Brands, 2012-12-04 From the early years of fur trading to today's Silicon Valley empires America has proved to be an extraordinarily fertile land for the creation of enormous fortunes Each generation has produced one or two phenomenally successful leaders often in new industries that caught contemporaries by surprise and each of these new fortunes reconfirmed the power of fanatically single minded visionaries John Jacob Astor and Cornelius Vanderbilt were the first American moguls John D Rockefeller Andrew Carnegie and J P Morgan were kingpins of the Gilded Age David Sarnoff Walt Disney Ray Kroc and Sam Walton were masters of mass culture Today Oprah Winfrey Andy Grove and Bill Gates are giants of the Information Age America has again and again been the land of dizzying mountains of wealth Here in a wittily told and deeply insightful history is a complete set of portraits of America's greatest generators of wealth Only such a collective study allows us to appreciate what makes the great entrepreneurs really tick As H W Brands shows these men and women are driven they are focused they deeply identify with the businesses they create and they possess the charisma necessary to persuade other talented people to join them They do it partly for the money but mostly for the thrill of creation The stories told here including how Nike got its start as a business school project for Phil Knight how Robert Woodruff almost refused to take control of Coca Cola to spite his father how Thomas Watson saved himself from prison by rescuing Dayton Ohio from a flood how Jay Gould nearly cornered the gold market how H L Hunt went from gambling at cards to gambling with oil leases make for a narrative that is always lively and revealing and often astonishing An observer in 1850 studying John Jacob Astor would not have predicted the rise of Henry Ford and the auto industry Nor would a student of Ford in 1950 have anticipated the takeoff of direct marketing that made Mary Kay Ash a trusted guide for millions of American women Full of surprising insights written with H W Brands's trademark flair the stories in *Masters of Enterprise* are must reading for all students of American business history *New York Magazine*, 1986-09-15 *New York Magazine* was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back

to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Red Teaming** Bryce G. Hoffman, 2017-05-16 Red Teaming is a revolutionary new way to make critical and contrarian thinking part of the planning process of any organization allowing companies to stress test their strategies flush out hidden threats and missed opportunities and avoid being sandbagged by competitors Today most if not all established corporations live with the gnawing fear that there is another Uber out there just waiting to disrupt their industry Red Teaming is the cure for this anxiety The term was coined by the U S Army which has developed the most comprehensive and effective approach to Red Teaming in the world today in response to the debacles of its recent wars in Iraq and Afghanistan However the roots of Red Teaming run very deep to the Roman Catholic Church s Office of the Devil s Advocate to the Kriegsspiel of the Prussian General Staff and to the secretive AMAN organization Israel s Directorate of Military Intelligence In this book author Bryce Hoffman shows business how to use the same techniques to better plan for the uncertainties of today s rapidly changing economy Red Teaming is both a set of analytical tools and a mindset It is designed to overcome the mental blind spots and cognitive biases that all of us fall victim to when we try to address complex problems The same heuristics that allow us to successfully navigate life and business also cause us to miss or ignore important information It is a simple and provable fact that we do not know what we do not know The good news is that through Red Teaming we can find out In this book Hoffman shows how the most innovative and disruptive companies such as Google and Toyota already employ some of these techniques organically He also shows how many high profile business failures including those that sparked the Great Recession could easily have been averted by using these approaches Most importantly he teaches leaders how to make Red Teaming part of their own planning process laying the foundation for a movement that will change the way America does business
