Shakespeare Marlowe And The Politics Of France

Simon Barker

Shakespeare Marlowe And The Politics Of France:

Shakespeare, Marlow and the Politics of France R. Hillman, 2002-04-09 Taking a wide ranging intertextual approach Richard Hillman sets Early Modern English play texts against political and cultural discourses concerning France as these informed contemporary English consciousness The English works explored go beyond those directly representing French affairs the French examples include dramatic treatments of Joan of Arc and of the assassination of the Guises by Henri III In addition to its fresh readings of some familiar plays the book proposes as unique to the English French dynamic a theoretical model relating history discourse and subjectivity *Politics and 'Politiques' in Sixteenth-Century France* Emma

Claussen, 2021-06-17 Explores conceptions of politics in early modern France and the controversies the word politique attracted during the Wars of Religion **Shakespeare And Renaissance Europe** Andrew Hadfield, 2014-05-13 This collection of essays explores the diverse ways in which Shakespeare and his contemporaries experienced and imagined Europe The book charts the aspects of European politics and culture which interested Renaissance travellers thus mapping the context within which Shakespeare's plays with European settings would have been received Chapters cover the politics of continental Europe the representation of foreigners on the English stage the experiences of English travellers abroad Shakespeare's reading of modern European literature the influence of Italian comedy his presentation of Moors from Europe's southern frontier and his translation of Europe into settings for his plays **Shakespeare's Hybrid Faith** J.

Mayer, 2006-08-04 This book throws new light on the issue of the dramatist's religious orientation by dismissing sectarian and one-sided theories tackling the problem from the angle of the variegated Elizabethan context recently uncovered by modern historians and theatre scholars It is argued that faith was a quest rather than a quiet certainty for the playwright

Staging Female Characters in Shakespeare's English History Plays Hailey Bachrach, 2023-11-16 A bold and interdisciplinary account of female characters' roles in Shakespeare's history plays combining literary analysis and dramaturgy **Onstage Violence in Sixteenth-Century French Tragedy** Michael Meere, 2021-10-21 The performance of violence on the stage has played an integral role in French tragedy since its inception Onstage Violence in Sixteenth Century French Tragedy is the first book to tell this story It traces and examines the ethical and poetic stakes of violence as playwrights were experimenting with the newly discovered genre during decades of religious and civil war c 1550-1598 The study begins with an overview of the origins of French vernacular tragedy and the complex relationships between violence performance ethics and poetics The volume focuses on specific plays and analyzes biblical mythological historical and politically topical tragedies including the stories of Cain and Abel David and Goliath Medea the Sultan Soleyman the Magnificent the Roman general Regulus and the assassination of the Duke of Guise in 1588 to show how the multifarious uses of violence on stage shed light on a range of pressing issues during that turbulent time such as religion gender politics and militantism Shakespeare's Problem Plays Simon Barker, 2005-04-25 This New Casebook offers a wide ranging

selection of contemporary critical readings of Shakespeare's three problem plays *All's Well that Ends Well*, *Measure for Measure* and *Troilus and Cressida*. Together they reflect the diversity of late twentieth century theory and the controversy that continues to be generated by the plays and discuss a variety of key issues. These include the meaning of the term problem play, the historical context and political and cultural significance of the plays as well as issues of staging and theatre history. The volume also provides a helpful introduction which guides the reader through the critical approaches, terms and debates as well as explanatory notes for each essay and a useful section on further reading.

Villainy in France (1463-1610) Jonathan Patterson, 2021-04-15. Obscene poetry, servants' slanders against their masters, the diabolical acts of those who committed massacre and regicide. This is a book about the harmful outward manifestation of inner malice, villainy in French culture, 1463-1610. In pre-modern France, villainous offences were countered if never fully contained by intersecting legal and literary responses. Combining the methods of legal anthropology with literary and historical analysis, this study examines villainy across juridical documents, criminal records and literary texts. Whilst few people obtained justice through the law, many pursued out-of-court settlements of one kind or another. Literary texts commemorated villainies, both fictitious and historical; literature sometimes instantiated the process of redress and enabled the transmission of conflicts from one context to another. *Villainy in France* follows this overflowing current of pre-modern French culture, examining its impact within France and across the English Channel. Scholars and cultural critics of the Anglophone world have long been fascinated by villainy and villains. This book reveals the subject's significant Frenchness and establishes a transcultural approach to it in law and literature. In this study, villainy's particular significance emerges through its representation in authors remembered for their less-than-respectable even criminal activities: François Villon, Clément Marot, François Rabelais, Pierre de L'Estoile, Christopher Marlowe, Ben Jonson, John Marston and George Chapman. *Villainy in France* affords legal-literary comparison of these authors alongside many of their lesser-known contemporaries; in so doing, it reinterprets French conflicts within a wider European context from the mid-fifteenth century to the early seventeenth century.

The Reputation of Edward II, 1305-1697 Kit Heyam, 2025-10-01. During his lifetime and the four centuries following his death, King Edward II (1307-1327) acquired a reputation for having engaged in sexual and romantic relationships with his male favourites and having been murdered by penetration with a red-hot spit. This book provides the first account of how this reputation developed, providing new insights into the processes and priorities that shaped narratives of sexual transgression in medieval and early modern England. In doing so, it analyses the changing vocabulary of sexual transgression in English, Latin and French, the conditions that created space for sympathetic depictions of same-sex love and the use of medieval history in early modern political polemic. It also focuses in particular on the cultural impact of Christopher Marlowe's *Edward II* (c. 1591-92). Through such close readings of poetry and drama alongside chronicle accounts and political pamphlets, it demonstrates that Edward's medieval and early modern afterlife was significantly shaped by the influence of literary texts.

and techniques A literary transformation of historiographical methodology is it argues an apposite response to the factors that shaped medieval and early modern narratives of the past

French origins of English tragedy Richard Hillman,2013-07-19 Richard Hillman applies to tragic patterns and practices in early modern England his long standing critical preoccupation with English French cultural connections in the period With primary though not exclusive reference on the English side to Shakespeare and Marlowe and on the French side to a wide range of dramatic and non dramatic material he focuses on distinctive elements that emerge within the English tragedy of the 1590s and early 1600s These include the self destructive tragic hero the apparatus of neo Senecanism including the Machiavellian villain and the confrontation between the warrior hero and the femme fatale The broad objective is less to discover influences although some specific points of contact are proposed than at once to enlarge and refine a common cultural space through juxtaposition and intertextual tracing The conclusion emerges that the powerful if ambivalent fascination of the English for their closest Continental neighbours expressed itself not only in but through the theatre

French Reflections in the Shakespearean Tragic Richard Hillman,2018-07-30 Hillman explores English tragedy in relation to France with a frank concentration on Shakespeare He sets out to theorise more abstract tragic qualities such as nostalgia futility and heroism with reference to specific French texts and contexts Three manifestations of the Shakespearean tragic are singled out Hamlet Antony and Cleopatra and All s Well That Ends Well a comedy with melancholic overtones whose French setting is shown to be richly significant Hillman brings to bear on each of these central works a cluster of French intertextual echoes sometimes literary in origin whether dramatic or otherwise sometimes involving historical texts memoirs or contemporary political documents which have no obvious connection with the plays but prove capable of enriching interpretation of them It will be of interest not only to scholars specialising in early modern English theatre but also to both specialists and students concerned with the circulation of information and the production of meaning within early modern European culture

Special Section, European Shakespeares Graham Bradshaw,Tom Bishop,2008 This eighth volume of The Shakespearean International Yearbook presents a special section on European Shakespeares which highlights how the inclusion of Shakespeare in European culture has been not only a European but also a world affair Contributors to this issue come from Europe North America South Africa and India In addition to the section on European Shakespeares essays in this volume consider issues of character and the genre of romance and other topics

French Connections in the English Renaissance Catherine Gimelli Martin,Hassan Melehy,2016-04-15 The study of literature still tends to be nation based even when direct evidence contradicts longstanding notions of an autonomous literary canon In a time when current events make inevitable the acceptance of a global perspective the essays in this volume suggest a corrective to such scholarly limitations the contributors offer alternatives to received notions of influence and the more or less linear transmission of translatio studii demonstrating that they no longer provide adequate explanations for the interactions among the various literary canons of

the Renaissance Offering texts on a variety of aspects of the Anglo French Renaissance instead of concentrating on one set of borrowings or phenomena this collection points to new configurations of the relationships among national literatures Contributors address specific borrowings rewritings and appropriations of French writing by English authors in fields ranging from lyric poetry to epic poetry to drama to political treatise The bibliography presents a comprehensive list of publications on French connections in the English Renaissance from 1902 to the present day

Who Was William Shakespeare? Dymrna Callaghan,2013-01-14 A new study of Shakespeare s life and times which illuminates our understanding and appreciation of his works Combines an accessible fully historicised treatment of both the life and the plays suited to both undergraduate and popular audiences Looks at 24 of the most significant plays and the sonnets through the lens of various aspects of Shakespeare s life and historical environment Addresses four of the most significant issues that shaped Shakespeare s career education religion social status and theatre Examines theatre as an institution and the literary environment of early modern London Explains and dispatches conspiracy theories about authorship

The Renaissance Discovery of Violence, from Boccaccio to Shakespeare Robert Appelbaum,2021-11-16 Many have wondered why the works of Shakespeare and other early modern writers are so filled with violence with murder and mayhem This work explains how and why putting the literature of the European Renaissance in the context of the history of violence Personal violence was on the decline in Europe beginning in the fifteenth century but warfare became much deadlier and the stakes of war became much higher as the new nation states vied for hegemony and the New World became a target of a shattering invasion There are times when Renaissance writers seem to celebrate violence but more commonly they anatomized it and were inclined to focus on victims as well as warriors on the horrors of violence as well as the need for force to protect national security and justice In Renaissance writing violence has lost its innocence

Shakespeare's Politic Histories John H.

Cameron,2023-12-22 This book posits that Shakespeare s First Tetralogy draws inspiration from the Italian politic histories of the early modern period These works of history influenced by the Roman historian Tacitus delve into the exploration of the machinations of power politics in governance and the shaping of historical events The argument is that closely analysing these Italian politic histories can significantly enhance our understanding of the politic aspects dramatized in Shakespeare s early English History plays Specifically the writings of Niccolo Machiavelli are highlighted as contributing to this understanding These politic histories were accessible in a variety of forms to many English early modern writers including Shakespeare Thus they serve as foundation for political and strategic analogies enriching our interpretation of Shakespeare s politic histories While delving into the Italian politic historians can illuminate Shakespeare s achievement it is suggested that we should regard the English History plays as politic histories in their own right In essence they are dramatized versions of precisely the same kinds of politic historical writing with its emphasis on ragion di Stato or raison d tat This emphasis on what the Elizabethans called stratagems introduces new approaches to interpreting the plays Considering the motivation and

action of its characters entails novel approaches that challenge the established reading of the plays Machiavellian characters particularly Richard III and shed light on previously overlooked characters particularly Buckingham and Stanley revealing their considerably greater strategic acumen This exploration provides fresh avenues for reading the Shakespeare s politic histories and better appreciate their Italian connection Renaissance Drama on the Edge Lisa Hopkins,2016-03-23

Recurring to the governing idea of her 2005 study Shakespeare on the Edge Lisa Hopkins expands the parameters of her investigation beyond England to include the Continent and beyond Shakespeare to include a number of dramatists ranging from Christopher Marlowe to John Ford Hopkins also expands her notion of liminality to explore not only geographical borders but also the intersection of the material and the spiritual more generally tracing the contours of the edge which each inhabits Making a journey of its own by starting from the most literally liminal of physical structures walls and ending with the wholly invisible and intangible the idea of the divine this book plots the many and various ways in which for the Renaissance imagination metaphysical overtones accrued to the physically liminal **Re-imagining Western European Geography in English Renaissance Drama** M. Matei-Chesnoiu,2012-07-25 Matei Chesnoiu examines the changing understanding of world geography in sixteenth century England and the concomitant involvement of the London theatre in shaping a new perception of Western European space Fresh readings are offered of Shakespeare Jonson Marlowe Middleton Dekker Massinger Marston and others **Shakespeare and the French Borders of English** Michael Saenger,2013-09-18

This study emerges from an interdisciplinary conversation about the theory of translation and the role of foreign language in fiction and society By analyzing Shakespeare s treatment of France Saenger interrogates the cognitive borders of England a border that was more dependent on languages and ideas than it was on governments and shorelines *Transactions of the Royal Historical Society: Volume 14* Aled Jones,2005-05-05 The Transactions of the Royal Historical Society publish an annual collection of major articles representing some of the best historical research by some of the world s most distinguished historians

This is likewise one of the factors by obtaining the soft documents of this **Shakespeare Marlowe And The Politics Of France** by online. You might not require more time to spend to go to the books inauguration as well as search for them. In some cases, you likewise pull off not discover the statement Shakespeare Marlowe And The Politics Of France that you are looking for. It will definitely squander the time.

However below, subsequent to you visit this web page, it will be as a result agreed easy to acquire as competently as download guide Shakespeare Marlowe And The Politics Of France

It will not acknowledge many period as we explain before. You can pull off it though perform something else at house and even in your workplace. suitably easy! So, are you question? Just exercise just what we have enough money below as with ease as review **Shakespeare Marlowe And The Politics Of France** what you in imitation of to read!
