Political Prayer in Nineteenth-Century American Literature Amy Dunham Strand, 2024-09-30 Political Prayer in Nineteenth Century American Literature explores how American women writers such as Catharine Maria Sedgwick Harriet Beecher Stowe Rebecca Harding Davis and Emily Dickinson translated petitioning a political form for redress of grievances with religious resonance or what Strand calls political prayer in their literary works At a time when petitioning was historically transforming governments mobilizing masses and democratizing North America these White women writers wrote literary petitions to advocate for others in social justice causes such as antiremoval antislavery and labor reform to transform American literature and culture and to articulate an ambivalent political agency Political Prayer in Nineteenth Century American Literature introduces historic petitioning into literary study as an overlooked but important new lens for reading nineteenth century fiction and poetry Understanding petitions in these literary works and these literary works as petitions also helps us to understand women's political agency before their enfranchisement to explain why scholars have long debated and inconsistently interpreted the works of well anthologized women writers and to see more clearly the multidimensional coexisting and often competing religious and political aspects of their writings *Race in American Literature and Culture* John Ernest, 2022-06-16 Exploring the unsteady foundations of American literary history *Race in American Literature and Culture* examines the hardening of racial fault lines throughout the nineteenth century and into the twentieth while considering aspects of the literary and interrelated traditions that emerged from this fractured cultural

landscape A multicultural study of the influential and complex presence of race in the American imagination the book pushes debate in exciting new directions Offering expert explorations of how the history of race has been represented and written about it shows in what ways those representations and writings have influenced wider American culture Distinguished scholars from African American Latinx Asian American Native American and white American studies foreground the conflicts in question across different traditions and different modes of interpretation and are thus able comprehensively and creatively to address in the volume how and why race has been so central to American literature as a whole *Elgar Concise Encyclopedia of Law and Literature* Robert Spoo, Simon Stern, 2025-01-09 The Elgar Concise Encyclopedia of Law and Literature surveys the intersection between two important fields of study Interdisciplinary in scope the volume showcases the many ways in which literary and legal methods and insights both converge and remain distinct **A Companion to American Fiction, 1865 - 1914** Robert Paul Lamb, G. R. Thompson, 2008-04-15 A Companion to American Fiction 1865 1914 is a groundbreaking collection of essays written by leading critics for a wide audience of scholars students and interested general readers An exceptionally broad ranging and accessible Companion to the study of American fiction of the post civil war period and the early twentieth century Brings together 29 essays by top scholars each of which presents a synthesis of the best research and offers an original perspective Divided into sections on historical traditions and genres contexts and themes and major authors Covers a mixture of canonical and the non canonical themes authors literatures and critical approaches Explores innovative topics such as ecological literature and ecocriticism children s literature and the influence of Darwin on fiction [The Poetics of Insecurity](#) Johannes Voelz, 2018 The Poetics of Insecurity explores how American literary writers forged a cultural imaginary in which insecurity acts as an enlivening force **Legal Realisms** Christine Holbo, 2019 The Civil War Reconstruction and the post war Amendments revolutionized American intellectual life compelling new discussions of inequality and difference Legal Realisms explores how a new kind of American novel emerged in relation to contemporary aesthetic legal and political debates about the meaning of social representation in literature and public life **The Powers of Dignity** Nick Bromell, 2021-01-04 In The Powers of Dignity Nick Bromell unpacks Frederick Douglass s 1867 claim that he had elaborated a political philosophy from his own slave experience Bromell shows that Douglass devised his philosophy because he found that antebellum Americans liberal republican understanding of democracy did not provide a sufficient principled basis on which to fight anti Black racism To remedy this deficiency Douglass deployed insights from his distinctively Black experience and developed a Black philosophy of democracy He began by contesting the founders racist assumptions about humanity and advancing instead a more robust theory of the human as a collection of human powers He asserted further that the conscious exercise of those powers is what confirms human dignity and that human rights and democracy come into being as ways to affirm and protect that dignity Thus by emphasizing the powers and the dignity of all citizens deriving democratic rights from these and promoting a remarkably activist power oriented model of

citizenship Douglass's Black political philosophy aimed to rectify two major failings of US democracy in his time and ours its complacency and its racism Political Religion Beyond Totalitarianism J. Augusteijn, P. Dassen, M. Janse, 2013-01-29 The success of fascist and communist regimes has long been explained by their ability to turn political ideology into a type of religion These innovative essays explore the notion that all forms of modern mass politics including democracies need a form of sacralization to function On Leaving Branka Arsić, 2010-04-15 Arsi unpacks Ralph Waldo Emerson's repeated assertion that our reality and our minds are in constant flux Her readings of a broad range of Emerson's writings are guided by a central question what does it really mean to maintain that everything fluctuates is relational and so changes its identity

Black Prometheus Jared Hickman, 2017 An innovative transnational literary study Black Prometheus tracks the mythical figure's surprising resonance in Anglo American antislavery discourse from 1800 until the end of the U S Civil War **Novel Judgements** William P. MacNeil, 2011-09-08 Novel Judgements addresses the ways in which jurisprudential ideas and themes are embedded and explored within nineteenth century Anglo American prose fiction **Fugitive Thought** Michael Roy Hames-Garcia, 2004 In Fugitive Thought Michael Hames Garca argues that writings by prisoners are instances of practical social theory that seek to transform the world Unlike other authors who have studied prisons or legal theory Hames Garca views prisoners as political and social thinkers whose ideas are as important as those of lawyers and philosophers As key moral terms like justice solidarity and freedom have come under suspicion in the post Civil Rights era political discussions on the Left have reached an impasse Fugitive Thought reexamines and reinvigorates these concepts through a fresh approach to philosophies of justice and freedom combining the study of legal theory and of prison literature to show how the critiques and moral visions of dissidents and participants in prison movements can contribute to the shaping and realization of workable ethical conceptions Fugitive Thought focuses on writings by black and Latina o lawyers and prisoners to flesh out the philosophical underpinnings of ethical claims within legal theory and prison activism Michael Hames Garca is assistant professor of English and of philosophy interpretation and culture at Binghamton University State University of New York *The Cambridge Companion to Frederick Douglass* Maurice S.
