*Peaceful Music for Piano Solo* Gail Smith, 2024-12-05 Each of the dozen original piano solos in this book are expressive and tranquil and have a serene feeling or mood The solos may be played one after another as a long prelude in the exact order they appear in the book The pieces should not be rushed They can be used in a piano recital as background music as a prelude or just for your own enjoyment If you choose to play them in book order each piece blends into the next without modulation and will provide approximately 25 minutes of peaceful music Most of the pieces were composed in the quiet evening hours So many things can inspire a melody poems a scripture verse a beautiful bouquet of roses a kind word or just a whim When you play the piece entitled Ocean Waves the triplet notes in the piece are meant to represent the sound of waves At measure nine the melody of the hymn tune Holy Holy Holy is heard It s as if the melody is carried by the wind in the middle of the ocean John B Dykes wrote the stately melody Nicaea specifically for the lyric poem by Reginald Heber Holy Holy Holy Lord God Almighty It was called the The World s Greatest Hymn by the poet Alfred Lord Tennyson Perhaps that s why the hymn came to my mind while composing the calm ending of Ocean Waves When you play the solos in the book experience a feeling of peace as you contemplate the melody and interpret the song Own the song and feel it means something personal to you When I was writing Bouquet of Roses I had recently received the most amazing

bouquet of large and small pink roses When you play the piece notice that many note stems are higher like the longer stems of some roses in a bouquet Imagine the notes as flowers as I did when composing the piece It s hard to describe how feelings and melodies evolve and then disappear in thin air Composers will continue to compose new songs forever It encourages me to know that with the twelve tones of the Western chromatic scale the factorial table informs us there are 479 001 600 possible combinations of those notes Just think of arranging them giving rhythm chords harmony etc It boggles the mind to say the least So for now enjoy these twelve pieces and be at peace      **Catalog of Copyright Entries** Library of Congress.
