Courage to Grow Leading with Intentionality shows educational leaders how to design and carry out a leadership professional development plan. It is a guide that allows leaders to construct their own learning to measure knowledge, assess growth, and improve performance. This training manual is for the teacher leader, beginning principal, practicing principal, assistant principal, department chair, district office administrator, aspiring leadership candidate, and professor of principal preparation. Chapters begin with a section called Learning with Intentionality, as defined as an intense energy or desire to grow exponentially, followed by a personal application of Caring with Intentionality. Chapters 2-7 include a leadership self-assessment utilizing the ISLLC Standards and conclude with growth activities. Depending on their leadership roles, the readers can select activities best suited to grow performance from present realities to ideal conditions for learning. The reader is then encouraged to design a personal Action Plan that takes into account knowledge from each chapter, strategies for growing performance with intentionality, and self-assessment results. Finally, each chapter includes websites, resources, and activities to improve leadership.

Web Project Management for Academic Libraries Jody Condit Fagan, Jennifer Keach, 2009-12-04. Managing the process of building and maintaining an effective library website can be as challenging as designing the product itself. *Web Project Management for Academic Libraries* outlines the best practices for managing successful projects related to the academic library website. The book is a collection of practical, real-world solutions to help web project managers plan, engage stakeholders, and lead organizations through change. Topics covered include the definition and responsibilities of a web project manager, necessary roles for the project team, effective communication practices, designing project workflow, executing the project, and usability testing and quality control. The techniques recommended are drawn from the experiences of the authors and from library and project management literature. The book is an essential text for library staff working as project managers or on web teams, library administrators, library school faculty and students, and web consultants working with libraries. Field-tested web project management guidance grounded in the literature of librarianship, project management, and web development. Consideration of the special needs of academic libraries. Practical, step-by-step guidance for novices and experts in libraries of all sizes.

The Essential Academic Dean Jeffrey L. Buller, 2007-11-09. The role of an academic dean is extremely complex, involving budgeting, community relations, personnel decisions, managing a large enterprise, mastering numerous details, fundraising, and guiding a school or college toward a compelling vision for the future. But no academic dean can quickly master all of the intricacies involved in this challenging position. For instance, how do you build support for a shared vision of your unit's future? How do you interact effectively with all of the different internal and external constituencies that a dean must serve? How do you set, supervise, and implement a budget? How do you handle the volume of documents that cross your desk? How do you fire someone, ask a chair to step down, respond to a reporter on the telephone, and settle disputes about intellectual property rights? How do you know when it's time to consider leaving your current position for another opportunity? *The Essential Academic Dean* is about the how of academic

leadership Based on a series of workshops given by the author on college administration and management each topic deals concisely with the most important information deans need at their fingertips when faced with a particular challenge or opportunity Written both as a comprehensive guide to the academic deanship and as a ready reference to be consulted when needed this book emphasizes proven solutions over untested theories and stresses what deans need to know now in order to be most successful as academic leaders Ethics by Design Stephanie L. Moore Ph. D., Stephanie L. Moore, 2010 Is your organization harvesting the positive results of thinking and acting ethically Ethics by Design delivers essential guidance for those who would follow Peter Drucker's sage advice It is more important to do what is right than it is to do things right
