 instrumentation is also available There have been significant improvements recently in this area particularly in detector
 technology and data handling as well as in optical design so that systems which are currently being developed have the
 capability of being vastly more powerful in terms of the efficient use of photons than those which existed only 5 years ago
 The rationale for the decision by Commission 9 of the International Astronomical Union to hold IAU Colloquium 67 therefore
 was to obtain reports on these developments with the emphasis placed upon overall efficiency of the complete observational
