# Racial Tensions And National Identity

**Louise M. Tomlinson**

## **Racial Tensions And National Identity:**

**Racial Tensions and National Identity** Ernest Q. Campbell, 1972 Conference report on racial conflict and race relations including case studies of some situations in the Caribbean the UK the USA Rhodesia Zimbabwe South Africa R and Malaysia examines the relationships between nationalism and racial identity and covers the political aspects and legal aspects of discrimination ethnic group stratification racial discrimination against Blacks etc References and statistical tables Conference held in Nashville 1970 November 4 to 6 *Racial Tensions and National Identity* Ernest Q. Campbell, 1972 Conference report on racial conflict and race relations including case studies of some situations in the Caribbean the UK the USA Rhodesia Zimbabwe South Africa R and Malaysia examines the relationships between nationalism and racial identity and covers the political aspects and legal aspects of discrimination ethnic group stratification racial discrimination against Blacks etc References and statistical tables Conference held in Nashville 1970 November 4 to 6 **The Politics of Ethnicity and National Identity** Santosh C. Saha, 2007 Textbook Russian Jews on Three Continents Noah Lewin-Epstein, Paul Ritterband, Yaacov Ro'i, 2013-10-31 In the past twenty years almost three quarters of a million Russian Jews have emigrated to the West Their presence in Israel Europe and North America and their absence from Russia have left an indelible imprint on these societies The emigrants themselves as well as those who stayed behind are in a struggle to establish their own identities and to achieve social and economic security In this volume an international assembly of experts historians sociologists demographers and politicians join forces in order to assess the nature and magnitude of the impact created by this emigration and to examine the fate of those Jews who left and those who remained Their wide ranging perspectives contribute to creating a variegated and complex picture of the recent Russian Jewish Emigration **Race, Class, and Political Symbols** Anita M. Waters, 2017-09-08 Dr Waters is one of a new breed of analysts for whom the interpenetration of politics culture and national development is key to a larger integration of social research Race Class and Political Symbols is a remarkably cogent examination of the uses of Rastafarian symbols and reggae music in Jamaican electoral campaigns The author describes and analyzes the way Jamaican politicians effectively employ improbable strategies for electoral success She includes interviews with reggae musicians Rastafarian leaders government and party officials and campaign managers Jamaican democracy and politics are fused to its culture hence campaign advertisements reggae songs party pamphlets and other documents are part of the larger picture of Caribbean life and letters This volume centers and comes to rest on the adoption of Rastafarian symbols in the context of Jamaica's democratic institutions which are characterized by vigorous campaigning electoral fraud and gang violence In recent national elections such violence claimed the lives of hundreds of people Significant issues are dealt with in this cultural setting race differentials among Whites Browns and Blacks the rise of anti Cubanism the Rastafarians response to the use of their symbols and the current status of Rastafarian ideological legitimacy Handbook of Ethnic Conflict Dan Landis, Rosita D. Albert, 2012-02-14 Although group conflict is hardly new the

last decade has seen a proliferation of conflicts engaging intrastate ethnic groups. It is estimated that two thirds of violent conflicts being fought each year in every part of the globe including North America are ethnic conflicts. Unlike traditional warfare, civilians comprise more than 80 percent of the casualties and the economic and psychological impact on survivors is often so devastating that some experts believe that ethnic conflict is the most destabilizing force in the post Cold War world. Although these conflicts also have political, economic and other causes, the purpose of this volume is to develop a psychological understanding of ethnic warfare. More specifically, *Handbook of Ethnopolitical Conflict* explores the function of ethnic, religious and national identities in intergroup conflict. In addition, it features recommendations for policy makers with the intention to reduce or ameliorate the occurrences and consequences of these conflicts worldwide. **Ethnicity,**

**Religion and Class in Israeli Society** Eliezer Ben-Rafael, Stephen Sharot, 1991-02-21. This book is the first major sociological analysis of the characteristics and interrelationships of ethnicity, religion and socio-economic class in Israeli society. Although much has been written about the various distinctions between Sephardi and Ashkenazi Jews, this volume argues for a more sophisticated approach than the rather crude divisions that have formed the basis of most works on the subject. The authors include categories largely overlooked in sociological studies on Israel, such as middle class Israelis from Asia and Africa and working class Israelis from Europe. The data acquired from this rich ethnic mix leads to the analysis of a wide range of theoretical issues that casts fresh light on social cleavages within Israel in particular and society in general.

**Teachers' Applications of Banks' Typology of Ethnic Identity Development and Curriculum Goals to Story Content and Classroom Discussion** Louise M. Tomlinson, 1996. *The Geographical Imagination of Annie Proulx* Alex Hunt, 2010-11-23. This highly readable edited collection focuses on the work of Pulitzer Prize winning author Annie Proulx. Each contributor to this volume explores a different facet of Proulx's striking attention to geography, place, landscape, regional environments and local economies in her writing. Covering all of her novels and short story collections, scholars from the United States, Canada and abroad engage in critical analyses of Proulx's new regionalism, use of geographical settings and themes of displacement and immigration. Taken together, these essays demonstrate Annie Proulx's contribution to new regionalist understandings of place on local, national and global scales. Readers will come away with a better understanding of Proulx's particular landscapes, particularly those of Wyoming, New England, Texas and Newfoundland, and the issues surrounding the significance of these regions in contemporary American culture and literature. Nationalism and Social Policy Daniel Béland, André Lecours, 2010-08-12. Despite the recent proliferation of literature on nationalism and on social policy, relatively little has been written to analyse the possible interaction between the two. Scholars interested in social citizenship have indirectly dealt with the interaction between national identity and social programs such as the British NHS, but they have seldom examined this connection in reference to nationalism. Specialists of nationalism rarely mention social policy, focusing instead on language, culture, ethnicity and religion. The main objective of this book is to explore the nature of

the connection between nationalism and social policy from a comparative and historical perspective At the theoretical level this analysis will shed new light on a more general issue the relationships between identity formation territorial politics and social policy Although this book refers to the experience of many different countries the main cases are three multinational states that is states featuring strong nationalist movements Canada Quebec the United Kingdom Scotland and Belgium Flanders The book looks at the interplay between nationalism and social policy at both the state and sub state levels through a detailed comparison between these three cases In its concluding chapter the book brings in cases of mono national states i e France Germany Sweden and the United States to provide broader comparative insight on the meshing of nationalism and social policy The original theoretical framework for this research is built using insight from selected scholarship on nationalism and on the welfare state

**A Nation Within a Nation** Komozi Woodard, 1999 Poet and playwright Amiri Baraka is best known as one of the African American writers who helped ignite the Black Arts Movement This book examines Baraka's cultural approach to Black Power politics and explores his role in the phenomenal spread of black

**Immigration to Israel** Elazer Leshem, 2017-09-04 This eighth volume in the Studies of Israeli Society series presents a broad array of topics related to the sociology of immigration to Israel The focus is on immigration and migration during the 1980s and 1990s The chapters were selected from a list of approximately 450 articles on the subject by Israeli sociologists The book covers such issues as migrants in the occupational structure migration and health formal and informal mechanisms of integration ethnic identities and processes of integration and processes of migration and their implications Immigration to Israel opens with two papers written specifically for this volume The first is a theoretical historical chapter by the editors They discuss the role and contribution of Israeli sociologists to the ongoing literature of migration The second by Sergio DellaPergola provides a historical and comparative perspective of the underlying demographic characteristics of migration to Israel in the context of global Jewish migration processes Other chapters and contributors include New Entrepreneurs and Entrepreneurial Aspirations among Immigrants from the Former USSR in Israel by M Lerner and Y Hendeles New Immigrants as a Special Group in the Israeli Armed Forces by V Azarya and B Kimmerling Iranian Ethnicity in Israel by J L Goldstein Ethiopian Immigrants in Israel by S Kaplan and C Rosen The Attitudes of Israeli Youth Toward Inter ethnic and Intra ethnic Marriage by R Shachar and Jewish Immigrants from Israel in the United States by Z Eisenbach Immigration to Israel Sociological Perspectives concludes with a selected bibliography This volume contains a wealth of information and will be important to sociologists historians scholars of Israeli culture and ethnicity specialists

*The Cosby Cohort* Cherise A. Harris, 2013-02-14 The Cosby Cohort examines the childhood experiences of second generation middle class Blacks who grew up in mostly White spaces during the 1980s and 1990s This probing book explores their journey to upward mobility including the discrimination they faced in White neighborhoods and schools the extraordinary pressures placed upon them to achieve the racial lessons imparted to them by their parents their tenuous relationships with Black children of other classes and the

impact that all of these experiences had on their adult racial identities At young ages this generation of middle class Blacks whom Harris coins as the Cosby Cohort was faced with racial displacement frustration and the ever present pressure to emerge victorious against the pull of downward mobility Even in adulthood they continue to negotiate the tensions between upward mobility and maintaining ties to the larger Black community and culture While these young Blacks may have grown up watching The Cosby Show as the book reveals their stories indicate a much more complex reality than portrayed by the show

**Slavery and Race Relations in the Americas** H. Hoetink, 1973

**Newspaper Coverage of Interethnic Conflict** Hemant Shah, Michael C. Thornton, 2003-10-16 Over the past three decades United States foreign policy new immigrant communities and increasing global economic interdependence have contributed to an increasingly complex political economy in America's major cities For instance recent immigration from Asia and Latin America has generated cultural anxiety and racial backlash among a number of ethnic communities in America Newspaper Coverage of Interethnic Conflict Competing Visions of America examines mainstream and ethnic minority news coverage of interethnic conflicts in Miami Washington D C and Los Angeles Authors Hemant Shah and Michael C Thornton investigate the role of news in racial formation the place of ethnic minority media in the public sphere and how these competing visions of America are part of ongoing social and political struggles to construct define and challenge the meanings of race and nation The authors suggest that mainstream newspapers reinforce dominant racial ideology while ethnic minority newspapers provide an important counter hegemonic view of U S race relations

**Concepts of National Identity** Peter Boerner, 1986

**Racism** Albert J. Wheeler, 2000 Of all mankind's vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature providing access by subject groupings as well as author and subject indexes Contents Racial Attitudes Racism and Poverty Hate Groups Racial Justice Racism and Politics Race Discrimination Racial Identity Racism Around the World

*Race, Nation, and Market* Richard Weiner, 2022-09-06 Prior to the Revolution of 1910 economic ideals were a dominant mode of political and social discourse in Mexico Scholars have focused considerable attention on the expansion of the market economy during this period particularly its political economic and social importance Richard Weiner now enhances our understanding of the emergence of modern Mexico by exploring the market's immense symbolic significance *Race Nation and Market* traces the intellectual strands of economic thought during the late Porfiriato Even in the face of Díaz's political reign the market became the dominant theme in national discourse as contemporaries of all political persuasions underscored its social and cultural effects This work documents the ways in which liberals radicals and conservatives employed market rhetoric to establish their political identities and map out their courses of action and it shows how the market became an emblem linked to the identity of each group Weiner explains how the dominant political interests the Científicos the Mexican Liberal Party and the social Catholics

each conceived economic issues and he compares how they rhetorically used their conceptions of the market to promote their political objectives Some worshiped it as a deity that created social peace political harmony and material abundance while others demonized it as a source of social destruction Weiner delineates their approaches and reveals how distinct notions of race gender community and nationality informed economic culture and contradicted a laissez faire conception of society and economy By focusing on these rhetorical contests *Race Nation and Market* offers a new perspective on social mobilization in late nineteenth century Mexico as it also explores the related field of Porfirian economic culture and thought about which little thus far has been written In the face of today s controversy over globalization it offers a unique historical perspective on the market s long standing significance to political activism      *Studies Israeli Ethnicity* Alex Weingrod,2022-11-12 First Published in 1985 Offering a surprisingly fresh look at Israeli society this authoritative book casts a new light on one of its most fascinating and important social features the relationship among Israeli ethnic groups It demonstrates how seemingly contradictory themes of cultural assimilation and heightened ethnicity are linked together and explores the ways in which immigrants have retained their cultural identities when confronted with socialization and stratification in their adopted country      **Racial Tensions and National Identity** Ernest Q. Campbell,1972
