Pornology Ayn Carrillo-Galley, 2025-04-08 When Ayn Carrillo Gailey confronted her boyfriend about his porn habit he pronounced her pornophobic Determined to prove she wasn't phobic simply more enlightened Ayn set out to learn all she could about this phenomenon Like any good researcher she added her new quest to her daily To Do list 1 Drop off dry cleaning 2 Call Mom 3 Visit sex toy store on Melrose Acting as an amateur anthropologist introduced Ayn to a world populated by everyday people Her quest aroused the curiosity of her female friends her knitting group quickly turned into informal information sessions as the women single or married involved or not were desperate for information What does XXX mean vs un rated What's the difference between topless dancers and strip clubs Why is some of it actually not that stimulating And why are men obsessed with it Along the way Ayn ditched the porn obsessed boyfriend and learned that one should not try to make change from a stripper's G string tips nor is the Hustler store the best place to make a first impression on a hot guy Pornology is the result of one woman's quest to pierce the veil that modestly covers something many women actually want to know about Surprising hilarious informative and ultimately non judgmental this narrative is one readers won't put down once they admit they're curious enough to pick it up

Pornland Gail Dines, 2010-08-06 Professor Gail Dines has written about and researched the porn industry for over two decades She attends industry conferences interviews producers and performers and speaks to hundreds of men and women each year about their experience with porn Students and educators describe her work as life changing In Pornland the culmination of her life's work Dines takes an unflinching look at porn and its affect on our lives Astonishingly the average age of first viewing porn is now 11 5 years for boys and with the advent of the Internet it's no surprise that young people are consuming more porn than ever But as Dines shows today's porn is strikingly different from yesterday's Playboy As porn culture has become absorbed into pop culture a new wave of entrepreneurs are creating porn that is even more hard core violent sexist and racist To differentiate their products in a glutted market producers have created profitable niche products like teen sex torture porn and gonzo in order to entice a generation of desensitized users Going from the backstreets to Wall Street Dines traces the extensive money trail behind this multibillion dollar industry one that reaps more profits than the film and music industries combined Like Big Tobacco with its powerful lobbying groups and sophisticated business practices porn companies don't simply sell products Rather they influence legislators partner with mainstream media and develop new technologies like streaming video for cell phones Proving that this assembly line of content is actually limiting our sexual freedom Dines argues that porn's omnipresence has become a public health concern we can no longer ignore
