#### **Mental Toughness: The Game Changer** Coach Bob Krizancic with Cathy Lombardo, 2022-04-06

What This Book Can Do for You To rise to the level of elite you must be willing to do what it takes for as long as it takes to be the best It takes focus determination effort and commitment It takes mental toughness The term elite may seem somewhat overused in this book but it is the most powerful word in our program regarding the program itself and student athletes Early in my career I was motivated to go out and seek and learn what made other people and programs successful I attended clinics sponsored by many different organizations and groups I have

extracted the best winning elements from these programs and have tested their approaches through trial and error to determine if something was successful. If it was, I included these elements in our program and philosophy. By incorporating these concepts, our program became better. The key to coaching success is to take little bits and pieces from other successful coaches and insert them into your own philosophy and program. I am certain you will be able to use this book to make your program more elite. It worked for me; it will work for you. In a similar manner, businesspeople will find many of the concepts and approaches in this book apply to the business world. In my career, I have had the opportunity to speak to large organizations such as pharmaceutical companies and nonprofits. Attendees expressed their appreciation for my concepts and some incorporated many of these approaches in their workplace problem solving. In fact, the characteristics and qualities needed to move up in a company are not much different from those required of an assistant coach striving to become head coach. Mental toughness is a prerequisite to success in life. **Beyond a Shadow of a Diet** Judith Matz, Ellen

Frankel, 2014-04-03 **Beyond a Shadow of a Diet** is the most comprehensive book available for professionals working with clients who struggle with Binge Eating Disorder, Compulsive Eating, or Emotional Overeating. The authors present research revealing that food restrictions in the pursuit of weight loss actually trigger and sustain overeating. Next, they offer step-by-step guidelines to help clients end the diet mentality and learn an internally based approach known as attuned eating. Divided into three sections: The Problem, The Treatment, and The Solution, this engaging book contains chapters filled with compelling case examples, visualizations, and other exercises so that therapists can deepen their knowledge and skills as they help clients gain freedom from preoccupation with food and weight. In addition to addressing the symptoms, dynamics, and treatment of eating problems, **Beyond a Shadow of a Diet** presents a holistic framework that goes well beyond the clinical setting. This invaluable resource includes topics such as the clinician's own attitudes toward dieting and weight, cultural, ethical, and social justice issues, the neuroscience of mindfulness, weight stigma, and promoting wellness for children of all sizes. Drawing from the Health At Every Size paradigm and the wealth of research examining the relationship between dieting, weight, and health, **Beyond a Shadow of a Diet** offers both therapists and their clients a positive, evidence-based model to making peace with food, their bodies, and themselves. **The Young Champion's Mind** Jim Afremow, 2018-03-13

Award-winning coach and sports psychologist Jim Afremow has helped everyone from Olympians to professional athletes train their mind, body, and spirit. Now, in this new young adult edition of his highly praised **The Champion's Mind**, Dr. Afremow is helping student athletes do and feel their best. Whether you are striving to balance your school and sports accomplishments or just get that extra edge in your sport, his sage advice will be a much-needed guide in helping you navigate the field, rink, or court. New additions to **The Young Champion's Mind** include such topics as: Tips on how to get in a zone, thrive on a team, and stay humble; How to progress within a sport and sustain excellence long-term; Customizable pre-performance routines to hit full power when the gun goes off or the puck is dropped. **Administration of Intercollegiate Athletics** Robert Zullo, Erianne
