Blanton, 2025-11-04 A bold reinterpretation of perennial debates over the origins and development of slavery in colonial English North America The Household War offers a bold reinterpretation of perennial debates over the origins and development of slavery in colonial English North America John N Blanton argues that the law and practice of slavery in the empire s earliest American colonies were shaped by a tension between two competing definitions of the institution One strand of thought war slavery ideology

claimed that the power of life and death transformed war captives into chattel slaves. The power to kill defined both war and slavery. But bringing war captives into enslavers' private households was a dangerous proposition, and so a parallel domestication ideology emerged, calling for limitations on the power of enslavers and the recognition of the enslaved as persons held to labor in a variant of English servitude. The *Household War* examines how the tensions between war slavery and domestication ideologies, along with crucial political, economic, and cultural differences, shaped the development of slavery in Virginia and Massachusetts from their founding through 1729, creating distinct systems of bondage in England's flagship mainland colonies. In Massachusetts, where a diversified and dynamic commercial economy afforded opportunities for mobility and access to material resources, the dominance of domestication ideology enabled enslaved people to negotiate their bondage, attain free status, and build free Black households and communities. Virginia, however, committed itself to war slavery early in its development, with enslaved people defined as articles of property subject to enslavers' power of life and death, while the extreme inequality of plantation society made free Black household formation nearly impossible. Long before American independence highlighted their differences, then, Massachusetts and Virginia were already on distinct trajectories, laying the foundation for a future house divided on the question of slavery.
