Race Traitor 16 Palestine Issue:

The Threat of Race David Theo Goldberg, 2011-09-09 Written by a renowned scholar of critical race theory *The Threat of Race* explores how the concept of race has been historically produced and how it continues to be articulated if often denied in today's world A major new study of race and racism by a renowned scholar of critical race theory Explores how the concept of race has been historically produced and how it continues to be articulated if often denied in today's world Argues that it is the neoliberal society that fuels new forms of racism Surveys race dynamics throughout various regions of the world from Western and Northern Europe South Africa and Latin America and from Israel and Palestine to the United States

Thinking Palestine Ronit Lentin, 2013-07-18 This book brings together an interdisciplinary group of Palestinian Israeli American British and Irish scholars who theorise the question of Palestine Critically committed to supporting the Palestinian quest for self-determination they present new theoretical ways of thinking about Palestine These include the Palestinization of ethnic and racial conflicts the theorization of Palestine as camp ghetto and prison the tourist activist gaze the role of gendered resistance the centrality of the memory of the 1948 Nakba catastrophe to the contemporary understanding of the conflict and the historic roots of the contemporary discourse on Palestine The book offers a novel examination of how the Palestinian experience of being governed under what Giorgio Agamben names a state of exception may be theorised as paradigmatic for new forms of global governance An indispensable read for any serious scholar **Married to Another Man**

Ghada Karmi, 2007-05-20 Two rabbis visiting Palestine in 1897 observed that the land was like a bride beautiful but married to another man By which they meant that if a place was to be found for Israel in Palestine where would the people of Palestine go This is a dilemma that Israel has never been able to resolve No conflict today is more dangerous than that between Israel and the Palestinians The implications it has for regional and global security cannot be overstated The peace process as we know it is dead and no solution is in sight Nor as this book argues will that change until everyone involved in finding a solution accepts the real causes of conflict and its consequences on the ground Leading writer Ghada Karmi explains in fascinating detail the difficulties Israel's existence created for the Arab world and why the search for a solution has been so elusive Ultimately she argues that the conflict will end only once the needs of both Arabs and Israelis are accommodated equally Her startling conclusions overturn conventional thinking but they are hard to refute **The**

Pentecostal Mission in Palestine Eric Nelson Newberg, 2012-06-13 The Pentecostal mission in Palestine is a virtually unknown episode in the history of Pentecostalism Its story begins in 1906 at the Azusa Street Revival from which missionaries were sent to Palestine In its first thirty years the Pentecostal mission in Palestine gained a foothold in Jerusalem and expanded its reach into Jordan Syria and Iran It was severely tested and lost traction during the tumultuous period of the Arab Revolts World War II and the Partition Crisis With the catastrophic war of 1948 the Pentecostal missionaries fled as their Arab clients were swept away in the Palestinian Diaspora After 1948 a valiant attempt was made to revive the mission

but only with relative success Although the Pentecostal missionaries failed in their objective of converting Jews and Muslims they were eyewitnesses of the formative events of the Arab Israeli conflict Newberg argues that the Pentecostal missionaries functioned as brokers of Pentecostal Zionism He offers a postcolonial assessment of the Pentecostal missionaries crediting them for advocating philosemitism yet bringing them up short for disregarding the civil rights of Palestinian Arabs espousing Islamophobia and contributing to the forces working against peace in the Holy Land **Alternative Press Index** ,2005

Carr, 1997-08-19 Many of the vestiges of the Civil Rights movement including initiatives such as affirmative action are increasingly under attack by those who assert that the Constitution is explicitly color blind In this argument the government is not legally permitted to take race into account in a color conscious manner More than 30 years have passed since the landmark Civil Rights Acts became the law of the land Yet one of three African American men between the ages of 18 and 27 is in the hands of the criminal justice system churches are burning in the South and right wing militia groups are flourishing In this provocative and timely book Leslie G Carr suggests that the Constitution can be read as racist and that the concept of color blindness is in fact the latest in a series of racist ideologies that have been part of the American fabric *Color Blind Racism* provides a thorough historical grounding in racist ideologies in the United States and will be of great interest to anyone teaching or studying race relations public policy urban studies and race and politics **The Intercultural Campus** Gregory Kazuo Tanaka, 2003 In a post 9 11 nation that is gripped by race fear this book presents an approach to diversity that promotes peace and understanding across difference Discussing studies conducted over an eight year period *The Intercultural Campus* reveals the underlying sources of racial fragmentation on college and university campuses and outlines a new framework for diversity Citing the results from an innovative four year project that completely transformed the culture of a university Greg

The Racial Contract Charles W. Mills,2022-04-15 The Racial Contract puts classic Western social contract theory deadpan to extraordinary radical use With a sweeping look at the European expansionism and racism of the last five hundred years Charles W Mills demonstrates how this peculiar and unacknowledged contract has shaped a system of global European domination how it brings into existence whites and non whites full persons and sub persons how it influences white moral theory and moral psychology and how this system is imposed on non whites through ideological conditioning and violence The Racial Contract argues that the society we live in is a continuing white supremacist state As this 25th anniversary edition featuring a foreword by Tommy Shelbie and a new preface by the author makes clear the still urgent The Racial Contract continues to inspire provoke and influence thinking about the intersection of the racist underpinnings of political philosophy

After Israel Marcelo Svirsky,2014-05-08 In this unique new contribution Marcelo Svirsky asserts that no political solution currently on offer can provide the cultural marrow necessary to effect a transformation of modes of being and ways of life in the State of Israel Controversially Svirsky argues that the Zionist political project cannot be fixed it is one that negatively affects the lives of its beneficiaries as well as of its victims Instead the book aims to generate a reflective attitude allowing Jewish Israelis to explore how they may divest themselves of Zionist identities by engaging with dissident rationalities practices and institutions Ultimately the production of military hardware and technology that helps Israel control the lives of Palestinians of separate policies laws and spaces for Jews and Palestinians are all linked with the production of Zionist subjectivities and modes of being Overcoming these modes of being is to after Israel
