Michael Heathfield, Dana Fusco

Rites Of Passage Adolescence In America 1790 To The Present:

Rites Of Passage Joseph F. Kett, 1977 An historian's detailed investigation of critical social economic and cultural transitions made by young people in America since 1790 illuminates changing adult expectations for youth and the emergence of the concept of adolescence Amazon *Sex and Sexuality in Early America* Merril D. Smith, 1998-09 Sex and sexuality have always been the subject of much attention both scholarly and popular Yet accounts of the early years of the United States tend to overlook the importance of their influence on the shaping of American culture This book addresses this neglected topic with original research covering a wide spectrum from sexual behavior to sexual perceptions and imagery and more *The Body Project* Joan Jacobs Brumberg, 2010-06-09 The award winning author of *Fasting Girls* explores what teenage girls have lost in this new world of freedom and consumerism a world in which the body is their primary project Fascinating riveting Women and girls should read this fine book together The New York Times Book Review A hundred years ago women were lacing themselves into corsets and teaching their daughters to do the same The ideal of the day however was inner beauty a focus on good deeds and a pure heart Today American women have more social choices and personal freedom than ever before But fifty three percent of our girls are dissatisfied with their bodies by the age of thirteen and many begin a pattern of weight obsession and dieting as early as eight or nine Why In *The Body Project* historian Joan Jacobs Brumberg answers this question drawing on diary excerpts and media images from 1830 to the present Tracing girls attitudes toward topics ranging from breast size and menstruation to hair clothing and cosmetics she exposes the shift from the Victorian concern with character to our modern focus on outward appearance in particular the desire to be model thin and sexy Compassionate insightful and gracefully written *The Body Project* explores the gains and losses adolescent girls have inherited since they shed the corset and the ideal of virginity for a new world of sexual freedom and consumerism a world in which the body is their primary project *Westerns* Lee Clark Mitchell, 1998-05-08 Ranging from the novels of James Fenimore Cooper to Louis L Amour and from classic films such as *STAGECOACH* to spaghetti Westerns like *A FISTFUL OF DOLLARS* culture scholar Lee Clark Mitchell shows how Westerns as a genre helped assuage a series of crises in American culture by responding to fears and obsessions of its audience particularly what it means to be a man 30 photos 5 line drawings *Writing Out My Heart* Frances Elizabeth Willard, 1995 The journal of Frances E Willard nineteenth century America's most renowned and influential Woman had been hidden away in a cupboard at the National WCTU headquarters and its importance eluded Willard's biographers *Writing Out My Heart* publishes for the first time substantial portions of the forty nine volumes rediscovered in 1982 They open a window on the remarkable inner life of this great public figure and cast her in a new light No other female political leader of the period left a private record like this Best known for her powerful leadership of the Woman's Christian Temperance Union WCTU at that time the nation's largest organized body of women Willard was a world class reform leader and feminist How she achieved this stature has been documented This compelling

journal reveals why Written during her teens twenties and fifties the journal documents the creation of Frances Willard s self At the same time it often reads like a good novel It stands as one of the most explicit and painful records in the nineteenth century of one woman s coming to terms with her love for women in a heterosexual world Other sections reveal what impelled Willard to reform the nature and depth of the religious dimension of her life a dimension not yet adequately explored by any biographer Here we see her growing commitment to the cause of woman The volumes written in her late middle age give insight into the years when world famous she was part of the transatlantic network of reform battling ill health dealing with controversy in the WCTU and grieving for her mother a lifelong figure of emotional support This finale concludes one of the most fascinating of the journal s themes the nineteenth century confrontation with sickness and death Drawn from one of the richest sources in documentary history knowledgeably introduced and annotated Writing Out My Heart is a biographical goldmine rich in the themes and institutions central to women s lives in nineteenth century America

The First of Causes to Our Sex Daniel S. Wright,2006-09-12 The First of Causes to Our Sex is a study of the first movement in the United States for social change by and for women Female moral reform in the 1830s and 40s was a campaign to abolish sexual vice and the sexual double standard and to promote sexual abstinence among the young as they entered the marriage market The movement has earned a place in U S women s history but most research has focused on it as an urban phenomenon and sought its significance in relation to the cause of women s rights or to the regulation of prostitution This study explores the appeal of moral reform to rural women who were the vast majority of its constituency and sees it as a response to seminal changes in family formation and family size in the context of an increasingly market oriented and mobile society It was led by Yankee women who were fired by Second Great Awakening revivals and supported by reformist clergy

The Death of Character James Davison Hunter,2008-01-04 The Death of Character is a broad historical sociological and cultural inquiry into the moral life and moral education of young Americans based upon a huge empirical study of the children themselves The children s thoughts and concerns expressed here in their own words shed a whole new light on what we can expect from moral education Targeting new theories of education and the prominence of psychology over moral instruction Hunter analyzes the making of a new cultural narcissism

Making America Luther S. Luedtke,1992 In this richly interdisciplinary work twenty eight of the nation s leading critics and scholars offer a comprehensive exploration of American society and culture Each outstanding in his or her own field the contributors address America from a diversit

Perspectives on Preventing Student Drug Abuse Ronald J. Pedone,Margaret K. Gwaltney,1989

The New History Theodore K. Rabb,Robert I. Rotberg,2017-03-14 In this volume a diverse group of leading historians analyzes the future needs of their craft and suggests the many ways in which scholars of the near future will interpret the events of earlier years Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These

editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Body Electric Carolyn Thomas de la Pena, 2005-04 Between the years 1850 and 1950 Americans became the leading energy consumers on the planet expending tremendous physical resources on energy exploration mental resources on energy exploitation and monetary resources on energy acquisition A unique combination of pseudoscientific theories of health and the public's rudimentary understanding of energy created an age in which sources of industrial power seemed capable of curing the physical limitations and ill health that plagued Victorian bodies Licensed and quack physicians alike promoted machines electricity and radium as invigorating cures veritable fountains of youth that would infuse the body with energy and push out disease and death The Body Electric is the first book to place changing ideas about fitness and gender in dialogue with the popular culture of technology Whether through wearing electric belts drinking radium water or lifting mechanized weights many Americans came to believe that by embracing the nation's rapid march to industrialization electrification and radiomania their bodies would emerge fully powered Only by uncovering this belief's passions and products Thomas de la Pena argues can we fully understand our culture's twentieth century energy enthusiasm

Youth and Inequality in Education Michael Heathfield, Dana Fusco, 2015-07-30 The transition to adulthood for many is mediated by class culture and local global influences on identity This volume analyzes the global injustices that create inequities and restrict future opportunities for young people during this transitional time including poverty unemployment human rights race ethnicity and location It critically examines global instances of youth discrimination offering positive strategies and practices such as youth work that successfully remediate these injustices With international contributions from Aotearoa New Zealand Australia England Malaysia Peru Philippines Portugal Morocco Jordan and the U S this volume is particularly important to researchers and scholars in the fields of youth studies education and social work

Decoding the Past Peter Loewenberg, 2018-02-06 In Decoding the Past Peter Loewenberg has collected eleven of his brilliant essays on psychohistory a discipline that has emerged from the synthesis of traditional historical analysis and clinical psychoanalysis He surveys this relatively new field its methods and its problems to show the special contributions that psychoanalysis can make to history He then further explores the psychohistorical method by applying it to studies of personality cultures groups and mass movements demonstrating that psychohistory offers one of the most powerful of interpretive approaches to history Decoding the Past is an impressive study that demonstrates the range of Loewenberg's own work in history and psychoanalysis and the full promise of an important and innovative methodology for others His new essay takes up many of the criticisms and concerns raised about the method of psychohistory and offers a cogent defense for its continued usage

Handbook of Child Psychology and Developmental Science, Ecological Settings and Processes, 2015-04-06 The essential reference for human

development theory updated and reconceptualized The Handbook of Child Psychology and Developmental Science a four volume reference is the field defining work to which all others are compared First published in 1946 and now in its Seventh Edition the Handbook has long been considered the definitive guide to the field of developmental science Volume 4 Ecological Settings and Processes in Developmental Systems is centrally concerned with the people conditions and events outside individuals that affect children and their development To understand children s development it is both necessary and desirable to embrace all of these social and physical contexts Guided by the relational developmental systems metatheory the chapters in the volume are ordered them in a manner that begins with the near proximal contexts in which children find themselves and moving through to distal contexts that influence children in equally compelling if less immediately manifest ways The volume emphasizes that the child s environment is complex multi dimensional and structurally organized into interlinked contexts children actively contribute to their development the child and the environment are inextricably linked and contributions of both child and environment are essential to explain or understand development Understand the role of parents other family members peers and other adults teachers coaches mentors in a child s development Discover the key neighborhood community and institutional settings of human development Examine the role of activities work and media in child and adolescent development Learn about the role of medicine law government war and disaster culture and history in contributing to the processes of human development The scholarship within this volume and as well across the four volumes of this edition illustrate that developmental science is in the midst of a very exciting period There is a paradigm shift that involves increasingly greater understanding of how to describe explain and optimize the course of human life for diverse individuals living within diverse contexts This Handbook is the definitive reference for educators policy makers researchers students and practitioners in human development psychology sociology anthropology and neuroscience

Searching the Heart Karen Lystra, 1992-06-25 In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope And in October 1883 Dorothea Lummis wrote candidly to her husband Charles I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure In Karen Lystra s richly provocative book Searching the Heart we hear the voices of Charles Albert Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open intimate and emotional love letters While historians of nineteenth century America have explored a host of private topics including courtship marriage birth control sexuality and sex roles they have consistently neglected the study of romantic love Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America Based on a vast array of love

letters the book reveals the existence of a real openness even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships Enabling us to enter the hidden world of Victorian lovers the letters they left behind offer genuine proof of the intensity of their most private interactions feelings behaviors and judgments Lystra discusses how Victorians anthropomorphized love letters treating them as actual visits from their lovers insisting on reading them in seclusion sometimes kissing them as Albert does with Violet s and even taking them to bed She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home Through the medium of love letters *Searching the Heart* allows us to enter unnoticed the Victorian bedroom and parlor We will leave with a different view of middle class Victorian America

Boogie Down Predictions Roy Christopher,2022-09-13 Essays that explore the connections between time representation and identity within hip hop culture This book edited by Roy Christopher is a moment It is the deconstructed sample the researched lyrical metaphors the aha moment on the way to hip hop enlightenment Hip hop permeates our world and yet it is continually misunderstood Hip hop s intersections with Afrofuturism and science fiction provide fascinating touchpoints that enable us to see our todays and tomorrows This book can be for the curious a window into a hip hop infused Alter Destiny a journey whose spaceship you embarked on some time ago Are you engaging this work from the gaze of the future Are you the data thief sailing into the past to U turn to the now Or are you the unborn child prepping to build the next universe No you re the superhero Enjoy the journey from the introduction by Ytasha L Womack Through essays by some of hip hop s most interesting thinkers theorists journalists writers emcees and DJs *Boogie Down Predictions* embarks on a quest to understand the connections between time representation and identity within hip hop culture and what that means for the culture at large Introduced by Ytasha L Womack author of *Afrofuturism The World of Black Sci Fi and Fantasy Culture* this book explores these temporalities possible pasts and further futures from a diverse multilayered interdisciplinary perspective

Juvenile Delinquency: Arnold Binder,Gilbert Geis,Dickson D Bruce Jr.,2001-01-01 ***Juvenile Delinquency*** **The Protestant Ethic and the Spirit of Sport** Steven J. Overman,2011 Steven Overman explores the concordant values of the Protestant ethic capitalism and sport by applying German scholar Max Weber s seminal thesis Weber demonstrated a relationship between the Protestant ethic and a form of economic behavior he labeled the calling of capitalism **Christian Parenting** David P. Setran,2022-06-21 What can the past teach us about what it means to be a good Christian parent today Today s parenting guidance can sometimes feel timeless and inviolable especially when it comes to the spiritual formation of children in Christian households But even in the recent past parenting philosophies have differed widely among Christians in ways that reflect the contexts from which they emerged In this illuminating historical study David Setran catalogs the

varying ways American Protestants envisioned the task of childrearing in the seventeenth eighteenth and nineteenth centuries Comparing two main historical time periods the colonial era and the Victorian era Setran uncovers common threads opposing viewpoints and the cultural and religious influences behind the dominant parenting postures of each era The implications of his findings matter for today s big questions about parenting Should children be viewed as basically good in need of protection from corruption or as fundamentally sinful in need of moral correction How should parents address misbehavior Should a parent s primary role be that of teacher disciplinarian or nurturer What importance should be attributed to devotions and prayer church involvement Sabbath keeping home decorating and fun family activities What consideration should be given to gender Should boys and girls be raised differently Do mothers and fathers have essentially different responsibilities As he surveys these historical perspectives Setran reflects on the legacy and future of Christian parenting concluding that the Protestant heritage encourages the importance of intentional devotional practices the development of close parent child bonds and the creation of godly household environments In the end he argues that all of these historical values are critical to the full expression of Christian parental love This is a love that teaches because it wants to help children understand true goodness that admonishes and restrains because it wants to protect children from whatever keeps them from true pleasure and joy that fosters strong relationships so children might experience the lavishness of God s love that models Christlike sacrifice and guides children into the arms of their Creator

The New American History

American Historical Association, 1997 Originally released in 1990 The New American History edited for the American Historical Association by Eric Foner has become an indispensable volume for teachers and students In essays that chart the shifts in interpretation within their fields some of our most prominent American historians survey the key works and themes in the scholarship of the last three decades Along with substantially revised essays from the first edition this volume presents three entirely new ones on intellectual history the history of the West and the histories of the family and sexuality The second edition of The New American History reflects in Foner s words the continuing vitality and creativity of the study of the past how traditional fields are being expanded and redefined even as new ones are created Author note Eric Foner is DeWitt Clinton Professor of History at Columbia University He is the author of numerous books including Reconstruction 1863 1877 which was awarded the Bancroft Prize
