(Queteletfonds) Bibliothèque centrale (Fonds Quetelet), 2003 Teach Well, Live Well John Luckner, Suzanne Rudolph, 2018-01-16 Teaching is a highly rewarding and highly demanding profession Honoring educators for the invaluable work they do this unique resource provides critical information about being a highly competent teacher while living a rewarding satisfying life outside of work New and experienced teachers will find a unique collection of strategies for developing essential skills for being masterful in teaching and in life Focused on preparation and effective teaching techniques this nuts and bolts volume helps teachers find the right balance between personal and professional priorities and covers a wide range of topics such as Increasing their teaching effectiveness Improving their ability to collaborate with others Developing self care strategies for a vibrant personal and professional life Featuring bottom line tips reproducibles for teacher reflection and support and up to date resources Teach Well Live Well is an essential tool for educators looking to enjoy vibrant productive careers and lives Aspasia Krassimira Daskalova, 2008-09 *Aspasia* is an international peer reviewed yearbook that brings out the best scholarship in the field of interdisciplinary women's and gender history focused on and produced in Central Eastern and Southeastern Europe In this region the field of women's and gender history has developed unevenly and has remained only marginally represented in the international canon Comprehensive Handbook of Personality and Psychopathology, Personality and Everyday Functioning Jay C. Thomas, Daniel L. Segal, 2006-01-03 *Personality and Everyday Functioning* covers the foundations of personality theory and the impact of personality on normal functioning Leading personality researchers present chapters on major theories of personality such as psychoanalytic developmental behavioral and constructivist to name a few Handbook of Reading Disability Research Anne McGill-Franzen, Richard Allington, 2010-09-17 Bringing together a wide range of research on reading disabilities this comprehensive Handbook extends current discussion and thinking beyond a narrowly defined psychometric perspective Emphasizing that learning to read proficiently is a long term developmental process involving many interventions of various kinds all keyed to individual developmental needs it addresses traditional questions What is the nature or causes of reading

disabilities How are reading disabilities assessed How should reading disabilities be remediated To what extent is remediation possible but from multiple or alternative perspectives Taking incursions into the broader research literature represented by linguistic and anthropological paradigms as well as psychological and educational research the volume is on the front line in exploring the relation of reading disability to learning and language to poverty and prejudice and to instruction and schooling The editors and authors are distinguished scholars with extensive research experience and publication records and numerous honors and awards from professional organizations representing the range of disciplines in the field of reading disabilities Throughout their contributions are contextualized within the framework of educators struggling to develop concrete instructional practices that meet the learning needs of the lowest achieving readers

Twenty Tumultuous Years Ayub Syed, 2003 In two volumes the reliable work proves to be the contemporary chronicle of the major political events and political movements referred to as the history of modern Indian politics and the personalities enacting events and movements with top analysis and perspective to shape an insight to the most important years of Indian politics norms trends and political truths ranks an excellence

The Neuropsychology of Women Elaine Fletcher-Janzen, 2008-12-19 The Diversity in Clinical Neuropsychology series is designed to highlight cultural and moderator variables involved in the study of brain behavior relationships Historically the study of psychology and neuropsychology has focused on the male brain being the standard to which all or most variables are considered The study of sex differences is perhaps the most provoking and far reaching aspect of diversity because frequently women have unique assessment and treatment needs For example frontal lobe functioning tends to be more contextual for women than for men These brain functions have behavioral counterparts that directly relate to how interventions may be tailor made to suit the female rather than male patient The goal in neuropsychology is always to improve diagnosis and treatment outcomes and a cohesive summary of the neuropsychology of the female brain would raise awareness and cultural competency of clinicians in neuropsychology Authors will focus on sex differences in the neuropsychological cognitive and development literature ethnic and socioeconomic variables affecting diagnosis and treatment of women and social emotional and behavioral manifestations of neuropsychological sex differences

The Mixed Member Proportional System: Providing Greater Representation for Women? Tracy-Ann Johnson-Myers, 2016-11-16 This Brief discusses the adoption of the mixed member proportional MMP electoral system in New Zealand and its subsequent effect on representation for women Concerns about the homogeneity of the legislature under the Single Member Plurality electoral system and the need for increased representativeness and greater proportionality of party preference lead to the changeover in 1996 The book addresses the question of whether an increase in descriptive representation for women in New Zealand's House of Representatives has translated to policy outcomes that are beneficial to them It also examines the extent to which female MPs meet the expectation that they will act for members of their groups pushing minority and gender friendly legislation and policies into the political arena Finally it

raises questions about where women are found in New Zealand's decision making bodies and what influence they might have on policy outcomes The first book to examine the effects of the MMP system on female descriptive and substantive representation using a case study analysis this Brief adds to the literature on electoral systems and women's political representation This book will be of use to political science students at both the undergraduate and graduate level particularly those interested in electoral studies political institutions politics and gender and minority representation

Women and Work Culture Louise A. Jackson, 2017-05-15 Women's work has proved to be an important and lively subject of debate for historians An earlier focus on the pay conditions and occupational opportunities of predominantly blue collar working class women has now been joined by an interest in other social groups white collar workers clerical workers and professionals as well as in the cultural practices of the work place reflecting in part the recent cultural turn in historical methodology Although the term culture is debated and contested this volume reflects this diversity addressing a variety of interpretations The individual essays address such issues as how women have created occupational and professional identities negotiated masculine working practices cultural legal and institutional and created their own feminine environments They also examine the integration of paid work with domestic responsibilities the concept of career for women and the construction and representation of women's work within the wider cultural landscape By focusing on the experiences of British women between c 1850 and 1950 the collection vividly demonstrates that the association of work with paid labour is problematic and that the categories of work leisure and consumption must be viewed as overlapping and inter linked rather than as separate entities Furthermore it highlights the ways in which the concept of gender operated as an organising principle in the construction and negotiation of identities and practices in British society

Multi - Girl - Culture Linda Duits, 2008 In this highly readable book Linda Duits investigates girl culture in the Dutch multicultural society Her ethnographic account provides a thick description of life at school still the most prominent setting for today's youth She followed young girls of diverse ethnic backgrounds in their transition from primary to secondary school focusing on the ways they use the body clothing and media in their performance of identity Countering several media hype's including the internet generation the headscarf debate and the sexualisation of society Duits shows how contemporary girl culture is a mundane culture that is reflexively negotiated in an everyday setting

Approaches to Young Fathers Jane Reeves, 2008 With one of the highest teenage pregnancy rates in Europe young fatherhood as a site of economic and personal adversity has become a focus of concern in Britain during the late 1990s However despite this policy interest there is surprisingly little British empirical evidence to review One of the aims of the book is to draw together contemporary research evidence social theory and policy which may effect how practitioners students and academics conceptualise and work with young fathers Consequently each chapter illustrates the points it makes using discrete evidence from that particular field Moreover in order to make this process more user friendly each chapter provides a summary of this literature and evidence Finally in order to make the book come alive it draws on case studies which are drawn variously from two studies conducted by the editor *International Encyclopedia of Public Health*

William C Cockerham, 2016-10-06 *International Encyclopedia of Public Health* Second Edition Seven Volume Set is an authoritative and comprehensive guide to the major issues challenges methods and approaches of global public health Taking a multidisciplinary approach this new edition combines complementary scientific fields of inquiry linking biomedical research with the social and life sciences to address the three major themes of public health research disease health processes and disciplines This book helps readers solve real world problems in global and local health through a multidisciplinary and comprehensive approach Covering all dimensions of the field from the details of specific diseases to the organization of social insurance agencies the articles included cover the fundamental research areas of health promotion economics and epidemiology as well as specific diseases such as cancer cardiovascular diseases diabetes and reproductive health Additional articles on the history of public health global issues research priorities and health and human rights make this work an indispensable resource for students health researchers and practitioners alike Provides the most comprehensive high level internationally focused reference work available on public health Presents an invaluable resource for both researchers familiar with the field and non experts requiring easy to find relevant global information and a greater understanding of the

wider issues Contains interdisciplinary coverage across all aspects of public health Incorporates biomedical and health social science issues and perspectives Includes an international focus with contributions from global domain experts providing a complete picture of public health issues

Sex and Gender Hilary M. Lips, 2020-04-10 Are sex and gender really two different things How malleable is gender identity Do both gender and sex have to be conceptualized as binaries as having two distinct but complementary categories Should we emphasize gender differences or is that the wrong question When should we call a gender difference small Are women really nonaggressive or does that label stem from stereotyping How does subtle or modern sexism work on its targets Scholarship on these and other gender related questions has exploded in recent years Hilary Lips synthesizes that research for students in an accessible and readable way Concepts on sex and gender are presented with the social context in which they were developed As in previous editions Lips takes a multicultural approach discussing the gender experiences of people from a wide range of races cultures socioeconomic statuses and gender and sexual identities She emphasizes empirical research but takes a critical approach to that research

Forthcoming Books Rose Arny, 2002 *Learning Culture through Sports* Sandra Spickard Prettyman, Brian Lampman, 2010-09-16 In today's culture sports wield a weight influence this influence however is rarely examined Similar to the first edition this second edition of *Learning Culture Through Sports* provides coaches educators parents and others dealing with students and athletes with an engaging and critical context for probing the sociological basis of this influence The book's sections each address a particular issue in sport youth and sport gender and sexuality race and ethnicity sport media and big business and international perspectives on sport and participation Leading experts in the field present new and exciting avenues for exploring sport in our world allowing us to recognize its tremendous influence both positive and negative in our lives and in our world This new edition also includes cutting edge research examining contemporary issues and controversies surrounding sport today These issues analyzed from multiple perspectives will inspire readers to change the game in positive ways

Domestic Violence in Diverse Contexts Sarah Wendt, Lana Zannettino, 2014-09-15

Overwhelmingly it is women who are the victims of domestic violence and this book puts women's experiences of domestic violence at its centre whilst acknowledging their many diverse and complex identities Concentrating on the various forms of domestic abuse and its occurrence and manifestations within different contexts it argues that gender is centrally implicated in the unique factors that shape violence across all these areas Individual chapters outline the experiences of Mothers Older women Women with religious affiliations Refugee women Rural women Aboriginal women Women in same sex relationships Women with intellectual disabilities Exploring how domestic violence across varying contexts impacts on different women's experiences and understandings of abuse this innovative work draws on post structural feminist theory and how these ideas view and potentially allow gendered explanations of domestic violence *Domestic Violence in Diverse Contexts* is suitable for academics and researchers interested in issues around violence and gender
