Readings in Contemporary Poetry Vincent Katz, 2017-01-01 Culled from Dia Art Foundation's Readings in Contemporary Poetry series this anthology includes ninety four poets who have participated in the reading series from 2010 to 2016 Edited by poet and author Vincent Katz the book stresses the experimental aspects of contemporary poetic practice highlighting commonalities among poets and placing their diverse voices in conversation with one another The Leonard L. Milberg Collection of American Poetry Princeton University. Library. Department of Rare Books and Special Collections, Molly Weigel, Leonard L. Milberg, 1994 Princeton NJ 08544 Library Publications Dept of Rare Books 1 Washington Rd A catalogue of the Milberg collection of contemporary American poetry at the Firestone Library Princeton U It covers 70 poets and over 1 800 items as of the end of July 1993 Most of the poets were first published commercially after the end of WWII others were included because of their connection to Princeton or because they were too important to be excluded An introduction about two pages and small photograph introduce each poet Really much more thrilling than it sounds a pellucid companion to the contemporaries and beautifully produced as well Available from Princeton University Libraries Annotation c by Book News Inc Portland Or Poetry's Afterlife Kevin Stein, 2011-02-16 Poetry lives on in the digital age *John Ashbery and American Poetry* David Herd, 2024-07-30 David Herd sets out to provide readers with a new critical language through which they can appreciate the beauty and complexity of Ashbery's writing Presenting the poet in all his forms avant garde nostalgic sublime and camp the book argues that the perpetual inventiveness of Ashbery's work has always been underpinned by the poet's desire to write the poem fit to cope with its occasion Tracing Ashbery's development in the light of this idea and from its origins in the dazzling artistic environment of 1950's New York the book evaluates his poetry against the aesthetic literary and historical backgrounds that have informed it The story of a brilliant career and a history of the period in which that career has taken shape *John Ashbery and American Poetry* provides a compelling account of Ashbery's importance to Twentieth Century Literature **John Ashbery - Pierre Martory**, 1993 **Experimentalism as Reciprocal**

Communication in Contemporary American Poetry Elina Siltanen, 2016-10-06 The poems of John Ashbery Lyn Hejinian and Ron Silliman may seem to offer endless small details of expression observation thought and narrative which fail to hang together even from one line to the next But as Elina Siltanen shows here this extraordinary flow of uncoordinated detail can stimulate readers to join the poets in a delightful exploration of ordinary language When readers take a poem in this spirit they actually begin to read as members of a community the community not only of themselves and other readers but also including the poet and other poets plus all the speakers of the language in which the poem is written For all these different parties that language is indeed a shared resource and the way for readers to get started is simply by recalling or imagining some of the numerous kinds of context in which the given poem's words phrases sentences could or could not be successfully used The rewards for such proactive readers are on the one hand a heightened sense of the subtle interweavings of language

and life and on the other hand a freshly empowered self confidence The point being that within the community of contemporary experimental poetry poets have no more authority than readers Rejecting older cultural hierarchies they present themselves as teasing out the idiomatic serendipities of their own poems together with their readers *The First Book* Jesse Zuba, 2025-07-15 An illuminating look at the poetic debut in twentieth century American literary culture We have many poets of the First Book the poet and critic Louis Simpson remarked in 1957 describing a sense that the debut poetry collection not only launched the contemporary poetic career but also had come to define it Surveying American poetry over the past hundred years *The First Book* explores the emergence of the poetic debut as a unique literary production with its own tradition conventions and dynamic role in the literary market Through new readings of poets ranging from Wallace Stevens and Marianne Moore to John Ashbery and Louise Glück Jesse Zuba illuminates the importance of the first book in twentieth century American literary culture which involved complex struggles for legitimacy on the part of poets critics and publishers alike Zuba investigates poets diverse responses to the question of how to launch a career in an increasingly professionalized literary scene that threatened the authenticity of the poetic calling He shows how modernist debuts evoke markedly idiosyncratic paths while postwar first books evoke trajectories that balance professional imperatives with traditional literary ideals Debut titles ranging from Simpson's *The Arrivistes* to Ken Chen's *Juvenilia* stress the strikingly pervasive theme of beginning accommodating a new demand for career development even as it distances the poets from that demand Combining literary analysis with cultural history *The First Book* will interest scholars and students of twentieth century literature as well as readers and writers of poetry

The Poetry Circuit Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters *The Poetry Circuit* tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote *Ask Your Mama* to expose the prejudice circulating in the room as he spoke it *The Poetry Circuit* also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic *Poets Theatre* Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading *The Poetry Circuit* demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do *Voegelinian Readings of Modern*

Literature Charles R. Embry, 2011-05-16 These essays supply a theoretical grounding for the reading of novels poems and plays and reveal how the Voegelinian perspective exposes the existential and philosophical dimensions of the literary works themselves As a unit this collection of essays shows how modern pieces of literature can symbolize their creators participation in the human search for the truth of existence just as myths philosophical works and religious texts always have Voegelin s primary concern as a philosopher was to expose the roots of the disturbances of the modern era religious conflict imperialism war so that the sources of order leading to meaning are revealed The openness of Voegelinian thought and the many ways he considered the levels of reality generate intriguing themes for literary criticism Spaces of Feeling Marta Figlerowicz, 2017-12-15 Can other people notice our affects more easily than we do In Spaces of Feeling Marta Figlerowicz examines modernist novels and poems that treat this possibility as electrifying but also deeply disturbing Their characters and lyric speakers are undone Figlerowicz posits by the realization that they depend on others to solve their inward affective conundrums and that to these other people their feelings often do not seem mysterious at all Spaces of Feeling features close readings of works by Virginia Woolf James Baldwin John Ashbery Ralph Ellison Marcel Proust F Scott Fitzgerald Sylvia Plath and Wallace Stevens Figlerowicz points out that these poets and novelists often place their protagonists in domestic spaces such as bedrooms living rooms and basements in which their cognitive dependence on other characters inhabiting these spaces becomes clear Figlerowicz highlights the diversity of aesthetic and sociopolitical contexts in which these affective dependencies become central to these authors representations of selfhood By setting these novels and poems in conversation with the work of contemporary theorists she illuminates pressing and unanswered questions about subjectivity *Genders, Races, and Religious Cultures in Modern American Poetry, 1908-1934* Rachel Blau DuPlessis, 2001-01-11 In *Genders Races and Religious Cultures in Modern American Poetries* Rachel Blau Duplessis shows how through poetic language modernist writers represented the debates and ideologies concerning New Woman New Negro and New Jew in the early twentieth century From the poetic text emerge such social issues of modernity as debates on suffrage sexuality manhood and African American and Jewish subjectivities By a reading method she calls social philology a form of close reading inflected with the approaches of cultural studies Duplessis engages with the work of such canonical poets as Wallace Stevens Ezra Pound T S Eliot William Carlos Williams Gertrude Stein Marianne Moore and H D as well as Mina Loy Countee Cullen Alfred Kreyenborg and Langston Hughes writers she claims still marginalized by existing constructions of modernism This book is an ambitious attempt to remap our understanding of modern poetries and poetics and the relationship between early twentieth century writing and society **Words on Cassette** , 1997 **The Matter of Capital** Christopher Nealon, 2011-04 Christopher Nealon s reexamination of North America s poetry in English from Ezra Pound and W H Auden to younger poets of the present day argues persuasively that the central literary project of the past century was to explore the relationship between poetry and capitalism its impact on individuals communities and cultures **Dark Airs** Brendan Cooper, 2009 In discussions

of American poetry since World War II the work of John Berryman has become increasingly neglected and marginalized Critics have overwhelmingly chosen to favour the notion that he is an academic establishment poet whose career can comfortably be described as a move from New Critical traditionalism towards self absorbed confessionalism This study shows how such a narrow understanding of Berryman s work is reflective of a broader critical inclination towards a codification of the literary canon as a duel between competing factions of a formalist establishment mainstream and an experimentalist countercultural avant garde By examining the extent to which Berryman s poetry engages with the complex religiopolitical climate of Cold War American culture this study exposes the inadequacy of the paradigm of mainstream traditionalism in relation to his work In doing so it opens up threads of comparative possibility between his work and that of poets ordinarily segregated from him by divisive conceptions of the literary canon As such this volume provides a reconsideration of Berryman s work that simultaneously asks broader questions about the nature of the American poetic canon and established definitions of postmodern poetry

Since When Bill Berkson, 2018-11-06 Bill Berkson was a poet art critic and joyful participant in the best of postwar and bohemian American culture *Since When* gathers the ephemera of a life well lived a collage of bold face names parties exhibitions and literary history from a man who could write of Truman Capote s Black and White ball which I attended as my mother s escort I have little recollection and reminisce about imagining himself as a character from Tolstoy while tripping on acid at Woodstock Gentle witty and eternally generous this is Bill and a particular moment in American history at its best

All Poets Welcome Daniel Kane, 2003-03-26 Together with its accompanying CD this text captures the excitement of the vibrant irreverent poetry scene of New York s Lower East Side in the 1960s The text draws from personal interviews with many of the participants from unpublished letters and from rare sound recordings

Questions of Possibility: Contemporary Poetry and Poetic Form David Caplan, 2006-09-26 *Questions of Possibility* examines the particular forms that contemporary American poets favor and those they neglect The poets choices reveal both their ambitions and their limitations the new possibilities they discover and the traditions they find unimaginable By means of close attention to the sestina ghazal love sonnet ballad and heroic couplet this study advances a new understanding of contemporary American poetry Rather than pitting closed verse against open and traditional poetry against experimental *Questions of Possibility* explores how poets associated with different movements inspire and inform each other s work Discussing a range of authors from Charles Bernstein Derek Walcott and Marilyn Hacker to Agha Shahid Ali David Caplan treats these poets as contemporaries who share the language not as partisans assigned to rival camps The most interesting contemporary poetry crosses the boundaries that literary criticism draws synthesizing diverse influences and establishing surprising affinities In a series of lively readings Caplan charts the diverse characteristics and accomplishments of modern poetry from the gay and lesbian love sonnet to the currently popular sestina

John Ashbery and Anglo-American Exchange Oli Hazzard, 2018 This book shows how Ashbery s poetry has been centrally concerned with questions of national

identity and intercultural poetic exchange Through detailed close readings of his poetry original interviews and extensive archival research a new account of Ashbery s aesthetic and a significant re mapping of post war English poetry is presented

My Silver Planet Daniel Tiffany,2014 Reveals the hidden origins of kitsch in poetry from the eighteenth century Taking its title from John Keats My Silver Planet contends that the problem of elite poetry s relation to popular culture bears the indelible mark of its turbulent incorporation of vernacular poetry a legacy shaped by nostalgia contempt and fraudulence Daniel Tiffany reactivates and fundamentally redefines the concept of kitsch freeing it from modernist misapprehension and ridicule by tracing its origin to poetry s alienation from the emergent category of literature Tiffany excavates the forgotten history of poetry s relation to kitsch beginning with the exuberant revival of archaic and often spurious ballads in Britain in the early eighteenth century In these controversial events of poetic imposture Tiffany identifies a submerged pact in opposition to the bourgeois values of literature between elite and vernacular poetries Tiffany argues that the ballad revival the earliest explicit formation of what we now call popular culture sparked a perilous but seemingly irresistible flirtation among elite audiences with poetic forgery that endures today in the ambiguity of the kitsch artifact Is it real or fake art or kitsch He goes on to trace the genealogy of kitsch in texts ranging from nursery rhymes and poetic melodrama to the lyric commodities of Baudelaire He scrutinizes the fascist paradise inscribed in Ezra Pound s Cantos as well as the avant garde poetry of the New York School and its debt to pop and plastic art By exposing and elaborating the historical poetics of kitsch My Silver Planet transforms our sense of kitsch as a category of material culture

Poetry in a Global Age Jahan Ramazani,2020-10-29 Ideas culture and capital flow across national borders with unprecedented speed but we tend not to think of poems as taking part in globalization Jahan Ramazani shows that poetry has much to contribute to understanding literature in an extra national frame Indeed the globality of poetry he argues stands to energize the transnational turn in the humanities Poetry in a Global Age builds on Ramazani s award winning A Transnational Poetics a book that had a catalytic effect on literary studies Ramazani broadens his lens to discuss modern and contemporary poems not only in relation to world literature war and questions of orientalism but also in light of current debates over ecocriticism translation studies tourism and cultural geography He offers brilliant readings of postcolonial poets like Agha Shahid Ali Lorna Goodison and Daljit Nagra as well as canonical modernists such as W B Yeats Wallace Stevens T S Eliot and Marianne Moore Ramazani shows that even when poetry seems locally rooted its long memory of forms and words its connections across centuries continents and languages make it a powerful imaginative resource for a global age This book makes a strong case for poetry in the future development of world literature and global studies
