to make money but we don't see them. But most importantly Sabatier highlights that while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to retire at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick; it's a practical roadmap to living life on one's own terms as soon as possible.
