## **Race Caste And Status:**

*Race, Caste, and Status* Robert Howard Jackson, 1999 A study of the hierarchical social order imposed on indigenous peoples by their Spanish conquerors      Race Riots & Resistance Jan Voogd, 2008 Race Riots and Resistance uncovers a long hidden tragic chapter of American history Focusing on the Red Summer of 1919 in which black communities were targeted by white mobs the book examines the contexts out of which white racial violence arose It shows how the riots transcended any particularity of cause and in doing so calls into question many longstanding beliefs about racial violence The book goes on to portray the riots as a phenomenon documenting the number of incidents describing the events in detail and analyzing the patterns that emerge from looking at the riots collectively Finally and significantly Race Riots and Resistance argues that the response to the riots marked an early stage of what came to be known as the Civil Rights Movement      *From Savages to Subjects* Robert H. Jackson, 2019-07-23 Incorporating recent findings by leading Southwest scholars as well as original research this book takes a fresh new look at the history of Spanish missions in northern Mexico the American Southwest during the 17th and 18th centuries Far from a record of heroic missionaries steadfast soldiers and colonial administrators it examines the experiences of the natives brought to live on the missions and the ways in which the mission program attempted to change just about every aspect of indigenous life Emphasizing the effect of the missions on native populations demographic patterns economics and socio cultural change this path breaking work fills a major gap in the history of the Southwest      *Race or Ethnicity?* Jorge J. E. Gracia, 2018-07-05 What is race What is ethnicity Should we think of them as identities Can they be effectively individuated How are they related How do the relations between them influence pressing issues concerned with social identity gender racism assimilation exploitation justice the law and public policy And how are the answers to these questions affected by the Black and Latino experience in the United States From the Preface This collection of new essays explores the relation between race and ethnicity and its social and political implications Although much work has been done on the philosophy of race in the past century in the United States the concept of ethnicity has only recently awoken the interest of American philosophers and the relations between race and ethnicity remain largely unexamined The discussion is divided into two parts dealing on the one hand with the nature and the relation between race and ethnicity and on the other with the social consequences of the complex relations between them Part I explores in particular the debated topic of racial and ethnic identities Does it make sense to speak of racial and ethnic identities and especially of black and Latino identities And if it does make sense how should these identities be conceptualized and how are they related to gender Part II examines how race and ethnicity have influenced the lot of some social groups in significant ways How do racially defined institutions deal with racial assimilation How do different conceptions of race and ethnicity influence public policy and various forms of racism How can exploited racial and ethnic groups be effectively recognized And what is the role of affect in social justice as dispensed by the courts      Japan's Invisible Race Hiroshi Wagatsuma, George De

Vos,2023-04-28 Modern Japanese share a myth to the effect that they harbor in their midst an inferior race less human than the stock that fathered their nation as a whole These pariahs numbering more than two million are segregated by caste just as firmly as the Negro is in the United States The present volume to which several Japanese and American social scientists have contributed offeres an interdisciplinary description and analysis of this strangely persistent phenomenon inherited from feudal times Its main thesis is that caste and racism are derivatives of identical psychological processes in human personality however differently structure they may be in social institutions It finds that what it terms status anxiety related to defensively held social values leads to a need to segregate disparaged parts of the population on grounds of innate inferiority Until the time of their official emancipation in 1871 the so called eta were distinguished visibly by their special garb Today few clues to their identity are visible yet they remain a distinguishable segregated segment of the population and bear inwardly in a psychological sense the stigma resulting from generations of oppression This volume traces the story of the outcasts in complete detail their origin their stormy post emancipation history and their present leftist political significance Large populations of outcasts live in urban ghettos within the major cities of south central Japan In some of these metropolitan centers they comprise up to 5 percent of the population but contribute 60 to 65 percent of unemployment and relief roles They have periodic trouble with the police they manifest a delinquency rate more than three times that of the ordinary population their children do poorly in school they are subject to various forms of job discrimination and few marriages are successfully consummated across the caste barrier Some try to escape their past identity by becoming prostitutes or by entering the underworld Those who survive discrimination to achieve status in society either live in fear of exposure if they are passing or overtly maintain their identity in proud isolation Some who live in rural communities have achieved equal economic status with their neighbors but not full social acceptance In their theoretical closing discussion the authors offer a challenging critique of Marxian class theory in introducing the concept of expressive exploitation that is the psychological use of a subordinate group as a repository of what is disavowed by the values of a culture in a caste society as distinct in form and function from the instrumental economic or political exploitation of subjected minorities in class societies Contributors Gerald BerremanJohn B CornellJohn DonoghueEdward NorbeckJohn PriceYuzuru SasakiGeorge O Totten This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1966     **A Glossary of Castes, Tribes, and Races in the Baroda State** ,1912     **Eugenics in race and state** ,1923     *Sociology Understanding Society and Social Change* Mr. Rohit Manglik,2024-05-18 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well

The Works of Alain Locke  
 Charles Molesworth, 2012-06-11 With the publication of *The New Negro* in 1925 Alain Locke introduced readers all over the U S to the vibrant world of African American thought As an author editor and patron Locke rightly earned the appellation Godfather of the Harlem Renaissance Yet his intellectual contributions extend far beyond that single period of cultural history Throughout his life he penned essays on topics ranging from John Keats to Sigmund Freud in addition to his trenchant social commentary on race and society *The Works of Alain Locke* provides the largest collection available of his brilliant essays gathered from a career that spanned forty years They cover an impressively broad field of subjects philosophy literature the visual arts music the theory of value race politics and multiculturalism Alongside seminal works such as *The New Negro* the volume features essays like *The Ethics of Culture* *Apropos of Africa* and *Pluralism and Intellectual Democracy* Together these writings demonstrate Locke s standing as the leading African American thinker between W E B Du Bois and Martin Luther King Jr The foreword by Henry Louis Gates Jr and the introduction by *Equality and Non-discrimination in South Africa* Shadrack Gutto, 2001 This study explores and critiques law and law making in the nascent constitutional democracy in the new South Africa with a focus on the complex roles of the executive parliament political parties the media and civil society The capacity and potential in the judiciary and the legal profession in promoting and protecting values and rights of equality and non discrimination is examined Substantive equality and non discrimination law in theory and in practice is considered critically from a broad historical and social context that highlights areas of race gender disability harassment and hate speech socio economic rights and legal services International human rights law and comparative law aspects are skillfully interwoven in this pioneering scholarly work

The Indian Yearbook of Comparative Law 2018  
 Mahendra Pal Singh, Niraj Kumar, 2019-07-10 This yearbook is a compilation of thematically arranged essays that critically analyse emerging developments issues and perspectives across different branches of law It consists of research from scholars around the world with the view that comparative study would initiate dialogue on law and legal cultures across jurisdictions The themes vary from jurisprudence of comparative law and its methodologies to intrinsic details of specific laws like memory laws The sites of the enquiries in different chapters are different legal systems recent judgements and aspects of human rights in a comparative perspective It comprises seven parts wherein the first part focuses on general themes of comparative law the second part discusses private law through a comparative lens and the third fourth and fifth parts examine aspects of public law with special focus on constitutional law human rights and economic laws The sixth part engages with criminal law and the last part of the book covers recent developments in the field of comparative law This book intends to trigger a discussion on issues of comparative law from the vantage point of Global South not only focusing on the Global North It examines legal systems of countries from far east and sub continent and presents insights on their working It encourages readers to gain a nuanced understanding of the working of law legal systems and legal cultures adding to existing

deliberation on the constituents of an ideal system of law      **The Body of the Conquistador** Rebecca Earle, 2012 Could European bodies thrive in the Indies Would Indians turn into Spaniards if they ate Spanish food This fascinating history of food colonisation and race shows that attitudes about food were fundamental to European colonialism and understandings of physical difference in the Age of Discovery      *The Challenges of Vatican II for an Authentic Indian Catholic Church* Suhas Pereira, 2021 The Vatican II was an event of a new facelift for the entire edifice of the Catholic ecclesiology It called for the renewal in the universal Catholic Church This book deals with the question How can the Catholic Church in India accept the council's challenge for renewal and become truly Indian in its being and essence Undertaking a systematic examination of the post conciliar ecclesiological development in the Indian Catholic Church in its existential multi religious and multi cultural context the author attempts to develop an ecclesiological reflection for the Indian context      **Human Rights - Indian Perspective** Mr. Rohit Manglik, 2023-08-23 In this book we will study about the development of human rights in India constitutional provisions challenges in enforcement and India's role in international human rights frameworks      **An Almanac of Contemporary and Comparative Judicial Restatements (ACCJR Supp. ii Public Law)** Oshisanya, 'lai Oshitokunbo, 2020-01-02 Public law      *Rule by Numbers* U. Kalpagam, 2014-08-20 This book examines aspects of the production of statistical knowledge as part of colonial governance in India using Foucault's ideas of governmentality The modern state is distinctive for its bureaucratic organization official procedures and accountability that in the colonial context of governing at a distance instituted a vast system of recordation bearing semblance to and yet differing markedly from the Victorian administrative state The colonial rule of difference that shaped liberal governmentality introduced new categories of rule that were nested in the procedures and records and could be unraveled from the archive of colonial governance Such an exercise is attempted here for certain key epistemic categories such as space time measurement classification and causality that have enabled the constitution of modern knowledge and the social scientific discourses of economy society and history The different chapters engage with how enumerative technologies of rule led to proliferating measurements and classifications as fields and objects came within the purview of modern governance rendering both statistical knowledge and also new ways of acting on objects and new discourses of governance and the nation The postcolonial implications of colonial governmentality are examined with respect to both planning techniques for attainment of justice and the role of information in the constitution of neoliberal subjects      **Public Personnel Administration** Anupama Puri Mahajan, 2023-10-16 This book addresses the processes and concerns within the purview of public personnel administration which is the key to success in carrying out governmental responsibilities and duties With special focus on Indian administrative system this volume probes into how public personnel administration is a critical aspect of the public sector that involves enhanced management of human resources It also studies the evolution of public personnel administration in countries like the USA UK France and Germany Besides discussing the personnel processes in the post pandemic age the book also examines the challenges that

governments face on a global level This title will be useful to students researchers and teachers of Public Administration Public Policy Political Science and General Management The book will also be an invaluable companion to the policymakers in the government sector as it will strengthen their conceptual understanding of the subject     Overlapping Inequalities in the Welfare State Başak Akkan, Julia Hahmann, Christine Hunner-Kreisel, Melanie Kuhn, 2024-06-18 The volume stresses the relevance of the intersectionality framework in welfare state analysis by examining overlapping inequalities within the shifting institutional boundaries and organisational processes across diverse welfare settings The volume explores the strengths and challenges of theoretical and methodological approaches to intersectionality addressing its spatial temporal and comparative dimensions It therefore adopts a critical and process focused approach while recognising the agency of individuals as subjects of state policies The contributions critically build the link between intersectionality and other theoretical frameworks and research paradigms including Marxist social reproduction theory critical race studies Bourdieuan analysis of class critical geography childhood queer migration and disability studies The contributions provide insights into the institutional realms of health education social services and care work and examine state practices of racial profiling and policing in distinct welfare states Overall the contributions illustrate the strengths of the intersectionality framework in empirical inquiries while providing critical reflections on its limitations Readers across a diverse array of social science disciplines will find this book valuable     **Reconstructing Rights** Stephan Stohler, 2019-07-18 Judges often behave in surprising ways when they re interpret laws and constitutions Contrary to existing expectations judges regularly abandon their own established interpretations in favor of new understandings In Reconstructing Rights Stephan Stohler offers a new theory of judicial behavior which demonstrates that judges do not act alone Instead Stohler shows that judges work in a deliberative fashion with aligned partisans in the elected branches to articulate evolving interpretations of major statutes and constitutions Reconstructing Rights draws on legislative debates legal briefs and hundreds of judicial opinions issued from high courts in India South Africa and the United States in the area of discrimination and affirmative action These materials demonstrate judges willingness to provide interpretative leadership But they also demonstrate how judges relinquish their leadership roles when their aligned counterparts disagree This pattern of behavior indicates that judges do not exercise exclusive authority over constitutional interpretation Rather that task is subject to greater democratic influence than is often acknowledged     **The New Tibetan-English Dictionary of Modern Tibetan** Melvyn C. Goldstein, 2001-04-03 This most current Tibetan English dictionary surpasses existing dictionaries in both scope and comprehensiveness
