since forgotten how to contort around Cantonese tones As the only Chinese girl at school she had to alternate between being the sidekick geek or Asian fetish depending on whose gaze was on her Now three decades after their restaurant first opened Phan s parents are cautiously talking about retirement As an adult Phan s good daughter role demands something new of her and a chance to get to know her parents away from the restaurant In Restaurant Kid Phan deftly combines candour wit and insight to craft a vibrant and important narrative on the strength and foibles of family and how we come to understand ourselves
