during the antebellum period and the tensions that arose from the increased mechanization of textile production and how gift needlework functioned among friends and family members Far from being solely decorative ornaments or functional household textiles these samplers and quilts served their own ends They offered aging women a means of coping of sharing and of expressing themselves These threads of time provide a valuable and revealing source for the lives of mature antebellum women Publication of this book was made possible in part through generous funding from the Coby Foundation Ltd and from the Quilters Guild of Dallas Helena Hibbs Endowment Fund Uncoverings 2008 Laurel Horton,2008
