Our Invisible Bodies Jay Alfred, 2007-02-13 What has plasma and dark matter got to do with your afterlife In 2005 Jay proposed that dark matter which comprises about 85 per cent of the matter in the universe could include self interacting dark plasma Subsequently this proposal received support in the scientific literature This has significant implications not only for the universe as a whole but also planet Earth and its inhabitants In recent years scientists have pointed out to the life like characteristics of plasma How has this life like dark plasma participated in human evolution Does dark plasma provide the physical basis for your afterlife Do we have plasma bodies which co evolved endosymbiotically with our ordinary matter bodies but are currently invisible to us This book explores this in detail while adhering to experimental data with some surprising conclusions Highlighted readers comments I have read several books over the years on this theme of correlating science with spirit They include *The Tao of Physics* and more recently *The Divine Matrix* This masterpiece by Jay Alfred however is one of the best because it explores deeper and more passionately than the others A riveting read and in my opinion this book should be a best seller There s nothing parapsychological paranormal about it we just haven t had the science to explain it until now I ve been reading all three of Jay Alfred s books and so far I ve seriously enjoyed all of them I actually haven t been able to put them down The first few pages are worth the price of this book

David Foster Wallace and Religion Michael McGowan, Martin Brick, 2019-11-14 In the years since his suicide scholars have explored David Foster Wallace s writing in transdisciplinary ways This is the first book of its kind to discuss

how Wallace understood and wrote about religion At present the scholarly community is sharply divided on how best to read Wallace on religious questions Some interpret him to be a Nietzschean nihilist while others see in him a profoundly spiritual even mystical thinker Some read Wallace as a Buddhist thinker and others as a Christian existentialist Involved at every level of this discussion are Wallace s experiences in Twelve Step recovery programs according to which only a higher power can help one remove unwanted defects of character The multifarious essays in this volume by literature religion and philosophy scholars in the Wallace community delve into Wallace s life and writings to advance the conversation about Wallace and religion While they may disagree with one another in substantial ways the contributors argue that Wallace was not only deliberate in his writings on religious themes but also displayed an impressive level of theological nuance **Anguttara**
