Wheeler, 2005 Of all mankind's vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature Race, Work, and Family in the Lives of African Americans Marlese Durr, Shirley A. Hill, 2006-05-25 Family and work are major integrally related dimensions of social life which affect the well being and success of family members As social institutions family and work are also avenues where social inequality may be understood as a major element in the distribution of social cultural and

Ghosts of Atlanta Rhana Gittens Wheeler, 2024-09-25 The Black community of Atlanta a city once heralded as the Black Mecca of the South is currently under threat of dislocation by cultural gentrification Amid the city s urban renaissance residents face rising property values taxes and rents as well as the more insidious loss of a collective identity and belonging In Ghosts of Atlanta Cultural Gentrification of the Black Mecca author Rhana Gittens Wheeler examines the fading echoes of African American memory and historical narratives in Atlanta As encroaching investors and business owners enter historically Black areas many have sought to rebrand entire neighborhoods making those spaces more palatable to would be gentrifiers and less recognizable to former residents Exploring material sites of meaning including monuments museums art exhibitions and more Gittens Wheeler unearths tensions between the city s proud legacy as a hub of political and economic equality for Black Americans and the unsettling reality of cultural displacement Gittens Wheeler interrogates and critiques recent developments in the city including the Atlanta BeltLine craft breweries and attractions that romanticize the civil rights movement Drawing inspiration from literary giants like Ralph Ellison and Toni Morrison as well as contemporary voices like 2 Chainz and T I Gittens Wheeler weaves together elements of rhetorical criticism archival studies and interviews to confront pressing questions What happens when symbols of cultural memory and identity are uprooted How do residents grapple with the erasure of their narratives forced to feel unwelcome in their own neighborhoods In addressing these questions Gittens Wheeler uncovers the complex dynamics of shared spaces exposing both the pain of displacement and the possibility of redemption A reverberating call to action Ghosts of Atlanta Cultural Gentrification of the Black Mecca demonstrates that Black stories inscribed in space are necessary for bringing a moral reckoning to the heart of America s national identity

In Struggle Clayborne Carson, 1995-04-03 With its radical ideology and effective tactics the Student Nonviolent Coordinating Committee SNCC was the cutting edge of the civil rights movement during the 1960s This sympathetic yet evenhanded book records for the first time the complete story of SNCC s evolution of its successes and its difficulties in the ongoing struggle to end white oppression At its birth SNCC was composed of black college students who shared an ideology of moral radicalism This ideology with its emphasis on nonviolence challenged Southern segregation SNCC students were the earliest civil rights fighters of the Second Reconstruction They conducted sit ins at lunch counters

spearheaded the freedom rides and organized voter registration which shook white complacency and awakened black political consciousness In the process Clayborne Carson shows SNCC changed from a group that endorsed white middle class values to one that questioned the basic assumptions of liberal ideology and raised the fist for black power Indeed SNCC's radical and penetrating analysis of the American power structure reached beyond the black community to help spark wider social protests of the 1960s such as the anti Vietnam War movement Carson's history of SNCC goes behind the scene to determine why the group's ideological evolution was accompanied by bitter power struggles within the organization Using interviews transcripts of meetings unpublished position papers and recently released FBI documents he reveals how a radical group is subject to enormous often divisive pressures as it fights the difficult battle for social change **The Southern**

Albatross Philip D. Dillard, Randal L. Hall, 1999 Throughout their essays these emerging scholars contribute significantly to legal military cultural and women's history while demonstrating that race and ethnicity are woven into all aspects of the South's past **BOOK JACKET** A Tough Little Patch of History Jennifer W. Dickey, 2014-04-01 More than seventy five years after its publication *Gone with the Wind* remains thoroughly embedded in American culture Margaret Mitchell's novel and the film produced by David O Selznick have melded with the broader forces of southern history southern mythology and marketing to become and remain a cultural phenomenon *A Tough Little Patch of History* the phrase was coined by a journalist in 1996 to describe the Margaret Mitchell home after it was spared from destruction by fire explores how *Gone with the Wind* has remained an important component of public memory in Atlanta through an analysis of museums and historic sites that focus on this famous work of fiction Jennifer W Dickey explores how the book and film threw a spotlight on Atlanta which found itself simultaneously presented as an emblem of both the Old South and the New South Exhibitions produced by the Atlanta History Center related to *Gone with the Wind* are explored along with nearby Clayton County's claim to fame as the Home of *Gone with the Wind* a moniker bestowed on the county by Margaret Mitchell's estate in 1969 There's a recounting of the saga of the Dump the tiny apartment in midtown Atlanta where Margaret Mitchell wrote the book and how this place became a symbol for all that was right and all that was wrong with Mitchell's writing *Blackballed* Lawrence Ross, 2025-06-25 College is a word that means many things to many people a space for knowledge a place to gain lifelong friends and an opportunity to transcend one's socioeconomic station Today though this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning It should because campus racism on college campuses is as American as college football on Fall Saturdays From Lawrence Ross author of *The Divine Nine* and the leading expert on sororities and fraternities *Blackballed* is an explosive and controversial book that rips the veil off America's hidden secret America's colleges have fostered a racist environment that makes them a hostile space for African American students *Blackballed* exposes the white fraternity and sorority system with traditions of racist parties songs and assaults on

black students and the universities themselves who name campus buildings after racist men and women It also takes a deep dive into anti affirmative action policies and how they effectively segregate predominately white universities providing ample room for white privilege A bold mix of history and the current climate Blackballed is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students **Anti-Asian Racism and Public**

Health Aggie J. Yellow Horse, Anne Saw, Lan N. Doan, Gilbert C. Gee, 2024-02-20 Racist and xenophobic hate against Asian Americans in the midst of the COVID pandemic has been a significant threat to Asian Americans health stemming from a deeply rooted Yellow Peril ideology which racializes Asians as a threat to United States and Western culture including re imagining Asians as a diseased public health threat Studies have documented that Asian Americans who have experienced anti Asian racism during the pandemic report that they are more concerned about the racism than the pandemic itself and nearly one in five Asian Americans who experienced racism display racial trauma the psychological and emotional harm caused by racism **The Unemployed People's Movement** James J. Lorence, 2011-03-01 In Georgia during the Great

Depression jobless workers united with the urban poor sharecroppers and tenant farmers In a collective effort that cut across race and class boundaries they confronted an unresponsive political and social system and helped shape government policies James J Lorence adds significantly to our understanding of this movement which took place far from the northeastern and midwestern sites we commonly associate with Depression era labor struggles Drawing on extensive archival research including newly accessible records of the Communist Party of the United States Lorence details interactions between various institutional and grassroots players including organized labor the Communist Party the Socialist Party liberal activists and officials at every level of government He shows for example how the Communist Party played a more central role than previously understood in the organization of the unemployed and the advancement of labor and working class interests in Georgia Communists gained respect among the jobless especially African Americans for their willingness to challenge officials help negotiate the welfare bureaucracy and gain access to New Deal social programs Lorence enhances our understanding of the struggles of the poor and unemployed in a Depression era southern state At the same time we are reminded of their movement s lasting legacy the shift in popular consciousness that took place as Georgians influenced by a new sense of entitlement fostered by the unemployed organizations began to conceive of new more equal relations with the state This Georgia Rising Patrick Novotny, 2007 This Georgia Rising is a study of Georgia s political changes in the

decade of the Second World War and in the postwar years of the 1940s Georgia s political establishment underwent challenges in the 1940s in everything from Georgians defending the state s university system from attacks by Governor Eugene Talmadge to challenges by Georgia s larger cities and towns to the state s county unit system to the early postwar stirrings of the modern civil rights movement An array of progressive forces including Georgia s veterans of the Second World War college and university students newspaper editors and reporters in the state s larger circulating newspapers and

smaller town newspapers fought for change in some of the state's political institutions culminating in the 1942 election of Governor Ellis Arnall and in 1945 the changes to the state constitution This *Georgia Rising* is a detailed study of the gubernatorial races of the 1940s as they are interwoven with the larger political and social changes of wartime and then postwar Georgia This book draws not only from Georgia's larger circulation newspapers but also focuses on its smaller circulation newspapers and especially its African American newspapers including *The Atlanta Daily World* and *The Savannah Tribune* This *Georgia Rising* offers a detailed and rich narrative of a decade of far reaching change in twentieth century Georgia Publisher description
