Regionalism And Rivalry Japan And The U S In Pacific Asia:

Regionalism and Rivalry Jeffrey A. Frankel, Miles Kahler, 2007-12-01 As Japan's newfound economic power leads to increased political power there is concern that Japan may be turning East Asia into a regional economic bloc to rival the U S and Europe In Regionalism and Rivalry leading economists and political scientists address this concern by looking at three central questions Is Japan forming a trading bloc in Pacific Asia Does Japan use foreign direct investment in Southeast Asia to achieve national goals Does Japan possess the leadership qualities necessary for a nation assuming greater political responsibility in international affairs The authors contend that although intraregional trade in East Asia is growing rapidly a trade bloc is not necessarily forming They show that the trade increase can be explained entirely by factors independent of discriminatory trading arrangements such as the rapid growth of East Asian economies Other chapters look in detail at cases of Japanese direct investment in Southeast Asia and find little evidence of attempts by Japan to use the power of its multinational corporations for political purposes A third group of papers attempt to gauge Japan's leadership characteristics They focus on Japan's technology ideology its contributions to international public goods international monetary cooperation and economic liberalization in East Asia

Regionalism and Rivalry Jeffrey A. Frankel, 1995 **Hegemony and the US-Japan Alliance** Misato Matsuoka, 2018-06-14 It is widely recognised that the increasing importance of the US Japan alliance is strongly linked to emerging threats in the Asia Pacific with China's rise and the ambitions of North Korea having brought the two allies closer together This book however seeks to question whether these factors are indeed the sole determinants of this enduring alliance A pioneering study conducted through the lens of neo Gramscianism this book unravels the intricate political dynamism involved in the US Japan alliance It provides an innovative attempt to link the concept of alliances to hegemony and thus examines Japan's relationship to US dominance in the region Building on existing scholarship it also seeks to examine how Japan's continuing dependence on the US and the burden it places on citizens living near US military bases may affect the durability of the alliance in the post Cold War era As such this book presents an alternative theoretical tool in the field of international relations to analyse the political nature of the alliance as well as US hegemony in the region This book will be useful to students and scholars of Japanese Politics and foreign policymaking as well as International Relations and Security Studies more generally

Japanese Foreign Policy in Asia and the Pacific A. Miyashita, Y. Sato, 2001-11-16 Japanese Foreign Policy in Asia and the Pacific aims to provide a broadened framework for examining Japan's foreign policy making by looking at conversion and diversion of interests among Japanese and American policy actors These include governmental and non governmental as well as domestic and transnational actors Utilizing this theoretical framework the contributors examine the role of U S pressure and its interaction with Japan's domestic and Japan based transnational actors interests through geographically or thematically focused case studies from Asia and the Pacific regions

Asian Economic and Political Issues Frank H. Columbus, 1998 It is predicted by some observers that the 21st

century will be remembered as the Asian Century Many of the countries in the region seem to be able to take the economic and trade baton when one of the others experiences problems the region in general continues to grow economically politically and militarily The articles presented in this book examine the current political and economic situations in nations across Asia particularly focusing on economic developments Contents Preface Why Does China Succeed in Attracting and Utilising Foreign Direct Investment Democracy Movement at the Crossroads Protracted Democratisation and De mobilisation in Hong Kong China s Opening to the Outside World with Facing Economic Globalisation China s Telecommunications Reforms From Monopoly towards Competition World Bank Lending Issues Raised by China s Qinghai Resettlement Project Explaining the Soft Open Regionalism in East Asia Governance Security and the Environmental Policy in South Asia A Paradox of Change and Continuity Carbon Emissions Control Trade Liberalisation and Electricity Market Imperfection Coordinated Approaches to Taiwan s Trade and Tax Policy ASEAN Haz
