films carefully and as a result directed only sixteen films in a period of more than forty years Those films however have become some of the landmarks of motion picture history Lean is best known for his epics but Phillips also focuses on Lean s successful adaptations of famous works of literature including retellings of plays such as Brief Encounter 1945 and novels such as Great Expectations 1946 Oliver Twist 1948 and A Passage to India 1984 From expansive studies of war and strife to some of literature s greatest high comedies and domestic dramas Lean imbued all of his films with his unique creative vision Few directors can match Lean s ability to combine narrative sweep and psychological detail and Phillips goes beyond Lean s epics to reveal this unifying characteristic in the director s body of work Beyond the Epic is a vital assessment of a great director s artistic process and his place in the film industry The Skin Map and The Bone House Stephen Lawhead,2015-01-13 Enjoy books one and two in Stephen Lawhead s Bright Empires series as an e book collection The Skin Map It is the ultimate quest for the ultimate treasure Chasing a map tattooed on human skin Across an omniverse of intersecting realities To unravel the future of the future The Bone House Kit Livingstone met his great grandfather Cosimo in a rainy alley in London where he discovered the truth about alternate realities Now he s on the run and on a quest trying to understand the impossible mission he inherited from Cosimo to restore a map that charts the hidden dimensions of the multiverse Survival depends on staying one step ahead of the savage Burley Men LEY OF THE FAERIE Lewis G.
