

RABBINIC AUTHORITY

Is rabbinic authority based solely on the contemporary rabbi's powers of persuasion in granting personal support? What role, if any, do a rabbi's scholarly attainments or qualifications play as determinants of that rabbi's sense of authenticity? How is the rabbi, as it is a rabbi, affected by his or her personal religious? How should rabbinic authority be applied toward the Christian community?

The essays included in this important collection traverse a broad spectrum of views, reflecting some of the broad issues in rabbinic authority gathered into a single volume. Authors, including the Rabbinic Union College Jewish Institute of Religion, join with thoughtful, learned colleagues in the rabbi's struggle to debate the many ramifications of the complex question: From whence derives a rabbi's authority, and toward what end?
