the Great Depression Meanwhile the Empire of Japan began its ultimately fatal adventurism with the invasion of Manchuria alienating the rest of the world with the atrocities it committed Around the same time Gandhi began his drive for the peaceful independence of India through nonviolent protests against the British It was in Germany however that the strongest seeds of future tragedy were sown The struggling Weimar Republic had become a breeding ground for extremist politics including two opposed and powerful authoritarian entities the right wing National Socialists and the left wing KPD Communist Party As the 1930s dawned these two totalitarian groups held one another in a temporary stalemate enabling the fragile ghost of democracy to continue a largely illusory survival for a few more years That stalemate was broken in dramatic fashion on a bitterly cold night in late February 1933 and it was the Nazis who emerged decisively as the victors A single act of arson against the famous Reichstag building proved to be the catalyst that propelled Adolf Hitler to victory in the elections of March 1933 which set the German nation irrevocably on the path towards World War II Like other totalitarian regimes the leader of the Nazis kept an iron grip on power in part by making sure nobody else could attain too much of it leading to purges of high ranking officials in the Nazi party Of these purges the most notorious was the Night of the Long Knives a purge in the summer of 1934 that came about when Hitler ordered the surprise executions of several dozen leaders of the SA This fanatically National Socialist paramilitary organization had been a key instrument in overthrowing democratic government in Germany and raising Hitler to dictatorial power in the first place However the SA was an arm of the Nazi phenomenon which had socialist leanings and which was the private army of Ernst Rohm which was enough for Hitler to consider the organization dangerous

[The World at War](#) Tim McNeese, 2000-09-01 The World at War 1920-1945 covers the period from the signing of the Versailles Treaty which signaled the end of World War I through World War II and the defeat of Japan Special emphasis is given to the stressed postwar economies of Europe following the Great War which set the stage for further international conflict The Roaring Twenties the stock market crash of 1929 The Great Depression Roosevelt's New Deal the rise of fascism and the grim legacies of the Holocaust figure prominently in this volume Also discussed is the influence of historic personalities such as Hitler Stalin Churchill Roosevelt and Mussolini Challenging map exercises and provocative review questions encourage meaningful reflection and historical analysis

Shirer,1990 The classic history of Adolph Hitler s rise to power and his dramatic defeat      **Alone against Hitler** Jack Bray,2020-05-19 Alone Against Hitler tells the lesser known but pivotal story of former Austrian chancellor Kurt von Schuschnigg As one of the first leaders to defy Adolf Hitler during the buildup to WWII his story is of lasting importance Though young and untested upon entering office von Schuschnigg courageously rejected the rising tide of Austrian Nazism insisting on equal rights and respect for the Jewish minority Jack Bray surveys the geopolitical conditions in Austria during the march to war highlighting von Schuschnigg s valiant four year struggle to prevent his nearly defenseless small nation from being taken over from within by unrelenting violent Austrian Nazis Von Schuschnigg s encounters with Hitler and other central characters of 1930s Germany Himmler Hess Ribbentrop Hindenburg Goring and Papen as well as their ally Mussolini are recounted in scenes of high drama and vivid detail For his daring defiance and his refusal of offers to flee the Nazi invasion von Schuschnigg paid a dear price seven years in Nazi captivity and abuse to the point of breakdown In one of Hitler s final acts from the bunker where he would ultimately take his own life the trembling fuhrer ordered von Schuschnigg to be killed Just as von Schuschnigg was set to be executed with the war at its eleventh hour he received a near miraculous deliverance Although Kurt von Schuschnigg s name may be unfamiliar now he was for a brief moment at the center of world history even gracing the cover of Time magazine in 1938 Alone Against Hitler profiles an oft forgotten but crucially important figure in WWII history celebrating the legacy of a man who bravely fought
