Race, Crime and Justice Barbara Hudson, 1996 Race Crime and Justice brings

together influential British and American articles on the involvement of minority ethnic groups with crime and criminal justice. After reviewing empirical and theoretical issues, the volume presents key facts about racial imbalances in prison populations and addresses the question of whether these are the result of discrimination by the criminal justice systems of the United Kingdom and the United States or whether they can be explained by higher crime rates among certain racial groups. Articles included cover possible discrimination by the police and the courts and the effects of particular criminal justice strategies. Recent research on race, biological characteristics and criminality is summarised and challenged, as is underclass theory which has had significant impact on thinking about crime and criminal justice in the 1990s. A final section deals with the criminal justice treatment of black women and looks towards a more gendered understanding of the effect of race on crime and justice.

Race, Crime, and Criminal Justice R. L. McNeely, Carl E. Pope, 1981-04. It is some relief to come across this collection of papers edited by McNeely and Pope which sets out to get the record straight. It is refreshing to see such intelligent and honest scholarship. If there is not something here to cause us to reflect and make comparisons, then we must indeed be prejudiced beyond redemption. This reviewer at least will turn to this collection of papers and the valuable references whenever he wishes to consider the vexed but vital question of race and crime.

International and Comparative Law Quarterly October 1982. It is an excellent primer for those students and faculty unfamiliar with the demographics and important theoretical research and practice issues in the area.

Classes *Race, Crime, and Justice* Steven E. Barkan, 2018-09-14. Brief, timely and accessible. *Race, Crime and Justice: The Continuing American Dilemma* examines many critical issues including why over the past few decades African Americans, Latinos and Native Americans were swept into jails and prisons at rates far beyond their share of the national population. Steven E. Barkan explores racial ethnic disparities in criminal justice involvement, discrimination in policing, prosecution and sentencing, the rise and collateral consequences of mass incarceration, racial bias in news media coverage of crime, racial ethnic differences in rates of criminal behavior and victimization, and social and criminal justice policies that if successfully implemented would help correct many of the injustices in the criminal justice system.

The System in Black and White Michael W. Markowitz, Delores D. Jones-Brown, 2000-04-30. In a collection of compelling contributions to the study of the nexus between race, crime and justice, noted scholars in the field critique many long-held assumptions and

myths about race challenging criminal justice policymakers to develop new and effective strategies for dealing with the social problems such misunderstandings create In sections devoted to criminological theory law enforcement courts and the law juvenile delinquency and gender contributors endeavor to dispel myths about African American involvement in the criminal justice system In so doing a number of important facts are established about the race crime nexus For example in an analysis of criminological theory it is concluded that race as a singular social factor has not been adequately represented in existing paradigms The subject of police profiling of African Americans reveals an evolution of court decisions that have marginalized rather than liberated African Americans since slavery Each contributor challenges both the reader and the criminal justice system to develop meaningful strategies for addressing the racism that still pervades our system of justice A chapter on women of color in prison makes a compelling argument that such institutions often represent safer environments than the life on the streets women leave behind This persuasive volume will be of interest to undergraduate and graduate students as well as faculty in Sociology Criminal Justice policy development African American and Women s Studies
