Sex Tourism Marginal People And Liminalities:

Sex Tourism Chris Ryan, Colin Michael Hall, 2001 Sex Tourism examines the issues which emerge from sex worker client interactions and from tourists visiting sex destinations It summarises past research and uses examples from Asia Australasia and the USA *Key Concepts in Tourist Studies* Melanie Smith, Nicola MacLeod, Margaret Hart Robertson, 2010-03-22

Tourism is the fourth biggest industry in the world What are the key concepts in Tourist Studies This essential resource for students of tourism contains concise and authoritative entries on Planning Tourism Sustainable Tourism Festivals and Events Cultural Tourism Economics of Tourism Regeneration The Experience Economy Urban Tourism Sex Tourism Shrewdly judged to suit the needs of the modern student the book offers the basic materials tools and guidance for making sense of tourism and gaining the best results in essays and exams **Sex, Tourism and the Postcolonial Encounter** Jessica

Jacobs, 2016-04-01 Illustrated by revealing interviews with women and men in the tourist resorts in the Sinai Egypt this book is ostensibly about western women who sleep with native men while on holiday Broadening the scope of issues involved it examines the link between these holiday romances and a much wider romanticism of place and people of the landscapes of paradise deserts and the lure of the Bedouin sheikh that are used to sell these destinations It argues that the romantic stereotyping and deliberate positioning of Third World resorts as places that somehow exist outside of the modernities the women come from is inextricably bound up in the relationships Similarly for the local man the tourist resort is perceived as a place other than his own cultural space and time and represents a modernity that is otherwise only found in the West The relationships that ensue can therefore only occur because the tourist resort acts as an intermediate space In analyzing the interaction of these men and women within the context of modernity the book provides insights into gender issues to do with globalization travel and sexuality as well as opening up the debate on sex tourism and showing this to be a lot more ambiguous and complicated than it might at first appear **Women and Sex Tourism Landscapes** Erin

Sanders-McDonagh, 2016-08-12 Sexual spaces normally inhabited by mostly female sex workers are understood as masculine spaces and positioned for and around male consumers However red light zones and public sex performances in both Thailand and Holland are being explored and visually consumed by female tourists in significant numbers Their presence in red light districts and sexual venues is at odds with the ways in which sexual spaces have normally been positioned Woman and Sex Tourism Landscapes explores female tourists interactions with highly sexualized spaces and places in two very different contexts the Netherlands and Thailand Addressing this incongruence this text explores the ways in which these spaces are constructed and examines the different relations that govern the management of and female tourist interactions with these liminal sexual zones Ethnographic data collected in both countries suggests that far from being male centred spaces the red light districts and associated sexual entertainment venues are very much open to female tourists Drawing on this research the author argues that some women are indeed interested in exploring sexualized zones challenging assumptions about

women's involvements with sexual space Thinking specifically about the visual nature of women's sexualized experiences the analysis draws on a range of different theoretical understandings that address power privilege and the gaze An important contribution to a range of debates this book will appeal to students and researchers in tourism geography sociology gender studies and cultural theory *Sex and the Sexual during People's Leisure and Tourism Experiences* Neil Carr, Yaniv Poria, 2010-05-11 Sex and the sexual have for far too long been consigned to the dark corners by social scientists in general and tourism and leisure scholars in particular Sex and the Sexual During People's Leisure and Tourism Experiences seeks to begin to rectify this situation by bringing the position and nature of sex and the sexual into the light of academic debate As such this book is designed to highlight cross disciplinary emerging work on sex and the sexual in leisure and tourism and provide the readers with insights into this social realm It encompasses a broad array of sex related issues and tourism and leisure environments from across a variety of countries The book should appeal to researchers and students across the humanities and social sciences both for the value of the research in its own right and the ability of it to be used as a lens through which to view the position of sex and the sexual as well as tourism and leisure in today's world Overall it is argued that sex and the sexual should play a part in the academic discourse especially if we wish to describe what is actually happening out there as far as tourism and leisure are concerned **Philosophies of Hospitality and Tourism** Prokopis A. Christou, 2020-11-05 This book introduces readers to philosophies of hospitality and tourism It provides insights into classic philosophical concepts and explains how these can inform the actions of tourism stakeholders practitioners hosts and tourists The volume explores four main areas the nexus of philosophy with tourism and hospitality the philosophy of giving in hospitality and tourism the receiving end such as emotional tourist experiences happiness and overtourism including the notion of gluttony and philosophical issues related to tourism development such as the spirit of places and thanatourism The discussion of philanthropy within the context of tourism is a strength of the book and will be important in a post Covid 19 tourism industry The book will be of interest to students researchers and practitioners in tourism and hospitality **Sex Work** Teela Sanders, 2013-01-11 This is a richly detailed account of the way the sex industry works and one of the few empirical studies that investigates the off street industry in Britain The book seeks to advance a greater knowledge of the social organisation of the sex industry by uncovering the day to day activities of women involved in the indoor markets What types of occupational risks do women experience in work of this kind How do these hazards affect their personal lives A key concern throughout the book is to assess whether women are passive victims of the circumstances of prostitution or whether they understand and calculate their responses to danger Drawing upon both sociological and criminological theories and on detailed research in the city of Birmingham the author addresses these questions by estimating the rationality of those responses and by providing a measure of how women make sense of different risks Sex Work a risky business describes how women create complex psychological and emotional techniques to maintain their sanity while selling sex and goes on to

argue that the indoor sex markets in Britain have a distinct occupational culture with a set of social norms code of conduct and moral hierarchies that make it a high regulated workplace despite its illicit and sometimes illegal nature **Rethinking the Anthropology of Love and Tourism** Sagar Singh,2019-03-18 In Rethinking the Anthropology of Love and Tourism Sagar Singh draws on anthropology sociology psychology history religious studies literature and the study of mysticism among other disciplines to arrive at an understanding of love that is free from theoretical biases Utilizing data from South Asia India the United Kingdom the United States and Europe Singh newly defines tourism tourism anthropology tourism studies and ecotourism This book is an indispensable guide to all involved and interested in tourism For more information check out A Conversation with Sagar Singh Rethinking the Anthropology of Love and Tourism **Michel Houellebecq** Douglas Morrey,2013-03-19 Appraises the global significance of controversial French author Michel Houellebecq s novelistic visions and philosophical position Unveiling Desire Devaleena Das,Colette Morrow,2018-01-16 Unveiling Desire shows that the duality of the fallen saved woman is as prevalent in Eastern culture as it is in the West specifically in literature and films Using examples from the Middle to Far East the contributors examine how the struggle for women s liberation is truly global The Geographies of Digital Sexuality Catherine J. Nash,Andrew Gorman-Murray,2019-05-22 This edited book engages with the rapidly emerging field of the geographies of digital sexualities that is the interlinkages between sexual lives material and virtual geographies and digital practices Modern life is increasingly characterised by our integrated engagement in digital material landscapes activities and our intimate life online can no longer be conceptualised as discrete from real life Our digital lives are experienced as a material embeddedness in the spaces of everyday life marking the complex integration of real and digital geographies Perhaps nowhere is this clearer than in the ways that our social and sexual practices such as dating or casual sex are bound up online and online geographies and in many cases constitute specific sexuality based communities crossing the digital material divide The aim of this collection is to explore the complexities of these newly constituted and interwoven sexual and gender landscapes through empirical theoretical and conceptual engagements through wide ranging innovative and original research in a new and quickly moving field **The Routledge Handbook of Tourism Geographies** Julie Wilson,2012-03-15 Geographical analysis of tourism spaces and places is advancing fast In terms of human geography the various recent academic turns have led to fresh examination of existing debates and have advanced new theoretical ideas in geography that are more salient than ever for tourism studies The Routledge Handbook of Tourism Geographies seeks to examine such recent developments by providing a state of the art review of the field documenting advances in research and evaluating different perspectives approaches techniques and contexts The Routledge Handbook of Tourism Geographies considers recent disciplinary developments including post disciplinarily in geography in relation to the study of tourism It also analyzes the fledgling relationships of the new mobilities paradigm critical tourism studies and cultural political economy to tourism spaces and places as well as acknowledging a

Gender and Tourism Sustainability Claudia Eger, Ana María Munar, Cathy H.C. Hsu, 2023-03-21 This book examines the relationship between gender and sustainability in tourism Whilst an extensive body of work exists in the areas of gender and sustainability these two fields of knowledge are seldom combined to examine tourism phenomena When we look at the evolution of tourism we see that sustainability has become an essential element in educational programmes policy making and strategic considerations for organisations and destinations Whilst the beginnings of tourism sustainability were challenging presently its relevance is seldom questioned However this situation is not the case with gender research Although gender theorising and research have existed for over a century and a rich legacy of knowledge exists on this topic meaningful and respectful engagement with this line of scholarship is thus far peripheral in tourism studies The aim of this book is to reflect on and rethink the intersection of gender and tourism sustainability through the lens of gender theory and feminist epistemology to stay with the trouble and devise pathways for sustainability gender knowledge This book will be of great interest to students researchers and academics in tourism gender and sustainability as well as tourism management The chapters in this book were originally published as a special issue of the Journal of Sustainable Tourism **Classic**
