old age differ from that of someone who thinks that lives and or persons can be strongly discontinuous In a just society what constitutes a fair distribution of limited resources between the young and the old How if at all should recent developments in the theory of evolutionary senescence alter our thinking about what it means to grow old This is a groundbreaking book deep as well as broad and likely to alter the way in which we talk about one of the great social concerns of our time the growing numbers of those living to be old and the growing proportion of the old to the young **Fictions of the City** Matthew Taunton, 2009-09-29 Many studies of fictions of city life take the fl neur as the characteristic metropolitan type and streets and plazas as definitive urban spaces Looking at novels and films set in London and Paris from L Assommoir to Nil By Mouth this book shows that mass housing is equally central to images of the modern city *Strange Affinities* Grace Kyungwon Hong, Roderick A.
