Sexual Attitudes Myths And Realities:

Sexual Attitudes Vern L. Bullough, Bonnie Bullough, 1995 Two acclaimed sexologists visit the many assumptions we harbor about human sexuality while highlighting the ways in which social moral and religious attitudes have dramatically changed They argue that new knowledge need not undermine morality even when it challenges traditional attitudes about sexual behavior Annotation copyright by Book News Inc Portland OR

Midlife Myths and Realities William Van Hoose, 1985-04 The middle years in life are often associated with disturbing terms such as midlife crisis and middle aged crazy But these catchy terms are only misleading myths Dr Van Hoose claims citing research and case histories to support this positive look at midlife Midlife is a time filled with opportunity for personal fulfillment Most midlife age people are more independent and financially secure than they have ever been before Midlife adults are reaching the peak of productivity and they occupy most of the positions of power and influence in our society This common sense and upbeat look at midlife should dispel the fears so many people share as they approach middle age

Handbook of Research on Translating Myth and Reality in Women Imagery Across Disciplines Ciolăneanu, Roxana, Marinescu, Roxana-Elisabeta, 2020-11-13 Women have been represented in art literature music and more for decades with the image of the woman changing through time and across cultures However rarely has a multidisciplinary approach been taken to examine this imagery and challenge and possibly reinterpret old women related myths and other taken for granted aspects e g grammatically inclusive gender Moreover this approach can better place the ideologies as myth creators and propagators identify and deconstruct stereotypes and prejudices and compare them across cultures with the view to spot universal vs culturally specific approaches as far as women s studies and interpretations are concerned It is important to gather these perspectives to translate and unveil new interpretations to old ideas about women and the feminine that are universally accepted as absolute impossible to challenge and invalidated truths The Handbook of Research on Translating Myth and Reality in Women Imagery Across Disciplines is a comprehensive reference book that provides an interdisciplinary and multidisciplinary perspective on the perception and reception of women across time and space It tackles various perspectives gender studies linguistic studies literature and cultural studies discourse analysis philosophy anthropology sociology etc Its main objective is to present new approaches and propose new answers to old questions related to gender inequalities stereotypes and prejudices about women and their place in the world Covering significant themes that include the ethics of embodiment myth of motherhood at the crossroad of ideologies translation of women s experiences and ideas across cultures and discourses on women s rehabilitation and dignification across centuries this book is critical for linguists professionals researchers academicians and students working in the fields of women s studies gender studies cultural studies and literature as well as other related categories such as political studies education studies philosophy and the social sciences

Positive Leisure Science Teresa Freire, 2012-12-15 This book extends positive psychology by embedding leisure into the positive science field

following a new paradigm and aggregating various domains and fields Positive science can be applied to the field of leisure and in turn leisure can serve as an arena to study some of the most important optimal functioning variables The book presents knowledge on a diverse range of topics about optimizing socio cognitive processes and behaviors places and contexts societies and cultures through leisure These topics are unified by an underlying continuum that extends from individuals and subjective experiences to social worlds The contributions highlight components of everyday life showing that subjective experience and life trajectories are structured and social goals and life purposes are defined and achieved within interactions between individuals and their lived contexts and environments in daily life

Treatment Interventions in Human Sexuality Carol Nadelson,2012-12-06 Despite much progress in the past ten years American medical schools have woefully inadequate sex education curricula While some have a reasonable amount of lecture time few have clinical opportunities for students to develop practical skills in working with patients who are struggling with sexual problems It is my impression that the same is true in medical and gynecological residencies as well as in graduate schools of psychology counseling and social work This book was specifically written to help fill that gap This is a book for clinicians and it will provide a wealth of practical clinical knowledge and skills in dealing with the gamut of patient s sexual concerns problems and dilemmas Twenty four experts have contributed eighteen chapters which address both the common and unusual sexual issues encountered in practice These include sexual concerns from childhood to old age gender identity and sexual preference sexual dysfunction including that of the physically ill and disabled counseling with students premarital marital and divorced patients fertility and infertility and chapters dealing with rape incest and other sexual contacts between adults and children Of particular importance are chapters on human sexuality in American minority populations a chapter on alcohol medication and other drugs and a chapter on medical management of sexual problems in the gay population a subject long ignored by the profession The focus on practical intervention and skill development is amplified by the concluding four appendixes devoted to patient management problems
