The Work of Life Writing G. Thomas Couser,2021-04-13 Life writing in its various forms does work that other forms of expression do not it bears on the world in a way distinct from imaginative genres like fiction drama and poetry it acts in and on history in significant ways Memoirs of illness and disability often seek to depathologize the conditions that they recount Memoirs of parents by their children extend or alter relations forged initially face to face in the home At a time when memoir and other forms of life writing are being produced and consumed in unprecedented numbers this book reminds readers that memoir is not mainly a literary genre or mere entertainment Similarly letters are not merely epiphenomena of our real lives Correspondence does not just serve to communicate it enacts and sustains human relationships Memoir matters and there s life in letters All life writing arises of our daily lives and has distinctive impacts on them and the culture in which we live

in some form whether through books television or other media suggests that this genre needs to be studied further and that the development of the heroines that girls read about have created an impact that is worthy of a fresh critical lens Thus this collection explores how series books have influenced and shaped popular American culture and in doing so girls everyday experiences from the mid nineteenth century until now The collection interrogates the cultural work that is performed through the series genre contemplating the messages these books relay about subjects including race class gender education family romance and friendship and it examines the trajectory of girl fiction within such contexts as material culture geopolitics socioeconomics and feminism **The Spectator** ,1896
