Race Traitor 1:

Studies in Rabbinic Narratives, Volume 1 Jeffrey L. Rubenstein, 2021-03-31 Explore new theoretical tools and lines of analysis of rabbinic stories Rabbinic literature includes hundreds of stories and brief narrative traditions These narrative traditions often take the form of biographical anecdotes that recount a deed or event in the life of a rabbi Modern scholars consider these narratives as didactic fictions stories used to teach lessons promote rabbinic values and grapple with the tensions and conflicts of rabbinic life Using methods drawn from literary and cultural theory including feminist structuralist Marxist and psychoanalytic methods contributors analyze narratives from the Babylonian Talmud midrash Mishnah and other rabbinic compilations to shed light on their meanings functions and narrative art Contributors include Julia Watts Belser Beth Berkowitz Dov Kahane Jane L. Kanarek Tzvi Novick James Adam Redfield Jay Rovner Jeffrey L. Rubenstein Zvi Septimus Dov Weiss and Barry Scott Wimpfheimer

Critical White Studies Richard Delgado, Jean Stefancic, 1997 No longer content with accepting whiteness as the norm critical scholars have turned their attention to whiteness itself In *Critical White Studies Looking Behind the Mirror* numerous thinkers including Toni Morrison Eric Foner Peggy McIntosh Andrew Hacker Ruth Frankenberg John Howard Griffin David Roediger Kathleen Heal Cleaver Noel Ignatiev Cherrie Moraga and Reginald Horsman attack such questions as How was whiteness invented and why How has the category whiteness changed over time Why did some immigrant groups such as the Irish and Jews start out as nonwhite and later became white Can some individual people be both white and nonwhite at different times and what does it mean to pass for white At what point does pride in being white cross the line into white power or white supremacy What can whites concerned over racial inequity or white privilege do about it Science and pseudoscience are presented side by side to demonstrate how our views on whiteness often reflect preconception not fact For example most scientists hold that race is not a valid scientific category genetic differences between races are insignificant compared to those within them Yet the one drop rule whereby those with any nonwhite heritage are classified as nonwhite persists even today As the bell curve controversy shows race concepts die hard especially when power and prestige lie behind them A sweeping portrait of the emerging field of whiteness studies *Critical White Studies* presents for the first time the best work from sociology law history cultural studies and literature Delgado and Stefancic expressly offer critical white studies as the next step in critical race theory In focusing on whiteness not only do they ask nonwhites to investigate more closely for what it means for others to be white but also they invite whites to examine themselves more searchingly and to look behind the mirror

Re-Orienting Whiteness K. Ellinghaus, J. Carey, L. Boucher, 2009-10-26 This book brings together historians from the United States Canada Australia New Zealand and Europe to historicize constructions of whiteness as a colonial formation Confronting the privilege inherent in the invisibility of contemporary whiteness requires that the historical roots of racial power be interrogated and the history of European colonialism is of much more than passing significance to this task This collection functions to read the colonial back into

whiteness by demonstrating how this racial category traveled around the routes of empire It shows how a transnational focus can bring historical and spatial specificity to the study of whiteness and thus re orients the frames of whiteness for American and non American scholars alike **Race Traitor** ,2000 Working through Whiteness Cynthia Levine-Rasky,2012-02-01 What is whiteness What is gained by claiming it as a critical perspective in anti racism work How do whiteness studies both redeem and assert the white subject Working through Whiteness explores these questions through essays by Canadian American British and Australian scholars reflecting the broad array of academic inquiry into whiteness in the areas of law ethics education feminism politics psychology sociology criminology and social geography Rarely has knowledge of whiteness as the practice of social domination been drawn from this far and wide By embracing the leading edge in critical theory this book is a crucial addition to the growing literature on whiteness *On the Freedom Side* Wesley C. Hogan,2019-10-02 As Wesley C Hogan sees it the future of democracy belongs to young people While today s generation of leaders confronts a daunting array of existential challenges increasingly it is young people in the United States and around the world who are finding new ways of belonging collaboration and survival That reality forms the backbone of this book as Hogan documents and assesses young people s interventions in the American fight for democracy and its ideals Beginning with reflections on the inspiring example of Ella Baker and the Student Nonviolent Coordinating Committee in the 1960s Hogan profiles youth led organizations and their recent work Examples include Southerners on New Ground SONG in the NAFTA era Oakland s Ella Baker Center and its fight against the school to prison pipeline the Dreamers who are fighting for immigration reform the Movement for Black Lives that is demanding a reinvestment in youth of color and an end to police violence against people of color and the International Indigenous Youth Council water protectors at Standing Rock who fought to stop the Dakota Access Pipeline and protect sovereign control of Indigenous lands As Hogan reveals the legacy of Ella Baker and the civil rights movement has often been carried forward by young people at the margins of power and wealth in U S society This book foregrounds their voices and gathers their inventions not in a comprehensive survey but as an activist mix tape with lively fresh perspectives on the promise of twenty first century U S democracy *Whiteness* Martin Lund,2022-10-04 The socially constructed phenomenon of whiteness how it was created how it changes and how it protects and privileges people who are perceived as white This volume in the MIT Press Essential Knowledge series examines the socially constructed phenomenon of whiteness tracing its creation its changing formation and its power to privilege and protect people who are perceived as white Whiteness author Martin Lund explains is not one single idea but a shifting overarching category a flexible cluster of historically culturally and geographically contingent ideals and standards that enable systems of hierarchical classification Lund discusses words used to talk about whiteness from white privilege to white fragility the intersections of whiteness with race class and gender whiteness in popular culture and such ideas as colorblindness and reverse racism which he argues actually uphold whiteness Lund shows why it is important to keep talking and thinking about

whiteness The word whiteness he writes doesn't describe it; it conjures something into being. Drawing on decades of critical whiteness studies and citing a range of examples primarily from the United States and Sweden, Lund argues that whiteness is continually manufactured and sustained through language, laws, policies, science, and representations in media and popular culture. It is often positioned as normative, even universal. And despite its innocuous-seeming manifestations in sitcoms and superheroes, whiteness is always in the service of racial domination.

Unhooking from Whiteness, 2021-05-25 What does it look like to let go of Whiteness? Whiteness promotes a form of hegemonic thinking which influences not only thought processes but also behavior within the academy. Working to dismantle the racism and whiteness that continue to keep oppressed people powerless and immobilized in academe requires sharing power, opportunity, and access. Removing barriers to the knowledge created in higher education is an essential part of this process. The process of unhooking oneself from institutionalized whiteness certainly requires fighting hegemonic modes of thought and patriarchal views that persistently keep marginalized groups of academics in their station or at their institution. In the explosive *Unhooking from Whiteness: Resisting the Esprit de Corps*, editors Hartlep and Hayes continued the conversation they began in 2013 with *Unhooking from Whiteness: The Key to Dismantling Racism in the United States*. This third and final volume focuses on the writers' processes to let go of the pathology of Whiteness. The contributors in this book have once again come from an intersection of races, ethnicities, sexual identities, and gender identities and includes conversations across these multiple intersections. The editors move from prepared pieces on multicultural education toward actionable conversations that drive social justice agendas and have the power to eliminate educational inequities.

Why the Civil War Came Gabor S. Boritt, 1996-01-11 In the early morning of April 12, 1861, Captain George S. James ordered the bombardment of Fort Sumter, beginning a war that would last four horrific years and claim a staggering number of lives. Since that fateful day, the debate over the causes of the American Civil War has never ceased. What events were instrumental in bringing it about? How did individuals and institutions function? What did Northerners and Southerners believe in the decades of strife preceding the war? What steps did they take to avoid war? Indeed, was the great armed conflict avoidable at all? *Why the Civil War Came* brings a talented chorus of voices together to recapture the feel of a very different time and place, helping the reader to grasp more fully the commencement of our bloodiest war. From William W. Freehling's discussion of the peculiarities of North American slavery to Charles Royster's disturbing piece on the combatants' savage readiness to fight, the contributors bring to life the climate of a country on the brink of disaster. Mark Summers, for instance, depicts the tragically jubilant first weeks of Northern recruitment when Americans on both sides were as yet unaware of the hellish slaughter that awaited them. Glenna Matthews underscores the important war-catalyzing role played by extraordinary public women who proved that neither side of the Mason-Dixon line was as patriarchal as is thought. David Blight reveals an African American world that knew what time it was and welcomed war. And Gabor Boritt examines the struggle's central figure, Lincoln himself, illuminating in the years leading up to the war a

blindness on the future president's part an unwillingness to confront the looming calamity that was about to smash the nation asunder William E Gienapp notes perhaps the most unsettling fact about the Civil War that democratic institutions could not resolve the slavery issue without resorting to violence on an epic scale With gripping detail Why the Civil War Came takes readers back to a country fraught with bitterness confusion and hatred a country ripe for a war of unprecedented bloodshed to show why democracy failed and violence reigned

Contemporary Feminist Pragmatism Maurice Hamington, Celia Bardwell-Jones, 2012 Contemporary Feminist Pragmatism is an interdisciplinary collection of original essays that explores the present implications of feminism and pragmatism for theory policy and action The notion of feminist pragmatism or pragmatist feminism has been around since Charlene Haddock Seigfried introduced it two decades ago however the bulk of the work in this field has been directed toward recovering the feminist strain of classical American philosophy largely through renewed interest in the work of Jane Addams This exploration of the origins of feminism and pragmatism has been fruitful in providing a foundation for theoretical considerations This book takes this work a step further by addressing the modern significance of the nexus of feminism and pragmatism arguing that these fields hold three common commitments and values the importance of context and experience the relationship of politics and values and the production of knowledge and metaphysics and the need for diversity and thus dialogue among differently situated social groups

Encyclopedia of Critical Whiteness Studies in Education, 2020-12-07 While critical whiteness studies as a field has been attacked from both within and without the ongoing realities of systemic white supremacy across the globe necessitate new and better understandings of whiteness white racial identity and their links with education Encyclopedia of Critical Whiteness Studies in Education offers readers a broad summary of the multifaceted and interdisciplinary field of critical whiteness studies the study of white racial identities in the context of white supremacy in education Featuring scholars from across the Anglophone world this volume seeks to offer both introductions and deep dives into the ever shifting field of critical whiteness research in education

Encyclopedia of Identity Ronald L. Jackson II, 2010-06-29 The two volumes of this encyclopedia seek to explore myriad ways in which we define ourselves in our daily lives Comprising 300 entries the Encyclopedia of Identity offers readers an opportunity to understand identity as a socially constructed phenomenon a dynamic process both public and private shaped by past experiences and present circumstances and evolving over time Offering a broad comprehensive overview of the definitions politics manifestations concepts and ideas related to identity the entries include short biographies of major thinkers and leaders as well as discussions of events personalities and concepts The Encyclopedia of Identity is designed for readers to grasp the nature and breadth of identity as a psychological social anthropological and popular idea Key Themes Art Class Developing Identities Gender Sex and Sexuality Identities in Conflict Language and Discourse Living Ethically Media and Popular Culture Nationality Protecting Identity Race Culture and Ethnicity Relating Across Cultures Religion Representations of Identity Theories of Identity

[Asian America.Net](#) Rachel C. Lee, Sau-ling Cynthia

Wong,2013-08-21 Asian America Net demonstrates how Asian Americans have both defined and been defined by electronic technology illuminating the complex networks of identity community and history in the digital age **Habits of Whiteness**
Terrance MacMullan,2022-03-01 Habits of Whiteness A Pragmatist Reconstruction second edition offers a revised and updated look at the concept of whiteness in the United States Lauded when it was first published and even more relevant today Habits of Whiteness offers a distinctive way to talk about race and racism by focusing on racial habits and how to change them Author Terrance MacMullan examines how the concept of racial whiteness has undermined attempts to create a truly democratic society in the United States By getting to the core of the racism that lives on in unrecognized habits MacMullan argues that it is possible for white people to recognize the distance between their color blind ideals and their actual behavior Revitalizing the work of W E B Du Bois and John Dewey MacMullan demonstrates how it is possible to reconstruct racial habits and close fissures between people This second edition of Habits of Whiteness also contains a new introduction which looks closely at race relations during the Obama and Trump presidencies including such recent challenges as police brutality in 2020 white supremacy and the Capitol insurrection Its persuasive analysis of the impulses of whiteness ultimately reorganizes them into something more compatible with our country s increasingly multicultural heritage

A Blues Bibliography Robert Ford,2008-03-31 A Blues Bibliography Second Edition is a revised and enlarged version of the definitive blues bibliography first published in 1999 Material previously omitted from the first edition has now been included and the bibliography has been expanded to include works published since then In addition to biographical references this work includes entries on the history and background of the blues instruments record labels reference sources regional variations and lyric transcriptions and musical analysis The Blues Bibliography is an invaluable guide to the enthusiastic market among libraries specializing in music and African American culture and among individual blues scholars

The First Woman in the Republic Carolyn L. Karcher,1994 This definitive biography restores to the public an eloquent writer and reformer who embodied the best of the American democratic heritage *International Encyclopedia of Education*
,2009-04-17 The field of education has experienced extraordinary technological societal and institutional change in recent years making it one of the most fascinating yet complex fields of study in social science Unequalled in its combination of authoritative scholarship and comprehensive coverage International Encyclopedia of Education Third Edition succeeds two highly successful previous editions 1985 1994 in aiming to encapsulate research in this vibrant field for the twenty first century reader Under development for five years this work encompasses over 1 000 articles across 24 individual areas of coverage and is expected to become the dominant resource in the field Education is a multidisciplinary and international field drawing on a wide range of social sciences and humanities disciplines and this new edition comprehensively matches this diversity The diverse background and multidisciplinary subject coverage of the Editorial Board ensure a balanced and objective academic framework with 1 500 contributors representing over 100 countries capturing a complete portrait of this

evolving field A totally new work revamped with a wholly new editorial board structure and brand new list of meta sections and articles Developed by an international panel of editors and authors drawn from senior academia Web enhanced with supplementary multimedia audio and video files hotlinked to relevant references and sources for further study Incorporates ca 1 350 articles with timely coverage of such topics as technology and learning demography and social change globalization and adult learning to name a few Offers two content delivery options print and online the latter of which provides anytime anywhere access for multiple users and superior search functionality via ScienceDirect as well as multimedia content including audio and video files

Signs of Struggle Thomas R. West, 2002-02-21 Focuses on signifiers of cultural difference such as sexuality class gender and race and how they are connected to theories of writing

Whiteness Chris J. Cuomo, Kim Q. Hall, 1999 Written in an engaging narrative style these philosophical investigations undermine racist hierarchies along with false naturalistic conceptions of the meanings of race and universalistic understandings of gender by considering whiteness as it shapes and is infused by gender class sexuality and culture Central to this project are questions about how it is that culture and the state create such a wide range of different people who understand themselves as white The essays collected here discuss how one learns to be a good white Southern woman what it means to pass as white and whether there really is a dilemma that accompanies white privilege

The Futures of American Studies Donald E. Pease, Robyn Wiegman, 2002-10-21 A state of the art portrait of the field of American studies its interests and methodologies its interactions with the social and cultural movements it describes and attempts to explain and a compendium of likely directions the field will take in the f

The Top Books of the Year Race Traitor 1 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Race Traitor 1 : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Race Traitor 1 : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
