**Laboratory Manual of Human Anatomy and Physiology II** Dr. Remeth J. Dias, Dr. Kuldeep U. Bansod, Dr. Kailas Mali, Mr. Taufik M. Kazi, 2024-02-16. We are very happy to put forth Laboratory Manual of Human Anatomy Physiology II. We have made this manual student friendly and relevant in terms of achieving curriculum outcome. Now we believe that the manual has been fulfilling the aspirations of teachers and students too. This manual is prepared as per PCI Education Regulations 2014 for degree course in pharmacy. The methods of all the experiments are reviewed and added from the recent research papers so that the advancement in the methods or apparatus can be addressed. This manual is designed for Outcome Based Education and each experiment is arranged in a uniform way such as practical significance, practical outcomes, PrOs, and its mapping with course outcomes, minimum theoretical background, resources used, procedure, precautions, observations, result, conclusion, references, and related questions. Moreover, assessment scheme is also given to help the student and teacher to know what to be assessed. This manual contains all the practicals suggested and given in the syllabus. In addition, we have divided each experiment into various parts that make the students' understanding easier. Moreover, it will also help the students to find out the resource material required and what they should use. In each experiment, the questions are given as Questions Identified that are incorporated for both teacher and students to learn more about the practicals. We have also included the references for learning more if needed by the teacher or student. The manual also focuses on the student's skill and learning; hence, each experiment is having activity for the students. In addition, if the teacher feels that he should assign some more activity or other than included in the experiment, he can. We acknowledge the help and co-operation extended by various persons in bringing out this manual. We are highly indebted to the authors of various books and articles mentioned in references or further reading material, which became a major source of information for writing this manual. We also thank the publishers, designers, and printers who graciously worked hard to publish this.
