When we find the courage to allow our rebel voice to speak many of us question traditional Christian beliefs about God s power and how it is exercised in the world and in the church We ask What if God is not in omnipotent control of everything What if God s exercise of power is relational and noncoercive instead What if it is the quality rather than the quantity of God s power that really matters This book focuses on the theology of power that emerges when we ask such questions It draws on the social Trinitarian theology of J rgen Moltmann and the process thought of Charles Hartshorne to image God as a Social Trinity in process This vision of God understands the Holy Trinity to be fully relational and thoroughly with us and all creation To think of God and God s power this way ensures freedom for creature and creation and enables a viable response to the problem of evil and suffering It also leads to the conclusion that human relationships in the world and in the church are best modeled on the power sharing solidarity of the Triune God **An Exposition with Practicall Observations;**

The Scent of Hyacinth Sherrie Seibert Goff, 2005-03-13 The Scent of Hyacinth weaves a romantic adventure around the legend of Numa Pompilius Rome's second king and a water nymph named Egeria Tradition ran that Egeria was the mistress of wise King Numa that he consorted with her in the secrecy of a sacred grove and that the laws which he gave the Romans were inspired by communion with her divinity Prima the daughter of assassinated King Romulus holds precariously onto the reins of power and survives the dangerous machinations of ambitious senators only by advancing her friend Numa Pompilius to the heights of government Numa whose training as a religious scholar intensifies his innate distaste for politics decries the intrigues and power plays that accost him in Rome With divine advice from his mistress this gentle lawgiver brings an end to war and institutes the priesthood augurs and vestals for the rough edged Romans The language is rich with specificity of details rhythm and sound in this lovely yet disturbing rendering of a very distant Roman era The author seems to know this story so well and the setting so precisely that it doesn't seem researched at all As a writer Ms Goff inhabits her setting as if she had lived there in a previous life What's more it doesn't come across as a historical or genre novel but pure literature that uses sophisticated fictional elements to render a story that holds themes to which contemporary readers can relate Brilliantly accomplished Writer's Digest Book Awards
