Ritual in Pueblo Art Byron Harvey (III.), 1970 **Hopi Indian Altar Iconography** Armin Geertz, 2023-09-20 This study focuses on the altars of the major annual Hopi ceremonials which display ritual objects the possession and use of which give religious and secular power With the importance of such objects in mind an iconographic study of Hopi religion is particularly illuminating This study aims to demonstrate how to view Hopi altars and is supplemented by a theory of the mechanics of efficacy in the Hopi altar context The text provides a general introduction to Hopi religious practice and distinguishes three levels of information 1 the calendrical and ritual contexts of Hopi altars 2 the functions of these altars within those contexts and 3 the iconography and iconology of the altars understood here in a literal sense as the study of the forms and structures of the altars on the one hand and the study of the implicit and explicit symbology of the altars on the other The book provides keys to understanding through exemplification and typology and is meant to be of particular use to museums and research libraries **Clowns of the Hopi** Barton Wright, 2004 The author of Hopi Kachinas page 11 one of Northland's best selling books takes an in depth look at Hopi clowns their purposes and their historical backgrounds

Hopi Runners Matthew Sakiestewa Gilbert, 2018-10-10 In the summer of 1912 Hopi runner Louis Tewanima won silver in the 10 000 meter race at the Stockholm Olympics In that same year Tewanima and another champion Hopi runner Philip Zeyouma were soundly defeated by two Hopi elders in a race hosted by members of the tribe Long before Hopis won trophy cups or received acclaim in American newspapers Hopi clan runners competed against each other on and below their mesas and when they won footraces they received rain Hopi Runners provides a window into this venerable tradition at a time of great consequence for Hopi culture The book places Hopi long distance runners within the larger context of American sport and identity from the early 1880s to the 1930s a time when Hopis competed simultaneously for their tribal communities Indian schools city athletic clubs the nation and themselves Author Matthew Sakiestewa Gilbert brings a Hopi perspective to this history His book calls attention to Hopi philosophies of running that connected the runners to their villages at the same time it explores the internal and external forces that strengthened and strained these cultural ties when Hopis competed in US marathons Between 1908 and 1936 Hopi marathon runners such as Tewanima Zeyouma Franklin Suhu and Harry Chaca navigated among tribal dynamics school loyalties and a country that closely associated sport with US nationalism The cultural identity of these runners Sakiestewa Gilbert contends challenged white American perceptions of modernity and did so in a way that had national and international dimensions This broad perspective linked Hopi runners to athletes from around the world including runners from Japan Ireland and Mexico and thus Hopi Runners suggests caused non Natives to reevaluate their understandings of sport nationhood and the cultures of American Indian people *Native Moderns* Bill
