sown in the doctrines of Western Christianity It then provides brief sketches of current theological works that touch upon similar deconstructive themes Thus the work aims to flesh out Nancy s deconstruction for the non theologian tying his complex scans of Christian thought to early patristics and also aims to help theologians unfamiliar with deconstruction or with Nancy s work recognize the value of the deconstructive method for unpacking Christian doctrine and practice This book will be of interest to philosophers of religion hermeneutics and post Frankfurt School critical theory and theologians interested in current French philosophy of religion *The Oxford Companion to Christian Thought* Adrian Hastings,Alistair Mason,Hugh S.
