Reading The Corinthian Correspondence An Introduc:

Reading the Corinthian Correspondence Kevin Quast, 2003-04 Reading the Corinthian Correspondence is a clear and concise introduction to the two letters Paul wrote to Corinth a community plagued by internal divisions social and ethnic distinctions and diversity of congregations Kevin Quast begins this study with an overview of Paul's life influences and missionary career The author then moves to a vivid description of the city of Corinth and the church there He devotes the next twelve chapters to an in depth paragraph by paragraph treatment of 1 and 2 Corinthians Within these chapters Dr Quast deals with the wide variety of issues that Paul addressed including private and public relationships matters of worship resurrection and the nature of true Christian ministry In the two concluding chapters he offers invaluable insights into both the literary aspects and prevailing themes that characterize the letters of Paul Ever mindful of his modern readers the author bridges the first century and today with penetrating commentary provocative questions and substantive summary charts Kevin Quast is Academic Vice President of Taylor University College Edmonton Alberta Canada For twelve years he was professor of New Testament at Ontario Theological Seminary now Tyndale Seminary where he continues as an associate professor of New Testament He is author of *Peter and the Beloved Disciple Figures for a Community in Crisis* 1989 and *Reading the Gospel of John An Introduction* 1991 as well as numerous academic and popular articles

The Corinthian Correspondence Helen Doohan, 2016-08-18 The Corinthian correspondence and the community it reflects are exciting and exasperating interesting and complex The letters offer us a window of opportunity to view Paul's personal and pastoral presence in his growing relationship with this church Struggling with his own history the history of the community and the newness of the Gospel he preaches Paul identifies an approach that balances tradition and innovation theological foundations and principles of action The passion persuasion and purpose of the apostle permeate these letters and no one is unaware that the Lord Jesus is the center of his Gospel message and of his life Paul offers insight into the commitment of early apostles disciples and ministers in the Corinthian community He personally experiences the dying and rising of Christ in his work with this community giving a ring of truth to his own assessment of Christian life and ministry Only faith transforms adversity into an opportunity for growth and Paul's faith and perseverance offer hope to those of us who continue to experience the paradoxes of Christian life and ministry

The Corinthian Correspondence Frank W. Hughes, Robert Jewett, 2021-10-19 In *The Corinthian Correspondence* Frank W Hughes and Robert Jewett argue that there were eight original letters by the Apostle Paul to the church in Corinth In the first part of the book they use literary and redaction criticism to show the reasons for the partition theory of 1 and 2 Corinthians Analyzing each of the eight letters and letter fragments using rhetorical criticism they show how the original Corinthian letters were edited and reshaped into 1 and 2 Corinthians in the New Testament After reflections on the rhetoric of these letters and the historical meaning of the reshaping of the images of Paul a final chapter traces the consequences of the reshaping of the Corinthian correspondence and the adoption of the

bound book codex instead of the original papyrus scrolls Several figures help the reader understand the redactional process and a new translation of the eight reconstructed Corinthian letters is provided Now Is the Day of Salvation Timothy Milinovich, 2012-06-28 Is Second Corinthians one of Paul's most personal and passionate letters better understood as a text or a performance Using an audience oriented method Timothy Milinovich examines the letter as orally performed correspondence from the view of the authorial i.e. intended or ideal audience What results is an original structural analysis of 2 Corinthians 1:1-6:2 denoting twenty chiasmic units and three larger macrochiasmic arguments This arrangement is intended to show what the authorial audience heard offering a new way of understanding how Paul's letter would have been received not based on modern thematically determined paragraphs but on oral patterns consonant with the cultural context of the author and audience Milinovich offers insight on the audience response to the climactic exhortation to reconciliation with the apostle in 5:16-6:2 He determines that the structure of the unit is the key to its theological and rhetorical message which is just as much concerned with the community's relationship with Paul as with God That is if they are to fully receive the salvation that God intends for them the community must be reconciled with their apostle now at the hearing of this letter

2 Corinthians: An Introduction and Study Guide Jay Twomey, 2017-01-12 This guide considers the historical contexts the literary forms the social and rhetorical backgrounds the politics the theologies and the reception of 2 Corinthians Each chapter surveys recent scholarly approaches to the text focussing especially on critical perspectives that mesh with our contemporary concerns about gender identity race and class 2 Corinthians becomes in the process less the work of a single 1st century writer than a set of fraught even fractured negotiations between competing interests and impulses conducted in Paul's voice The last chapter brings the letter into conversation with Nathaniel Hawthorne's short story *The Minister's Black Veil* in order to shift the terms of the critical discussion from what Paul meant to how Paul means in later cultural moments Twomey introduces students to the way 2 Corinthians offers a fascinating but fragmentary glimpse into Paul's continuing ties with the Corinthian community At the same time Twomey shows how the letter is the site of many new critical challenges to traditional readings of Paul and early Christianity In contrast to 1 Corinthians this 2 Corinthians largely eschews the debates and discussions the interests and concerns of Paul's correspondents Instead we find Paul engaged in a multi pronged defence of his ministry in and beyond Corinth Over the course of thirteen chapters he runs the gamut of the emotions rhetorically from tears to joy to biting anger while struggling to keep his relationship with some say his control over the community intact

The Paul-Apollos Relationship and Paul's Stance toward Greco-Roman Rhetoric Corin Mihaila, 2009-06-25 Research into the social and rhetorical background of the Corinthian church shows that the Corinthians were evaluating their leaders based on their rhetorical prowess seeking to associate with those who would enhance their status and honour The coherence of Paul's argument in 1 Corinthians 1:4 is evaluated particularly by showing how Paul's discourse of the cross and Sophia relate to the issue of the dissensions in the Corinthian ekklesia Once demonstrated that there is a misunderstanding of wisdom amongst church leaders at the basis of the dissensions a redefinition of the wisdom offered in Corinthians is required In what could be considered the locus of Paul's theology of proclamation i.e. 1 Corinthians 2:1-5 he rejects any employment of worldly wisdom in his proclamation of the cross for theological reasons and will not allow himself or other leaders to be drawn into this game of personality cult and honour enhancement Such conclusions then raise the question of the role played by Apollos' name in Paul's argument against dissensions After a review of several possible views it is concluded based primarily on exegetical grounds and refusing to engage in hermeneutical speculations that Paul had a congenial relationship with Apollos If any distinction is drawn between the two it was solely the Corinthians' fault who viewed their preachers in competitive rather than complementary terms
