preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Loyalists in North Carolina During the Revolution** Robert O. DeMond,1979 To the genealogist the Appendices in the back of the book will doubtless hold the greatest interest for herein are found 1 lists of soldiers and civilians who supported the Crown throughout the Revolution 2 lists of Loyalists who suffered land confiscation 3 lists of Loyalists who made application to Great Britain for compensation for loss of office or property and 4 lists of North Carolina Loyalists who received pensions from Great Britain com item_detail cfm ID 7144 7144 Slavery in North Carolina, 1748-1775 Marvin L. Michael Kay,Lorin Lee Cary,2000-11-09 Michael Kay and Lorin Cary illuminate new aspects of slavery in colonial America by focusing on North Carolina which has largely been ignored by scholars in favor of the more mature slave systems in the Chesapeake and South Carolina Kay and Cary demonstrate that North Carolina s fast growing slave population increasingly bound on large plantations included many slaves born in Africa who continued to stress their African pasts to make sense of their new world The authors illustrate this process by analyzing slave languages naming practices family structures religion and patterns of resistance Kay and Cary clearly demonstrate that slaveowners erected a Draconian code of criminal justice for slaves This system played a central role in the masters attempt to achieve legal political and physical hegemony over their slaves but it impeded a coherent attempt at acculturation In fact say Kay and Cary slaveowners often withheld white culture from slaves rather than work to convert them to it As a result slaves retained significant elements of their African heritage and therefore enjoyed a degree of cultural autonomy that freed them from reliance on a worldview and value system determined by whites **North Carolina Through Four Centuries** William S. Powell,2010-01-20 This successor to the classic Lefler Newsome North Carolina The History of a Southern State published in 1954 presents a fresh survey history that includes the contemporary scene Drawing upon recent scholarship the advice of specialists and his own knowledge Powell has created a splendid narrative that makes North Carolina history accessible to both students and general readers For years to come this will be the standard college text and an essential reference for home and office *Colonial North Carolina in the Eighteenth Century* Harry Roy Merrens,2018-07-25 This extensive study in historical geography exhibits a precise understanding of the physical environment of pre revolutionary North Carolina and skillfully interprets this environment in terms of mid eighteenth century culture Merrens is the first author to effectively examine the relationship between geographical factors and to analyze it for the entire colonial period Originally published in 1964 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value *Writings on American History* ,1923 **Early Economic Sectionalism in North Carolina** Dale David Morford,1926 **Annual Report of the American Historical Association** American Historical Association,1923 **North Carolina, Rebuilding an Ancient**

Commonwealth, 1584-1925 Robert Digges Wimberly Connor,1929 *State Parties and National Politics* Thomas E. Jeffrey,2012-02-01 In this study of political party development in North Carolina during the antebellum period Thomas E Jeffrey accounts for the persistence of the second party system in that state emphasizing the sectional conflict that divided eastern plantation and western small farming counties Although members of the Whig and Democratic parties disagreed strongly over national issues the state issues public school funding internal improvements the creation of new counties divided citizens along sectional rather than party lines Party leaders attempted to reconcile progressive western interests and conservative eastern interests by accentuating cohesive national issues Jeffrey reveals factors that preserved the vitality of the secondparty system in North Carolina even as other states became politically stagnant This vitality would shape politics of the Old North State during the Civil War Reconstruction and beyond The upheaval of the Civil War vindicated the policies of the Whigs and although extinct outside of the state this party would lead North Carolina into the age of the New South Monthly Check-list of State Publications Library of Congress. Division of Documents,1921 **Charles N. Hunter and Race Relations in North Carolina** John H. Haley,2014-07-02 Charles N Hunter one of North Carolina s outstanding black reformers was born a slave in Raleigh around 1851 and he lived there until his death in 1931 As public school teacher journalist and historian Hunter devoted his long life to improving opportunities for blacks A political activist but never a radical he skillfully used his journalistic abilities and his personal contacts with whites to publicize the problems and progress of his race He urged blacks to ally themselves with the best of the white leaders and he constantly reminded whites that their treatment of his race ran counter to their professed religious beliefs and the basic tenets of the American liberal tradition By carefully balancing his efforts Hunter helped to establish a spirit of passive protest against racial injustice John Haley s compelling book largely based on Hunter s voluminous papers affords a unique opportunity to view race relations in North Carolina through the eyes of a black man It also provides the first continuous survey of the black experience in the state from the end of the Civil War to the Great Depression an account that critiques the belief that race relations were better in North Carolina than in other southern states Handbook of the Linguistic Atlas of the Middle and South Atlantic States William A. Kretzschmar,William A. Kretzschmar Jr.,1993-09-15 Who uses skeeter hawk snake doctor and dragonfly to refer to the same insect Who says gum band instead of rubber band The answers can be found in the Linguistic Atlas of the Middle and South Atlantic States LAMSAS the largest single survey of regional and social differences in spoken American English It covers the region from New York state to northern Florida and from the coastline to the borders of Ohio and Kentucky Through interviews with nearly twelve hundred people conducted during the 1930s and 1940s the LAMSAS mapped regional variations in vocabulary grammar and pronunciation at a time when population movements were more limited than they are today thus providing a unique look at the correspondence of language and settlement patterns This handbook is an essential guide to the LAMSAS project laying out its history and describing its scope and methodology In

addition the handbook reveals biographical information about the informants and social histories of the communities in which they lived including primary settlement areas of the original colonies Dialectologists will rely on it for understanding the LAMSAS and historians will find it valuable for its original historical research Since much of the LAMSAS questionnaire concerns rural terms the data collected from the interviews can pinpoint such language differences as those between areas of plantation and small farm agriculture For example LAMSAS reveals that two waves of settlement through the Appalachians created two distinct speech types Settlers coming into Georgia and other parts of the Upper South through the Shenandoah Valley and on to the western side of the mountain range had a Pennsylvania influenced dialect and were typically small farmers Those who settled the Deep South in the rich lowlands and plateaus tended to be plantation farmers from Virginia and the Carolinas who retained the vocabulary and speech patterns of coastal areas With these revealing findings the LAMSAS represents a benchmark study of the English language and this handbook is an indispensable guide to its riches

The American Historical Review John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler, 1921 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research

The United States Catalog, 1924 *Monthly Checklist of State Publications* Library of Congress. Exchange and Gift Division, Library of Congress. Processing Department, 1922 June and Dec issues contain listings of periodicals
