

MODERN PHILOSOPHY

AN INTRODUCTION AND SURVEY

ROGER SCRUTON

BLOOMSBURY

On Modern Philosophy

Michael Rohlf

On Modern Philosophy:

Modern Philosophy Roger Scruton, 2012-11-26 Roger Scruton is one of the most widely respected philosophers of our time whose often provocative views never fail to simulate debate In *Modern Philosophy* he turns his attention to the whole of the field from the philosophy of logic to aesthetics and in so doing provides us with an essential and comprehensive guide to modern thinking

On Modern Philosophy Garrett Thomson, 2004 This historically organized book presents a holistic picture of the development of modern philosophy It contains chapters on each of the major thinkers of this period Galileo Bacon Descartes Hobbes Spinoza Newton Locke Leibniz Berkeley Hume and Kant *ON MODERN PHILOSOPHY* concisely presents the aims of each thinker and their basic argumentative strategies for achieving those aims in the context of their lives The Wadsworth Philosophical Topics Series presents readers with concise timely and insightful introductions to a variety of traditional and contemporary philosophical subjects With this series edited by Robert Talisse of Vanderbilt University philosophy students will be able to discover the richness of philosophical inquiry across a wide array of concepts including hallmark philosophical themes and topics typically underrepresented in mainstream philosophy publishing Written by a distinguished list of scholars who have been noted for their exceptional teaching abilities this series presents the vast sweep of today's philosophical exploration in highly accessible and affordable volumes These books will prove valuable to philosophy teachers and their students as well as to other readers who share a general interest in philosophy

The Modern Turn Michael Rohlf, 2017-12 What is the modern turn in philosophy In other words what are the features that make modern philosophy distinctively modern in contrast with the pre modern philosophy from which it emerged for example medieval scholasticism Renaissance philosophy and ancient Greek and Roman thought How did the modern turn in philosophy transpire That is what did specific philosophers contribute that shaped the distinctive character of modern philosophy The twelve essays in this volume seek to address these questions and in doing so they exemplify and contribute to a rich debate about the nature and value of modern philosophy This volume approaches the modern turn not as an event that occurred all at once but rather as a series of shifts in different areas of philosophy at different times The essays are arranged broadly in chronological order of the topics they treat Among the themes that recur most often in these essays are first that modern philosophy is characteristically preoccupied with questions about foundations and second that it ultimately prioritizes practice over theory But the virtues of this text is in presenting a wide range of perspectives on modern philosophy what constitutes it as modern when it arose and what its shortcomings may be

A New Modern Philosophy Gwendolyn Marshall, Susanne J. Sreedhar, 2023-07-11 The seventeenth and eighteenth centuries are arguably the most important period in philosophy's history given that they set a new and broad foundation for subsequent philosophical thought Over the last decade however discontent among instructors has grown with coursebooks unwavering focus on the era's seven most well known philosophers all of them white and male and on their exclusively metaphysical and epistemological concerns

While few dispute the centrality of these figures and the questions they raised the modern era also included essential contributions from women like Margaret Cavendish Elisabeth of Bohemia Mary Wollstonecraft and milie Du Ch telet as well as important non white thinkers such as Anton Wilhelm Amo Julien Raimond and Ottobah Cugoano At the same time there has been increasing recognition that moral and political philosophy philosophy of the natural world and philosophy of race also vibrant areas of the seventeenth and ighteenth centuries need to be better integrated with the standard coverage of metaphysics and epistemology The second edition of A New Modern Philosophy The Inclusive Anthology of Primary Sources addresses in one volume these valid criticisms Weaving together multiple voices and all of the era s vibrant areas of debate this volume sets a new agenda for studying modern philosophy It includes a wide range of readings from 36 thinkers integrating essential works from all of the canonical writers along with the previously neglected philosophers Editors Gwendolyn Marshall and Susanne Sreedhar provide an introduction for each author that sets the thinker in his or her time period as well as in the longer debates to which the thinker contributed Study questions and suggestions for further reading conclude each chapter At the end of the volume in addition to a comprehensive subject index the book includes 13 Syllabus Modules which will help instructors use the book to easily set up different topically structured courses such as The Citizen and the State Mind and Matter Education Theories of Perception or Metaphysics of Causation And an eResource offers a wide range of supplemental online resources including essay assignments exams quizzes student handouts reading questions and scholarly articles on teaching the history of philosophy Key Updates to the Second Edition Provides an expanded table of contents and the addition of new chapters on Galileo and Sor Juana Ines De La Cruz Expands readings and coverage in chapters on Spinoza and Descartes Offers improved Syllabus Modules at the back of the book Includes a new Student Introduction Updates bibliographic information

Modern Philosophy Roger Ariew, Eric Watkins, 2009-09-01 The leading anthology of writings of the modern period Modern Philosophy provides the key works of seven major philosophers along with a rich selection of associated texts by other leading thinkers of the period chosen to deepen the reader s understanding of modern philosophy and its relationship to the natural sciences Building on the strengths of the first edition the second edition of Modern Philosophy is enhanced by the addition of the following selections Montaigne Apology for Raymond Sebond The Senses Are Inadequate Newton Principia General Scholium and Optics Query 31 Hume Dialogues Concerning Natural Religion Parts 1 5 and 9 12 Reid Inquiry Into Human Mind Conclusion and Essays on the Intellectual Powers of Man Of Judgment chap 2 Of Common Sense

Some Turns of Thought in Modern Philosophy: Five Essays George Santayana, 1933-01-01 A good portrait of Locke would require an elaborate background His is not a figure to stand statuesquely in a void the pose might not seem grand enough for bronze or marble Rather he should be painted in the manner of the Dutch masters in a sunny interior scrupulously furnished with all the implements of domestic comfort and philosophic enquiry the Holy Bible open majestically before him and beside it that other revelation the terrestrial globe His

hand might be pointing to a microscope set for examining the internal constitution of a beetle but for the moment his eye should be seen wandering through the open window to admire the blessings of thrift and liberty manifest in the people so worthily busy in the market place wrong as many a monkish notion might be that still troubled their poor heads From them his enlarged thoughts would easily pass to the stout carved ships in the river beyond intrepidly setting sail for the Indies or for savage America Yes he too had travelled and not only in thought He knew how many strange nations and false religions lodged in this round earth itself but a speck in the universe There were few ingenious authors that he had not perused or philosophical instruments that he had not as far as possible examined and tested and no man better than he could understand and prize the recent discoveries of the incomparable Mr Newton Nevertheless a certain uneasiness in that spare frame a certain knitting of the brows in that aquiline countenance would suggest that in the midst of their earnest eloquence the philosopher's thoughts might sometimes come to a stand Indeed the visible scene did not exhaust the complexity of his problem for there was also what he called the scene of ideas immaterial and private but often more crowded and pressing than the public scene Locke was the father of modern psychology and the birth of this airy monster this half natural changeling was not altogether easy or fortunate I wish my erudition allowed me to fill in this picture as the subject deserves and to trace home the sources of Locke's opinions and their immense influence Unfortunately I can consider him what is hardly fair only as a pure philosopher for had Locke's mind been more profound it might have been less influential He was in sympathy with the coming age and was able to guide it an age that confided in easy eloquent reasoning and proposed to be saved in this world and the next with as little philosophy and as little religion as possible Locke played in the eighteenth century very much the part that fell to Kant in the nineteenth When quarrelled with no less than when embraced his opinions became a point of departure for universal developments The more we look into the matter the more we are impressed by the patriarchal dignity of Locke's mind Father of psychology father of the criticism of knowledge father of theoretical liberalism god father at least of the American political system of Voltaire and the Encyclopaedia at home he was the ancestor of that whole school of polite moderate opinion which can unite liberal Christianity with mechanical science and with psychological idealism He was invincibly rooted in a prudential morality in a rationalised Protestantism in respect for liberty and law above all he was deeply convinced as he puts it that the handsome conveniences of life are better than nasty penury Locke still speaks or spoke until lately through many a modern mind when this mind was most sincere and two hundred years before Queen Victoria he was a Victorian in essence A chief element in this modernness of Locke was something that had hardly appeared before in pure philosophy although common in religion I mean the tendency to deny one's own presuppositions not by accident or inadvertently but proudly and with an air of triumph Presuppositions are imposed on all of us by life itself for instance the presupposition that life is to continue and that it is worth living Belief is born on the wing and awakes to many tacit commitments Afterwards in reflection we may wonder at finding these presuppositions on our hands and being ignorant

of the natural causes which have imposed them on the animal mind we may be offended at them Their arbitrary and dogmatic character will tempt us to condemn them and to take for granted that the analysis which undermines them is justified and will prove fruitful But this critical assurance in its turn seems to rely on a dubious presupposition namely that human opinion must always evolve in a single line dialectically providentially and irresistibly It is at least conceivable that the opposite should sometimes be the case Some of the primitive presuppositions of human reason might have been correct and inevitable whilst the tendency to deny them might have sprung from a plausible misunderstanding or the exaggeration of a half truth so that the critical opinion itself after destroying the spontaneous assumptions on which it rested might be incapable of subsisting

Classical Modern Philosophers Richard Schacht,2013-04-03 Descartes Leibniz Spinoza Locke Berkeley Hume and Kant these are the seven philosophers who stand out from the rest in what is known as the modern period in philosophy Their thought defines the mainstream of classical or early modern philosophy largely responsible for shaping philosophy as we now know it In a clear and lively style Richard Schacht has written a thorough introduction to the work of these seven founding fathers of modern philosophy The bibliography has been updated for this revised edition to take account of the recent explosion of writings on modern philosophy

Modern Philosophy Roger Scruton,1994 This study aims to bring the reader up to date with current developments in the whole field of philosophy from the philosophy of logic to aesthetics and explains how to tackle the existing literature

The Spirit of Modern Philosophy Josiah Royce,1893 The Spirit of Modern Philosophy Josiah Royce,2015-04-13 Thirteen lectures by a celebrated American intellect elucidate the author's philosophical idealism and explore its historical framework Includes readable discussions of works by Descartes Spinoza Kant Hegel and other important philosophers

Modern Philosophy Guido De Ruggiero,1921 **Modern Classical Philosophers** Benjamin Rand,1924

Pierre Gassendi and the Birth of Early Modern Philosophy Antonia LoLordo,2006-10-30 This book offers a comprehensive treatment of the philosophical system of the seventeenth century philosopher Pierre Gassendi Gassendi's importance is widely recognized and is essential for understanding early modern philosophers and scientists such as Locke Leibniz and Newton Offering a systematic overview of his contributions LoLordo situates Gassendi's views within the context of sixteenth and early seventeenth century natural philosophy as represented by a variety of intellectual traditions including scholastic Aristotelianism Renaissance Neo Platonism and the emerging mechanical philosophy LoLordo's work will be essential reading for historians of early modern philosophy and science

This Is Modern Philosophy Kurt Smith,2022-10-06 Provides students and general readers with a basic understanding of the central concepts issues and thinkers of the early modern era of philosophy Is there a world that exists apart from ourselves If an external world exists what is its nature Can an external world based on evidence from our sense perception be known How do such questions arise Is it even possible for them to be answered This is Modern Philosophy An Introduction surveys how philosophers from the late sixteenth century to the early nineteenth century investigated central metaphysical

and epistemological issues Focusing on six key philosophers this accessible volume provides readers with a solid and balanced appreciation of how philosophy was done in the Modern period Each chapter explores the views of a particular thinker Ren Descartes Thomas Hobbes George Berkeley David Hume Immanuel Kant and Lady Mary Shepherd with special attention paid to their engagement with The Problem of the External World Throughout the book readers are invited to consider related philosophical problems and doctrines such as transcendental idealism mind body dualism and skepticism Introduces a range of philosophical concepts including materialism idealism rationalism and empiricism Discusses how the philosophical views from each of the philosophers covered are similar and different Addresses the views of other important thinkers such as John Locke and Adam Smith Features an epilogue that helps readers locate other important philosophers from different historical periods Provides links to high quality online editions and translations of primary texts that are freely available to students Part of Wiley Blackwell s popular This Is Philosophy series This is Modern Philosophy An Introduction is an invaluable resource for undergraduate students in Early Modern philosophy courses graduate philosophy students looking to refresh their knowledge and general readers looking for an easy to read introduction to the subject *Modern Philosophy - From Descartes to Nietzsche* Steven M. Emmanuel, Patrick Gool, 2002-02-15 Modern Philosophy An Anthology features a broad range of selections from important but seldom anthologized works in the philosophy of psychology natural science morality politics and religion Features a broad range of selections from works in the philosophy of psychology natural science morality politics and religion Places the modern thinkers in conversation with each other including Leibniz on Descartes and Spinoza Reid on Locke and Hume and Kant on Hobbes Offers important but seldom anthologized primary works **A Beginner's History of Philosophy: Modern philosophy** Herbert Ernest Cushman, 1911 *Dominant Themes of Modern Philosophy* George Boas, 1957 **A Brief History of Modern Philosophy** Harald Høffding, 2021-04-10 A Brief History of Modern Philosophy by Harald Høffding translated by Charles Finley Sanders Published by Good Press Good Press publishes a wide range of titles that encompasses every genre From well known classics literary fiction and non fiction to forgotten or yet undiscovered gems of world literature we issue the books that need to be read Each Good Press edition has been meticulously edited and formatted to boost readability for all e readers and devices Our goal is to produce eBooks that are user friendly and accessible to everyone in a high quality digital format *Early Modern Philosophy* A. P. Martinich, Fritz Allhoff, Anand Jayprakash Vaidya, 2007-01-23 Part of the Blackwell Readings in the History of Philosophy series this survey of early modern philosophy focuses on the key texts and philosophers of the period whose beliefs changed the course of western thought Assembles the key texts from the most significant and influential philosophers of the early modern era to provide a thorough introduction to the period Features the writings of the major philosophical scientific and political thinkers of the time including Descartes Hobbes Leibniz and Spinoza Focuses on the development and growth of Rationalism which stressed reason logic and experimentation in the pursuit of truth Readings are accompanied by expert commentary from the editors

who are leading scholars in the field
Bowen, 1877

Modern Philosophy, from Descartes to Schopenhauer and Hartmann Francis

The Top Books of the Year On Modern Philosophy The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. On Modern Philosophy : Colleen Hoover "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
