Chinook texts Franz Boas, 1894 Bulletin, 1894 **Listening to Fear** Steven Marans, 2013-05-21 Learn how to read the behavioral language of fear and talk through your child's anxieties Adults often have trouble understanding and addressing the sources of their children's fears In Listening to Fear Dr Steven Marans shares the techniques for easing distress that he has developed for children of all ages in his work as the director of the National Center for Children Exposed to Violence at Yale University His advice is based on three steps parents must take before they can talk effectively with their children First adults must begin to work through their own fears Second parents need to set aside their ideas about what their children are feeling and learn from the children themselves Third Marans's experience has shown that children and adolescents communicate their unease in actions more than in words so adults must learn to interpret this behavioral language Listening to Fear also offers specific pragmatic tactics for actually speaking with kids organized by age group and proven in Marans's research These methods include ways to ask about the concerns and worries of your child's friends think through the messages behind your child's questions before answering reassure your child with facts but not too many Listening to Fear is an indispensable guide for parents and for children anxious about an ever-threatening world

Raccoon Sympathy Mel Schorin, 1999-01-01 **An Ethics Beyond** Kevin Richard Kaiser, 2019-07-22 This study examines the fiction of contemporary American author George Saunders in terms of how it presents situations applicable to the chief notions of posthumanist ethics and how these conceptions concern nonhuman animals which are prevalent in his writing Posthumanist ethics can help us understand what is at play in Saunders's fiction Meanwhile his texts can help us understand what is at stake in posthumanist ethics This interdisciplinary project may be beneficial both to conceiving new notions of ethics that are more inclusive and more implicitly to understanding the relevance of Saunders's fiction to the current American sociocultural climate *A Documentary History of Religion in America to 1877* Edwin S. Gaustad, Mark A. Noll, 2003-09-19 A richly variegated selection of short documents illustrative of the history of religion in America The best source book available to contemporary students and general readers **Snowcub** Graham Fulbright, 2021-07-06 If you relish writing which pushes the envelope with the unconventional Snowcub is for you Graham Fulbright has struck gold with

his quintet of soft animal toys and their shared dreamstate metamorphoses into sharp minded flesh and blood creatures Whereas Moby Dick s creator thought domesticated dogs and horses Man s cleverest mind readers Graham looks to the wild side for nature s shrewdest judges of human nature But he also rings the changes putting words into the mouths and beaks of creatures unable to think straight because of unwittingly parodying humankind And as is often the case with Graham language comes under the microscope There s no shying away from the fact that the main thrust of this novel will sit uneasily on some readers consciences An intrepid teenager has thrown down the gauntlet face up to the inconvenient truth that most of us think animals exist to do with as we see fit Last but not least let s not forget the creature after whom this novel is named You will be hard put not to warm to the furry protagonist and his quest for self realisation as he grapples with doubts fears and aspirations mirroring your own Under this heroic creature s leadership and armed with lessons learnt from their encounters with animal life across the globe the novel s five goodwill ambassadors become a young girl s mental support agents in defence of the planet s threatened fauna
